#### PRIVATE TRACK

A Private Track is a track outside of carrier's right of way, yard and terminals, and of which the carrier does not own either rails, ties, roadbed or right of way; or a track or portion of a track owned or operated by a carrier, and assigned to the purpose of its user through a written lease or written agreement, in which case the written lease or written agreement will be considered as equivalent to ownership. When the same private track or portion thereof is used jointly by two or more parties, it will be considered the private track of each such joint user; provided, that when such track is covered by a lease or written agreement with a carrier, the written consent to such joint use has first been obtained from carrier.

Item No. 1120:

#### CLASSIFICATIONS

##### Consolidated Freight Classification

The term "Consolidated Freight Classification" as used herein means Consolidated Freight Classification No. 13, Agent A. H. Greenly's I. C. C.-O. C. No. 57, Agent E. H. Dulaney's I. C. C. Item No. 1125:

#### REFRIGERATOR AND INSULATED CARS

##### REFRIGERATOR CARS

- (A) **Brine-Tank Refrigerators.**—An insulated car equipped with brine-tanks and usually without ventilating devices. Designed primarily for the combined use of crushed ice and salt. Used principally for meats and packing house products.
- (B) **Refrigerator.**—An insulated car equipped with ice bunkers and with means for ventilation. Designed primarily for use of chunk ice.
- (C) **Mechanical Refrigerator.**—A car equipped with insulation, with or without means of ventilation and provided with apparatus or other device for furnishing protection against heat and/or cold. Apparatus operated by power generated inside car (not through car axle), or by power derived through car axle.
- (D) **Stock Refrigerator.**—A combination poultry and refrigerator car, one end to accommodate live poultry and the other end suitable for dressed poultry, butter, eggs, etc., requiring refrigeration.
- (E) **Dry Ice Refrigerator.**—A heavily insulated car, without ventilation, and with cross partitions forming compartments provided with doors either in the partitions or car sides. For transportation of dry ice (Solid Carbon Dioxide).

##### INSULATED AND VENTILATED BOX CARS

- (F) **Fruit-Vegetable Ventilated Box.**—Similar in design to general service box car, but with either end and/or side ventilators, and with or without double sliding side doors. When equipped with double doors, one door is solid and the other screened.
- (G) **Fruit-Vegetable Insulated Ventilator.**—A car equipped with insulation and hinged swinging side doors, and means of ventilation. Not equipped for refrigeration, although sometimes provided with shallow boxes under hatches (or ventilating openings) to protect lading, but not to contain ice. Sometimes called "Produce Car."
- (H) **Fruit-Vegetable Ventilator.**—Similar in design to ventilated box car except that it is partially insulated.
- (I) **Insulated Box.**—Similar in design to general service box car, but either wholly or partially insulated. Not equipped either with ventilating devices or for refrigeration.
- (J) Nothing in the preceding paragraphs shall be construed as establishing either the liability or non-liability of carriers for any loss or damage to freight transported in such cars.

## APPLICATION

### Item No. 1170:

#### GENERAL APPLICATION OF TARIFF

- (A) The charges, rules and regulations in this tariff, will apply either locally or proportionally as provided below:

(1) On shipments having both point of origin and destination within the United States including such shipments when passing through the Dominion of Canada or the Republic of Mexico.

(2) On shipments originating at points in the United States and destined to points in the Dominion of Canada or the Republic of Mexico or for export to other countries, except as provided on pages 373, 379 and 407.

(3) On shipments originating at points in the Dominion of Canada, as shown herein, to points in the United States.

(4) On shipments originating at, and destined to points in the Dominion of Canada as shown herein. See Items Nos. 12918 to 12928, inclusive, pages 362 and 363.

(5) On shipments originating at points in the Dominion of Canada, or in the Republic of Mexico or imported from other foreign countries (except as provided in paragraph B), but only from the first point in the United States (through which the shipment passes) to points in the United States, or for export, provided, however, that where stated charges for refrigeration or other special

services (from points in the Dominion of Canada or the Republic of Mexico to points in the United States) are contained in the tariffs published by originating roads in the Dominion of Canada or the Republic of Mexico, such stated charges will apply.

- (B) Except as to charges for refrigeration (see Section 2), for ice or salt, or both, supplied by carriers (see Section 4), or for protective service, if any, against cold (see Section 5), this tariff, will not take precedence over the terminal charges, rules and regulations applying on import traffic at ports of entry into the United States by water, as provided in carriers' tariffs applicable at such ports and lawfully on file with the Interstate Commerce Commission.

- (C) Carriers are not obligated to furnish any special or protective service which is not specifically authorized by this tariff.

- (D) Where stations named in tariff are located on more than one railroad, the charges, rules and regulations named in this tariff, apply from or to such station via all of the railroads on which such station is located, except where the name of the railroad is specifically provided in individual rules or items.

Departure from the terms of Rule 4(d), Interstate Commerce Commission Tariff Circular No. 20, is authorized by special permission of the Interstate Commerce Commission No. 130556 of October 26, 1933.

\*Neither an increase nor reduction in charges.

## APPLICATION

### Item No. 1175:

#### APPLICATION OF CHARGES AT INTERMEDIATE POINTS

From any point of origin from which a charge to a given destination is not named in this tariff, which point is intermediate to a point from which a charge is published in this tariff, apply from such intermediate point to such destination the charge published in this tariff from the next point beyond in the direction of origin from which a charge is published herein to the same destination.

To any point of destination at which a charge is not named in this tariff, which point is intermediate to a point at which a charge is published in this tariff apply to such intermediate point from such point of origin the charge published in this tariff to the next point beyond at which a charge is published herein.

#### EXCEPTIONS:

1. Will not apply from any point in Canada intermediate from any point beyond in the United States.
2. Charges from or to points in California on the San Diego & Arizona Eastern Railway Company applicable on traffic moving through Mexico in connection with Tijuana and Tecate Railway Company will not apply from or to points on the Tijuana and Tecate Railway Company.

(Departure from the provisions of Rule 27, Interstate Commerce Commission Tariff Circular No. 20, is authorized under special permission of the Interstate Commerce Commission, No. 130556 of October 26, 1933.)

### Item No. 1180:

#### APPLICATION OF TERM "ALL OTHER POINTS"

Where reference is made to this item in connection with stated charges the term "All other Points" includes all points of origin or destination, as the case may be, on the rails of carriers parties to this tariff (other than such points as are specifically named in the individual items) which are located in the States or Provinces (or in the parts of States or Provinces) covered by the items in which the term appears, except that points intermediate to any specifically named point of origin or destination in the State or Province (or in the part of State or Province) covered by the items in which the term appears, via direct route, shall not be included in the term "All other Points" but are to be considered as intermediate points under the application shown in Item No. 1175.

Any route from a point of origin or to a point of destination, as the case may be, (which point takes a lower stated charge) which passes through a point taking a higher stated charge will not be considered as a direct route.

### Item No. 1182:

#### PREPAY REQUIREMENTS, STATION NAMES AND STATION CHANGES, ETC.

This tariff is governed by Official List of Open and Prepay Stations No. 55, I. C. C. No. A-20, A. P. Leland, Agent, as to prepay requirements, changes in names of stations, additions and abandonment of stations, billing instructions from or to points not on railroads, restrictions as to non-acceptance or non-delivery of freight and changes in station facilities, except as otherwise shown in tariff.

### Item No. 1183:

#### REFERENCE TO ITEMS, NOTES, PAGES, RULES, SECTIONS, ETC.

Reference herein, or in supplements hereto, to items, notes, pages, rules, sections, etc., in this or other publications, includes reference to reissues of such items, notes, pages, rules, sections, etc., in supplements to and reissues of such publications.

Reference herein, or in supplements hereto, to other publications includes reference to supplements thereto or successive reissues thereof.

- ①—Charges expire with January 31, 1941, unless sooner cancelled, changed or extended. After date of expiration, apply charges shown under reference character "②."
- ②—Charges shown not applicable during the period of effectiveness of charges shown under reference character "①."

### Item No. 1190:

#### FOURTH SECTION DEPARTURES

This tariff contains rates that are higher for shorter distances than for longer distances over the same route. Such departure from the terms of the amended Fourth Section of the Act to regulate commerce is permitted by authority of Interstate Commerce Commission Fourth Section Order No. 7595 of February 17, 1920.

(Departure from the terms of Rule 28 (a), Tariff Circular No. 20, is authorized under permission of the Interstate Commerce Commission, No. 154301 of July 3, 1936.)

Item No. 1200 appears on page 149.

**SECTION No. 1**

---

**GENERAL RULES AND REGULATIONS**

GOVERNING THE TRANSPORTATION

OF

**PERISHABLE FREIGHT, CARLOADS**

ALSO

**LESS THAN CARLOADS, EXCEPT AS NOTED**

---

The provisions of this Section will govern all other Sections of this Tariff in the absence of specific provisions to the contrary in other Sections.

## GENERAL RULES AND REGULATIONS

## Rule No. 25:

**CHARGES FOR PROTECTIVE SERVICES NOT INCLUDED IN FREIGHT RATE**

(A) The provisions of this tariff will apply on shipments of perishable freight transported under the different classes of protective service as provided herein, viz.: Icing, Refrigeration, Ventilation or Protective Service Against Cold, and will govern regardless of ownership of cars.

(B) Charges published herein for protective service will be in addition to and independent of all freight rates (see note), charges for car service, demurrage, diversion, reconsignment, storage, switching, or other privileges, charges or rules, which in any way increase or decrease the value of the service to the shippers, as published in carriers' tariffs lawfully on file with the Interstate Commerce Commission and/or State Railroad Commissions.

**Note.**—Except as specifically provided to the contrary in the following tariffs, supplements thereto and successive reissues:

Southern Freight Tariff Bureau Freight Tariff No. 232-A, F. D. Miller's I. C. C. No. 1828, Item 295 thereof;

Southwestern Lines Tariff No. 170-D, J. R. Peel's I. C. C. No. 3272, Item 695 thereof;

Western Trunk Lines Freight Tariff No. 277-S, L. E. Kipp's I. C. C. No. A-3184.

## Rule No. 30:

**NON APPLICATION FOR ACCOUNT OF BOAT LINES**

(A) The charges shown herein for protective service, apply in connection with boat lines only when the facilities of the latter permit transportation of car and contents intact, in continuous through movement.

(B) If unloading of contents is necessary to permit handling by boat line, the charges for protective services are applicable only to the rail movement, up to the point of delivery to boat line; and where such shipments are re-delivered by boat line to rail carrier, there will also be assessed the protective service charge applicable from such point of re-delivery to final destination.

When carload shipments of perishable freight are to be handled by boat lines, for re-delivery to rail carrier, shipper must specify in billing instructions and bill of lading, the protective service to be accorded shipment by such rail carrier, which instructions shall be in accordance with services as authorized by this tariff. (See Rule 80.)

(C) Cars loaded with perishable freight which are held awaiting acceptance by boat lines, will be subject to additional charges for such protective service as may be supplied, as follows:

- (1) For ice or salt, or both, as provided in Section No. 4.
- (2) For protective service against cold, as provided in Rules Nos. 516, 519 or 530, Section No. 5, as may be applicable.

## Rule No. 35:

**ORDERING CARS**

(A) Orders for cars must be filed with reasonable advance notice by shippers with the originating carrier's Agent and must be given in writing (or if given orally or by telephone must be confirmed in writing by the shipper within seventy-two hours) and must specify the type of car (refrigerator, ventilator, box, etc.), and character of carrier's service desired. (See Rules Nos. 36, 80 and 87.)

(B) Orders will not be accepted for the placement of cars at any specified hour.

(C) Carriers not owning or operating ventilator cars <sup>^</sup>or refrigerator cars equipped with underslung heaters do not obligate themselves to supply such equipment.

<sup>^</sup>Neither an increase nor reduction in charges.

## Rule No. 36:

**REFRIGERATOR CARS, FURNISHING OF  
Section A**

(A) Carriers reserve the right to furnish—

1. through their own ownership, or
  2. by arrangement with non-shipper private car lines (including those of railroad control), or
  3. by arrangement through the Association of American Railroads, with shipper-owned car lines or shipper car-owners,
- and will furnish refrigerator cars required for the transportation of commodities shown in Item No. 1130 offered for shipment and which require protective service.

(B) Shippers, other than those whose cars are furnished under sub-paragraph 3 of paragraph A, must arrange for their refrigerator car supply through the carrier or carriers serving them.

(C) Carriers will not accept in interchange empty refrigerator cars intended for loading on their lines, except as provided in paragraphs A and B.

(D) 1. Cars of non-shipper private car lines, including those of railroad control, will not be furnished by carriers for loading on their lines unless such private car lines certify under oath to carriers that no gift, gratuity, or part of the earnings from mileage payments, or otherwise, will be paid directly or indirectly to shippers, their agents or employees.

2. Cars of shipper-owned car lines or of shipper car-owners, will not be furnished by carriers for loading on their lines unless such car lines or car owners certify under oath to carriers that no gift, gratuity, or part of the earnings from mileage payments, or otherwise, will be paid directly or indirectly to any other shipper, its agent or employees.

3. The requirements of paragraphs D-1 and D-2 of this rule will be considered as having been complied with when certification is made by such car lines or car-owners and filed with the Car Service Division of the Association of American Railroads, they in turn to notify carriers of the filing of such certification.

4. Carriers not being in position to furnish suitable equipment required for shipments of Fresh Meat and Packing House Products, as defined in Items Nos. 1130 and 1135, nothing in paragraphs A, B, C or D shall prevent the Association of American Railroads from arranging with car lines for the leasing of cars to shippers for the handling of their Fresh Meat and Packing House Products, and nothing in paragraph D shall prevent the car lines from paying to such shippers any part of the mileage allowance for the purpose of reimbursing such shippers for the actual car rental and other actual expenses in connection therewith.

(E) Advertisements of shippers or products are prohibited on refrigerator cars newly constructed or repainted after the effective date of this rule.

(F) No refrigerator cars bearing advertisements of any shipper, consignee or product, will be accepted in interchange or handled locally on any railroad.

(G) Nothing in these rules shall be construed to prevent any carrier or carriers from loading, or permitting to be loaded, refrigerator cars with clean freight which will in nowise render cars unfit for transporting perishable products or commodities shown in Item No. 1130, requiring protective service, for movement to or in the direction of the owner or in reasonably direct home route when such handling is in the interest of economy in operation and elimination of empty mileage.

(H) The provisions of this "Section A" will not be applicable on lines of carriers named in Section B of this rule in Western Territory as defined in Section B, paragraph C.

(Rule No. 36 concluded on following page)

## GENERAL RULES AND REGULATIONS

**Rule No. 36—Concluded:****REFRIGERATOR CARS, FURNISHING OF—Concluded  
Section B**

The Atchison, Topeka & Santa Fe Railway Company  
California Western Railroad & Navigation Company

Southern Pacific Company (Pacific Lines)  
Stockton Terminal and Eastern Railroad  
Tidewater Southern Railway Company  
Union Pacific Railroad Company  
Visalia Electric Railroad Company  
Western Pacific Railroad Company

- (A) Except as otherwise provided in paragraph B the above named carriers will not furnish for loading, nor will they accept in interchange, at any junction point, refrigerator cars of private ownership (not including cars of carrier ownership or control) when such cars are for use at or are destined to points in western territory described in paragraph C on or via rails of such carriers.
- (B) Refrigerator cars of private ownership will be accepted when such cars are loaded with perishable freight, as shown in Item No. 1130, or freight requiring protection of refrigerator cars on account of climatic conditions, when handled under the different classes of protective service as provided herein, viz.: Icing, Refrigeration, Ventilation or Protective Service Against Cold.  
(1) Refrigerator cars of private ownership equipped with brine tanks will also be accepted empty or loaded with freight other than as provided in paragraph B above, when ordered for loading requiring brine tank refrigeration (Fresh Meat, Dressed Poultry and Packing House Products, in straight or mixed carloads. The term "packing house products" as used is as defined in Item No. 1135).  
(2) When contrary to the provisions of this rule refrigerator cars of private ownership are loaded with freight other than as provided in paragraph B and sub-paragraph 1 such cars will be transferred at El Paso, Texas; Albuquerque or Belen, New Mexico; Ogden, Provo or Salt Lake City, Utah; Pocatello, Idaho; Chemult or Portland, Oregon; Bieber, California, or prior to arrival at such points.
- (C) The western territory referred to herein is that territory west of El Paso, Texas; Albuquerque or Belen, New Mexico; west of a line following that part of the Union Pacific Railroad Company, Ogden, Utah, to Nephi, Utah, via Salt Lake City and Provo, Utah, or north or west of Pocatello, Idaho, or south of Portland, Oregon.

**Rule No. 37:****PREPAYMENT OF CHARGES**

- <sup>4</sup>In all cases where freight tariffs or classifications applicable require the prepayment of freight charges, the stated charges under the provisions of this issue must also be prepaid by shipper; and the charges for ice, or ice and salt supplied under Section No. 4 must be guaranteed by shipper, and in the latter event shipper shall also execute such indemnity bond as may be required by initial carrier.

**Rule No. 40:****CHARGE FOR USE OF REFRIGERATOR OR FULLY INSULATED CARS**

Except as published in Rules Nos. 228, 265, 270, and in Section No. 8 of this tariff, the charges for the use of refrigerator or fully insulated cars (see Item No. 1125) will be as provided in carriers' tariffs applicable lawfully on file with the Interstate Commerce Commission and/or State Railroad Commissions.

<sup>4</sup>Neither an increase nor reduction in charges.

**Rule No. 45:****RESTRICTIONS AGAINST IMPROPER PREPARATION, LOADING, ETC.**

- (A) It shall be the duty of shippers or owners to properly prepare their goods for shipment, including packing, wrapping, loading, stowing and bracing; also to furnish and install false floors or racks (except as shown in Rule No. 50), when needed to permit of safe transportation of the goods.
- (B) This rule will not apply to the loading and stowing of L. C. L. shipments when such services are performed by carriers.

**Rule No. 50:****TRANSPORTATION OF TEMPORARY FALSE FLOORS, RACKING, LINING, BLOCKING, STRIPS OR BRACING, DUNNAGE OR SUPPORTS, CAR CURTAINS—DOORWAY AND/OR DIVIDING**

- (A) Carriers' charges do not include temporary false floors, decking, racking, lining, blocking, strips or braces, dunnage or supports; nor the labor and expense of loading and stowing. <sup>4</sup>Such temporary materials when used (see Rule No. 45) must be furnished and installed by shipper and at his expense, except as otherwise provided in Rule No. 51.
- (B) No charge will be made for transporting temporary false floors, floor racks (when used as such), or racks which constitute an integral part of a refrigerator car and which are used along the sides or in front of the bunkers of refrigerator cars. See paragraph D.  
No charge will be made for transporting racks, strips or braces, furnished by shipper, when used with straight carload shipments of perishable freight in packages, moving under the several classes of protective service provided in tariff.  
No allowance will be made covering the weight of strips, braces, frames, or racks, other than as provided for in first paragraph hereof and Rule No. 52, furnished by shippers, with shipments of perishable traffic moving in bulk, or in mixed shipments consisting of bulk and package freight, including so called "piece freight." The weight of such material shall be charged for at the rate applicable to the freight shipped.  
<sup>4</sup>The weight of material furnished by shipper used in constructing decking either on shipments of bulk or package freight or on mixed shipments consisting of bulk and package freight, will be charged for at the rate applicable to the freight shipped.

- (C) Portable car curtains (doorway and/or dividing) the property of carriers, no charge will be made for their transportation with loaded movement or for their return.  
Portable car curtains (doorway and/or dividing) the property of shippers, no charge will be made for their transportation with loaded movement. Same will be returned free only when the curtains remain installed in the original car.  
When removed from the original car charges will be assessed on the return movement on basis of one-half of the fourth class rate, subject to tariff regulation and classification governing. Waybill covering return movement must give reference to the car number, date and waybill with which such curtains were used, the return movement to be via the same lines as participated in the handling of car.

- (D) Allowance for transportation of false floors, floor racks or car bottoms, materials for bulkheading, slats for car doors and braces with tropical fruits and/or cocoanuts:  
(1) Freight charges will not be assessed on the weight of false floors, floor racks or car bottoms, material used in bulkheading of cars, slats used for slatting car doors, or braces, when cars are loaded with tropical fruits and/or cocoanuts.

(Rule No. 50 concluded on following page)

## GENERAL RULES AND REGULATIONS

## Rule No. 50—Concluded:

**TRANSPORTATION OF TEMPORARY FALSE FLOORS, RACKING, LINING, BLOCKING, STRIPS OR BRACING, DUNNAGE OR SUPPORTS, CAR CURTAINS—DOORWAY AND/OR DIVIDING—Concluded**

## (D)—Concluded:

(2) The weight of the materials specified in paragraph 1 when weighed with empty car before loading will be included in tare weight of car.

(3) When bulkheading is placed in car after empty has been weighed, an allowance of actual weight, or, in the absence of actual weight, an estimated weight of 180 pounds per car will be made.

(4) When door slats are placed in car after empty has been weighed, an allowance of actual weight, or, in the absence of actual weight, an estimated weight of 25 pounds per car will be made.

(5) When braces are placed in car after empty has been weighed, an allowance of actual weight, or, in the absence of actual weight, an estimated weight of 150 pounds per car will be made.

(6) In waybilling tropical fruits and/or cocoanuts when bulkheads, slats and braces are placed in car after empty has been weighed, the weight or weights shown in paragraphs 3, 4 and 5 above will be added to and included in the track scale tare rate weight of the car, such track scale tare weight also including the weight of the false floors, and the total tare weight thus ascertained to be shown in one amount on the waybill.

(E) This rule will not apply to loading and stowing of L. C. L. shipments when such services are performed by carriers.

## Rule No. 51:

**EGG RACKS WITH SHIPMENTS OF DAIRY FREIGHT, FURNISHING OF**

Furnishing of egg racks and movable slats with carloads and less than carload shipments of butter, eggs, cheese and dressed poultry in refrigerator cars when moving under Official Classification between points in the Central Freight Association Territory, Illinois Freight Association Territory, New England Freight Association Territory, Trunk Line Freight Association Territory, and to points in Canadian Freight Association Territory as described in Agent B. T. Jones' Territorial Directory No. 3-G, I. C. C. No. 3319, supplements thereto and successive reissues thereof.

(A) Egg Racks, viz.: Movable slats to be placed on the floor of refrigerator cars will be furnished by the carriers shown in paragraphs C and D, without charge, when required to properly stow, brace and protect the loading of butter, eggs, cheese and dressed poultry in refrigerator cars. No allowance, however, will be made to shipper or owner of egg racks or substitutes which they may provide, neither will such carriers furnish materials nor make any allowance for the building of bulkheads or partitions in cars loaded with dairy freight.

(B) When egg racks, which have been furnished by carrier, are returned to original shipping point no freight charges will be assessed for their transportation.

The return movement must be via the same carriers as participated in the loaded movement in connection with which the racks were utilized and billing must give reference to waybill covering loaded movement.

(C) Applies in connection with the following carriers; also as provided in paragraph D:

## Rule No. 55:

**PROTECTION BY HAY, PAPER, STRAW, EXCELSIOR, SHAVINGS, ETC.**

- (A) When paper, hay, straw, excelsior, shavings or other similar materials are used by shipper for buffing or for protection of perishable freight against heat or cold, such materials must be furnished by the shipper and at his expense. (See Rule 500.)
- (B) The charges for, or allowance in, weight of the materials specified in paragraph A will be as provided in carriers' tariffs applicable, lawfully on file with the Interstate Commerce Commission and/or State Railroad Commission.

**EXCEPTIONS**

- When hay, paper and/or straw is used for protection on shipments of bananas, loose, or mixed with cocoanuts; also other tropical fruits, in carloads, the actual weight of the hay, paper and straw, but not exceeding 400 pounds per car, will be transported free, subject to a minimum weight applicable as per classification or tariff governing, lawfully on file with the Interstate Commerce Commission and/or State Railroad Commissions.
- On shipments of Eggs and/or Cheese, carloads, transported under Shippers' Protective Service Against Cold a maximum of 1,500 pounds of hay, straw, or excelsior furnished by shipper and at his expense, when used as protection against cold, will be transported without charge.

## Rule No. 60:

**PRESERVATIVES PLACED IN PACKAGES OR IN BODY OF CAR**

- (A) The charges for, or allowances in, weight of ice or other preservatives, placed in the same package with the freight or in body of car, will be as provided in carriers' tariffs applicable, lawfully on file with the Interstate Commerce Commission and/or State Railroad Commissions. See Rules Nos. 241, 242, 243, 248 and 261.
- (B) Carriers will not ice or reice individual packages of freight.

## Rule No. 65:

**SCHEDULE NOT GUARANTEED BY CARRIERS**

No carrier is bound to transport the property by any particular train or vessel or in time for any particular market or otherwise than with reasonable despatch.  
Agents are not authorized to sign any bill of lading containing a guarantee to deliver goods at any specified time.

## GENERAL RULES AND REGULATIONS

## Rule No. 70:

**SIDE-DOOR VENTILATION**

- (A) Instructions calling for side-door ventilation of refrigerator cars or other cars equipped with hinged doors will not be accepted.
- (B) Carriers will not give or permit side-door ventilation of such cars while in motion.
- (C) Except when shipments are moving under refrigeration, it shall be permissible for shipper, owner or consignee or their representative, including caretaker in actual charge of car, if they so elect, to give side-door ventilation to such cars, but only while they are standing on track at division terminal, stop, hold or reconsigning point, or at destination. In such cases it will be considered that the car is in charge of such person performing the side-door ventilation, and it shall be his duty to see that the car doors are completely open or completely shut, as the case may be, and safely and securely fastened so as to avoid possible accident or damage to the car or other property or persons.

## Rule No. 75:

**CHANGE IN SERVICE**

- (A) Changes in character of service will be made only upon receipt of reasonable advance written instructions of shipper, owner or consignee, subject to the following:

**Refrigeration to Heater Service:**

- (B) Carload shipments moving with ice in bunkers, tanks or body of car, or in packages with freight, when change in character of service is desired, will be handled only as follows:
- (1) Upon receipt of reasonable advance notice, in writing, specifying the point at which change in service is desired, carriers will substitute Heater Service (see Item 1162) for refrigeration at such point or at first point where heaters are available (but only at points within the Heater Territory specifically covered by charges in Section No. 5 and during the cold weather period specified in Rule No. 500), on basis of published charge for refrigeration service applicable to point where change in service is made, except that on shipments transported with ice in the body of car (other than in the package with the freight), the charges published in Rules Nos. 242 or 243, as they may respectively apply from point of origin to final destination will be assessed.
- In addition to charge referred to above the charge for Heater Service, as published in Section No. 5, will be assessed on basis of charge applicable from the point at which Heater Service is supplied to destination, or nearest point to destination.
- (2) Heater Service will not be substituted for refrigeration on shipments loaded in refrigerator cars which are not equipped with ventilating devices or so constructed as to not permit installation of heaters in bunkers or tanks.
- (3) When Heater Service is substituted for refrigeration carriers will remove ice from bunkers or tanks of car, for which service an additional charge of four dollars (\$4.00) per car will be made and will accrue to the carrier performing the service. Carriers will not remove ice from top of load in body of car.
- (4) When cars under refrigeration have arrived at destination prior to receipt of instructions, or will arrive at destination before change in service can be accomplished, the ice will be removed at destination and the above charge will be assessed, plus charges as provided in Rule No. 530 computed from time of placement of heater in car.
- (5) When car is held at the point where change in service is made charges as provided in paragraph A, Rule 530, will apply without allowance for free time.
- (6) The provisions and charges of paragraph B and subparagraphs 1 to 5, inclusive, will not apply in Canada. When shipments have been forwarded under refrigeration, with ice in bunkers, no instructions will be accepted during the period October 15th to the following April 15th, inclusive, for change to Heater Service while in transit in Canada.

On shipments originating at points in the United States, transported under refrigeration, with ice in bunkers, destined to points within the Dominion of Canada located on the Canadian Pacific Railway or Canadian National Railways on which shipper instructs heater service supplied in Canada, ice will be removed from bunkers of the car prior to delivery to Canadian lines, covering which a charge of eight dollars and twenty-five (\$8.25) per car will be assessed against the shipment and accrue to the carrier performing the service.

**Refrigeration to Carriers' Protective Service Against Cold:**

- (C) On shipments originating outside of the Heater Territory transported under refrigeration service, Carriers' Protective Service Against Cold may be substituted at point of entry into Heater Territory as provided in Rule No. 515. Carriers will remove ice from bunkers or tanks of car, for which service an additional charge of four dollars (\$4.00) per car will be made and will accrue to the carrier performing the service. Carriers will not remove ice from top of load in body of car.

**Furnishing heaters to top iced shipments of vegetables:**

- (D) On shipments of vegetables transported with ice on top of the load in the body of car carriers will furnish heaters at intermediate stop, hold or reconsigning point and at destination, as provided in Rule No. 526. Will not apply on shipments moving under Carriers Protective Service Against Cold or Heater Service.

**Refrigeration to Shippers Protective Service Against Cold — Rule 514:**

- (E) See Rule No. 514 for provisions to govern change from refrigeration service to Rule No. 514 service.

**Refrigeration to Ventilation:**

- (F) On shipments transported under the services covered by Rules 240 or 247 carriers, upon reasonable advance notice in writing, will substitute ventilation service, as authorized in Rule No. 85, at intermediate stop, hold, reconsigning point or destination on basis of the through refrigeration charge from point of inauguration of refrigeration service to final destination of the shipment. Carriers will remove ice from the bunkers or tanks of car only on instructions for which service an additional charge of four dollars (\$4.00) per car will be made and will accrue to the carrier performing the service. Carriers will not remove ice from top of load in body of car.

**Instructions must read:**

"Remove ice from bunkers at..... and substitute Ventilation Service..... (Specify one of ventilation instructions authorized in Rule No. 85)."

For regulations governing the furnishing of ventilation in conjunction with refrigeration service, see paragraph G of Rule No. 240 and paragraph G of Rule No. 247.

Provisions of this paragraph will not apply on shipments of Bananas, Cocoanuts or Pineapples nor on Tomatoes, for which see Rules Nos. 105 and 232 respectively.

**Protective Service Against Cold to Refrigeration:**

- (G) Shipments transported under Shippers' Protective Service Against Cold (see Rule No. 510), Carriers' Protective Service Against Cold (see Rule No. 515), or under Heater Service (see Item No. 1162), may thereafter be placed under refrigeration. The charges, if any, for each separate class of service will be on the basis of the charges for such services respectively to and from the point where change is made. Agents must enter on waybill one of the following notations, in accordance with the class of refrigeration service selected, as provided in Rules Nos. 201, 240 or 405:

"Placed under Standard Refrigeration at..... by..... Railroad.

Make bills for ice supplied in transit against..... Railroad."

"Placed under Rule 240 Service at..... by..... Railroad."

"Car iced with..... pounds of ice at..... by..... Railroad, as per Section No. 4."

The provisions of this paragraph G will not apply at points within the Dominion of Canada.

(Rule No. 75 concluded on following page.)

▲Neither an increase nor reduction in charges.

▲Reduction.

## GENERAL RULES AND REGULATIONS

**Rule No. 75—Concluded:****CHANGE IN SERVICE—Concluded****Shippers' Protective Service Against Cold to Carriers' Protective Service Against Cold:**

- (H) <sup>▲</sup>On shipments originating outside of the Heater Territory transported under Shippers' Protective Service Against Cold, Carriers' Protective Service Against Cold may be substituted at point of entry into Heater Territory as provided in Rule No. 515.

**Ventilation to Refrigeration:**

- (I) Shipments forwarded in refrigerator cars without ice will be placed under refrigeration in transit. Instructions must read—"Place under refrigeration at first available regular icing station", or, "Place under refrigeration at....."

(Specify regular icing station.)

Agent must enter on waybill one of the following notations, in accordance with the class of refrigeration service selected:

"Placed under Standard Refrigeration at..... by..... Railroad.

Make bills for ice supplied in transit against..... Railroad."

"Placed under Rule 240 Service at..... by..... Railroad."

"Car iced with..... pounds of ice at..... by..... Railroad, as per Section No. 4."

If the instructions are received too late to comply with at point specified, change in service will be made at first regular icing station available.

**Refrigeration Service:**

- (J) When a shipment is tendered for transportation under one class of refrigeration service, carrier will substitute another class of refrigeration service requiring a lesser number of icings, provided instructions are received in sufficient time by carrier having possession of the car to accomplish the change prior to car being furnished icing service contemplated by the original instructions.

**Ventilation—Carriers' Protective Service Against Cold:**

- (K) See Rule No. 76 for regulations to govern shipments of apples or pears, or both, transported under Ventilation—Carriers' Protective Service Against Cold.

**Ventilation to Carriers' Protective Service Against Cold:**

- (L) <sup>▲</sup>Shipments originating outside of the Heater Territory transported under ventilation may be placed under Carriers' Protective Service Against Cold at point of entry into Heater Territory as provided in Rule No. 515.

**Ventilation to Heater Service:**

- (M) <sup>▲</sup>Upon instructions specifying the point at which change in service is desired, carriers will, on shipments originating within Heater Territory, substitute Heater Service (see Item No. 1162) for ventilation at such point or at first point where heaters are available (but only at points within the Heater Territory specifically covered by charges in Section No. 5 and during the cold weather period specified in Rule No. 500), on basis of published charge for Heater Service, applicable from point where change in service is made. These provisions will also apply on shipments of potatoes (other than sweet potatoes or yams) originating outside the Heater Territory, which are placed under Heater Service after shipment passes point of entry into Heater Territory.

Agents must enter on waybill:

"Placed under Heater Service at..... by..... Railroad."

(1) When cars have arrived at destination prior to receipt of notice from shipper or consignee, as provided above, or will arrive at destination before change in service can be made, charge as provided in paragraph B, Rule No. 530 computed from time change in service is accomplished will apply, without any allowance for free time.

(2) When car is held at the point where change in service is made on instructions from shipper, owner or consignee, charges as provided in paragraph A, Rule 530, will apply, without allowance for free time.

(3) Heater Service will not be substituted for Ventilation on shipments loaded in refrigerator cars which are not equipped with ventilating devices or so constructed as to not permit installation of heaters in bunkers or tanks.

(N) Change in character of service will not be permitted when the bulkhead openings are covered with paper or other materials by shipper or his representative.

(O) When change in character of protective service is accomplished changed instructions must be entered on billing accompanying the car and the old instructions cancelled.

(P) Except as specifically provided in the preceding paragraphs and in Rules Nos. 76, 85, 105, 231, 233, 239, 240, 245, 247, 249, 251, 254, 256, 257, 258, 500, 514, 515, 521, 522, 523, 524 and 526, no change in character of service will be permitted.

(Q) No change in service will be permitted after arrival at destination and unloading has commenced.

**Note.**—See Rules Nos. 130 and 135.

**Rule No. 76:****VENTILATION—CARRIERS PROTECTIVE SERVICE AGAINST COLD ON APPLES OR PEARS**

- (A) On carload shipments of apples or pears, or both, originating at stations in the states of Colorado, Idaho, Kansas, Montana, Nebraska, Oregon, Utah, Washington or Wyoming, also at East St. Louis, Ill., Council Bluffs, Iowa, Kansas City, Mo., St. Joseph, Mo., St. Louis, Mo., or South St. Joseph, Mo., carriers will accept on cars to be forwarded under ventilation, as authorized in Rule No. 85, the following instructions in addition thereto:

"Substitute Carriers' Protective Service Against Cold for Ventilation at first terminal train yard where heaters are available when the outside temperature at such point is ten (10) degrees above zero or lower."

The foregoing provisions will apply only when such instructions are furnished at loading or billing station and only during the cold weather period, as specified in Rule No. 500, and will be subject to the published charges for Carriers' Protective Service Against Cold, applicable from point where change in service is made.

Agents must enter on waybill the following notation:

"Place under Carriers' Protective Service Against Cold at first terminal where heaters are available when outside temperature at such terminal is ten (10) degrees above zero or lower."

Carrier placing shipment under Carriers' Protective Service Against Cold must show on waybill:

"Placed under Carriers' Protective Service Against Cold at..... by..... Railroad."

- (B) <sup>▲</sup>When a shipment is forwarded from point of origin under ventilation and is subsequently placed under Carriers' Protective Service Against Cold the ventilation instructions will be cancelled at the time shipment is placed under Carriers' Protective Service Against Cold and shipment will be thereafter handled in Heater Territory without regard to such instructions. After car passes beyond Heater Territory shipment will be handled under Standard Ventilation Service, as provided for by Rule 85, unless shipper, owner or consignee files specific instructions to the contrary.

(C) When cars have arrived or will arrive at destination before change in service can be made charge as provided in paragraph B, Rule No. 530 computed from time change in service is accomplished will apply without any allowance for free time.

(D) When car is held at the point where change in service is made on instructions from shipper, owner or consignee charges as provided in paragraph A, Rule 530, will apply without allowance for free time.

**Note.**—See Rule No. 505, paragraph F thereof.

**Rule No. 80:****PROTECTIVE SERVICE RULES, REFERENCE TO**

- (A) On carload shipments of perishable commodities, shippers must declare in writing on shipping order and/or bill of lading, at loading station, the protective service desired as authorized by this tariff.
- (B) Upon receipt of shipping order and/or bill of lading agents must enter on regular waybill the full name of the shipper and notation for protective service in accordance with character of protective service selected by shipper and as authorized by this tariff.

(Rule No. 80 concluded on following page.)

<sup>▲</sup>Neither an increase nor reduction in charges.

## Rule No. 81:

**HANDLING SHIPMENTS IN THE ABSENCE OF INSTRUCTIONS**

- (A) When shipments are received from shipper or connecting lines without instructions as to character of service desired, but with ice in tanks or bunkers of car, shipments will be handled under Standard Refrigeration as per Section No. 2, Replenishing Service as per Section No. 3, or Cost of Ice basis as per Section No. 4, as they respectively apply. Exception: See paragraph C.
- (B) When shipments are received from shipper or connecting lines without instructions as to character of service desired and without ice in tanks, bunkers or body of car, shipments will be handled under "Standard Ventilation Service as provided for in Rule No. 85". Exception: See paragraph C. This rule does not apply on perishable commodities prefixed "(b)" as shown in Item No. 1130.
- (C) When shipments are received from shippers or connecting lines in the states of Illinois, Indiana, Massachusetts, Michigan, New Jersey, New York, Ohio, Pennsylvania, West Virginia, the Provinces of Ontario and Quebec, also at Louisville, Ky., and St. Louis, Mo., without instructions as to the character of service desired or with instructions not authorized in paragraph B of Rule No. 405, cars will be handled as follows:
  - Commodities requiring refrigeration (not body icing) will be iced by the carrier in accordance with the established practice prevailing at the time of movement and charge made for such icing as provided in Sections Nos. 2, 3 or 4, of this tariff, as they respectively apply.
  - Commodities requiring ventilation will be handled under "Standard Ventilation Service as provided for in Rule No. 85".

(Rule No. 81 concluded on following page.)

## GENERAL RULES AND REGULATIONS

**Rule No. 81—Concluded:****HANDLING OF SHIPMENTS IN THE ABSENCE OF INSTRUCTIONS—Concluded.**

The provisions of this paragraph C will not be applicable for account of carriers listed below, which will be governed by the regulations contained in paragraphs A and B:

Atchison, Topeka and Santa Fe Ry. Co.;  
Chicago, Rock Island and Pacific Ry. Co.;  
Illinois Central R. R. Co.;  
Louisville and Nashville R. R. Co.;  
Missouri-Kansas-Texas R. R. Co.;  
Norfolk and Western Ry. Co.;  
St. Louis-San Francisco Ry. Co.

**Note.**—Precedence over this rule will be taken by Rule No. 105 covering protective service to be accorded shipments of Bananas and Cocoanuts, in straight or mixed carloads, or when mixed with other Fruits and/or Vegetables, also Pineapples, in straight carloads.

**Rule No. 82:****MANIPULATION OF VENTS ON SHIPMENTS TRANSPORTED UNDER REFRIGERATION SERVICE**

All shipments transported under refrigeration service will be handled with plugs in and vents closed, unless otherwise instructed by shipper, owner or consignee, in accordance with provisions of individual rules of this tariff.

The foregoing will also govern when cars are initially iced after arrival at final destination.

**Rule No. 85:****VENTILATION SERVICE****Shippers' Instructions and Waybill Notations on shipments transported under Ventilation Service**

(A) On carload shipments in refrigerator, brine tank or ventilator type box cars, shipper must specify in writing on shipping order and/or bill of lading, at loading station, one of the "Instructions" as provided in this rule, **except** as otherwise provided in Rule No. 105.

No instructions will be accepted for ventilation on shipments loaded in cars not equipped with ventilating devices.

Commodities listed in Item No. 1130, prefixed thus "(b)" do not require ventilation. Shipments will be transported with ventilators closed and plugs in unless otherwise instructed but not contrary to the provisions of this tariff.

When shipper does not desire heat applied, as provided in Rules 521, 522 and 523, shipping order and waybill should also be endorsed with the notation "Do not heat."

(B) Upon receipt of shipping order and/or bill of lading agents must enter on regular waybill the full name of the shipper and instruction covering the class of ventilation service selected by shipper as authorized by this tariff.

(C) Upon receipt of reasonable advance notice in writing, carriers will permit a change in the class of ventilation service under which shipment may be transported to that selected by the shipper, owner or consignee, as authorized by this tariff.

(D) After unloading on team track has commenced, or when consignee has applied private lock or seal to either or both doors of cars after arrival at destination, ventilating devices will be manipulated by carrier only on specific written instructions from consignee. Carriers will not manipulate ventilating devices after placement of cars on private track (see Item No. 1116).

(E) The provisions of this rule will not be applicable at points in the Heater Territory to shipments of potatoes, other than sweet potatoes or yams, originating in the

Heater Territory, during the period November 16th to but not including March 1st, except as otherwise provided in Rule No. 500.

## GENERAL RULES AND REGULATIONS

## Rule No. 85—Concluded:

## VENTILATION SERVICE—Concluded

**Note 2.**—Applies only in Canada, except will not apply on lines of Great Northern Railway Company nor Northern Pacific Railway Company.—Cars moving under any class of ventilation will not have ventilators manipulated between regularly assigned inspection points, except when trains are delayed, when attention will be given as soon as practicable.

**Note 3.**—Cars arriving at junction points, intermediate hold points, at regularly assigned inspection points, also at final destination, or while being held at such points with ventilators open and hatch plugs out at a minimum outside temperature of 38 degrees, or with ventilators closed and hatch plugs in at a maximum temperature of 42 degrees, will be considered as having been properly handled. Ventilators and plugs must be properly adjusted upon arrival and readjusted while being held (if necessary), in accordance with paragraphs 2, 17 or 22 of paragraph F as they may respectively apply.

**Note 4.**—When Avocados, Cocoanuts, Tomatoes, Pineapples or Sweet Potatoes are loaded in same car with other perishable freight shipper must specify if ventilators are to be manipulated at the degree of temperature provided for such commodities or that provided for "All perishable freight other than Avocados, Cocoanuts, Tomatoes, Pineapples and Sweet Potatoes."

**Note 5.**—On carload shipments of Nursery or Florists' Stock or Cut Decorative Evergreens, in lieu of Standard Ventilation instructions, as provided for in this rule, carrier will accept shippers' instructions reading—"Ventilate at 40 degrees above zero," subject to provisions of Note 3 of this rule.

**Note 6.**—Applicable only at points in the Dominion of Canada, except will not apply in connection with the New York Central R. R. (Michigan Central District), nor the Toronto, Hamilton and Buffalo Ry. Co.—On carload shipments of Potatoes ventilating devices will be closed when the outside temperature falls to 40 degrees above zero and opened when the outside temperature rises above 40 degrees above zero, subject to the provisions of Note 3 of this rule.

**Note 7.**—On carload shipments, originating within or outside the Heater Territory destined to points in Canada, or moving through Canada to destinations in the United States outside the Heater Territory, transported by the Canadian Pacific Railway, Canadian National Railways, Great Northern Railway or Northern Pacific Railway, during the period October 15th to the following April 15th, inclusive, unless bills of lading or diversion instructions carry one of the following notations as to the character of the protective service required in Canada, shipments will be handled under Standard Ventilation Service.

(1) "Standard Heating in Canada." (See Note A below, also Item No. 1166.)

(2) "Do not heat in Canada, regardless of weather; Ventilation Service." (See Note A below.)

**Note A.**—Shipper must specify one of the forms of ventilation as provided for in this rule.

**Note 8.**—Cars arriving at junction points, intermediate hold points, at regularly assigned inspection points, also at final destination, or while being held at such points with ventilators open and hatch plugs out when the outside temperature ranges between 28 degrees to 49 degrees above zero, both inclusive; or with ventilators closed and plugs in when the outside temperature is 34 degrees above zero, or lower, or 43 degrees above zero, or higher, will be considered as having been properly handled. Ventilators and plugs must be

properly adjusted upon arrival and readjusted while being held (if necessary) in accordance with paragraph 4 of paragraph F.

**Note 9.**—Cars arriving at junction points, intermediate hold points, at regularly assigned inspection points, also at final destination, or while being held at such points with ventilators open and hatch plugs out at a minimum outside temperature of 43 degrees, or with ventilators closed and hatch plugs in at a maximum temperature of 47 degrees, will be considered as having been properly handled. Ventilators and plugs must be properly adjusted upon arrival and readjusted while being held (if necessary), in accordance with paragraphs 5, 7, 18, or 23 of paragraph F, as they may respectively apply.

**Note 10.**—When shippers request manipulation of ventilating devices at a station which is not a regular inspection station ventilating devices will be manipulated at the first regular inspection point beyond.

## Rule No. 86:

TRANSPORTING PERISHABLE SHIPMENTS  
IN BOX CARS

When shipments are received from shipper, loaded in box cars, side doors must be closed and sealed unless shipper has securely cleated and boarded doors open, in which latter event the following notation must be shown on bill of lading and waybill "Side doors cleated open by shipper".

No instructions for manipulation of side doors will be accepted.

## Rule No. 87:

ONE TYPE CAR ORDERED BUT  
ANOTHER FURNISHED

If shipper, under the provisions of Rule 35, orders a car of a particular type (namely, refrigerator, ventilator or box), and specifies the class of protective service desired, in accordance with the provisions of this tariff, and carrier is unable within a reasonable time to furnish the type of car ordered, the shipper may accept a car of another type without waiver of his right to the class of protective service specified. In such cases agent at point of origin must enter on waybill notation as follows:

".....car ordered but.....car furnished at  
(type of) (type of)  
shipper's request."

**Exception.**—See Rule No. 255.

## Rule No. 90:

## TRANSFER, CHARGE FOR

(A) When shippers load box cars or other cars, and, on request of shipper, owner or consignee, such shipments are transferred by carriers in transit into refrigerator or other cars to protect against heat or cold, a charge of five dollars and fifty cents (\$5.50) per car (see Exceptions) for the service of transferring will be made and added to the billing and collected from the consignee, and will accrue to the carrier on whose rails the transfer is performed.

(B) The charge for transfer will be in addition to the charge, if any, for use of refrigerator or other fully insulated cars (see Item No. 1125) beyond transfer point, in accordance with carriers' tariffs as referred to in Rule No. 40.

## EXCEPTIONS:

1. When such transfer is made at points within the Dominion of Canada, the charge will be ten dollars (\$10.00).

2. On intrastate traffic in the State of Idaho charge for transfer will be five dollars (\$5.00) per car.

## GENERAL RULES AND REGULATIONS

## Rule No. 95:

## DIVERSIONS AND RECONSIGNMENTS

- (A) Diversion or reconsignment orders changing destination must include proper instructions to be confirmed in writing (see Rule No. 80), as to refrigeration, ventilation, or other protective service beyond reconsigning point, and no change from one class of service to another will be permitted, except as specifically authorized by the provisions of this tariff. Such changed instructions must be entered on billing accompanying the freight and the old instructions cancelled. (See Rules Nos. 75, 105, 231, 240, 500, 510 and 515).

Unless diversion or reconsigning order instructs a change in protective service, as authorized in this tariff, shipments will be transported beyond the diversion point under the same class of protective service, when authorized in this tariff as furnished up to the diversion point.

- (B) Shippers' instructions for protective service beyond reconsigning point must include instructions to transfer if this is necessary for the protective service requested. (See Rule No. 90.)
- (C) For charges to apply on cars reconsigned or diverted in transit, transported under Standard Refrigeration Service, see Rule No. 205.
- (D) When a car moving under the provisions for the service of one reicing in transit under paragraphs E or F of Rule No. 245 or under Rules Nos. 233, 239, 247, 249, 251, 254, 257 and 258 is, on order of shipper, owner or consignee, diverted via a route which will not permit of reicing at the regular icing station designated by the instructions under which car is moving, same will be reiced at the first regular icing station on the new route, unless otherwise directed in said diversion order.

## Item No. 100:

## SAMPLING OR INSPECTION BY CONSIGNEE ETC.

When sampling or inspection is permitted (see Rules Nos. 130 and 135), the following provisions will govern:

If original packages, stowing or bracing are disturbed by such sampling or inspection, then the party so sampling or inspecting must at his expense re-cooper, re-stow, re-strip, and re-brace the load in the original condition and remove all refuse from the car.

Shipments will not be entitled to nor receive reconsigning or stop-over privileges (where otherwise authorized by tariffs) unless or until they shall have been placed in the condition outlined herein.

## Rule No. 105:

**BANANAS AND COCOANUTS IN STRAIGHT OR MIXED CARLOADS, OR WHEN MIXED WITH OTHER FRUITS AND/OR VEGETABLES, ALSO PINEAPPLES IN STRAIGHT CARLOADS, HANDLING OF**

- (A) Bananas and Cocoanuts in straight or mixed carloads, or when mixed with other Fruits and/or Vegetables, also Pineapples in straight carloads, must not be iced, reiced, ventilated or given other protective service against heat or cold without specific instructions from shipper, owner or caretaker in charge.
- (B) All protective service to be furnished in transit to Bananas and Cocoanuts in straight or mixed carloads, or when mixed with other Fruits and/or Vegetables, also Pineapples, in straight carloads, will be governed by the shipper's instructions on the billing, subject to contrary instructions from caretaker in charge. The caretaker's instructions when he abandons the car shall be given by him in writing and attached securely to the waybill to accompany the car to final destination.
- In the absence of a caretaker, or if caretaker abandons car without giving necessary instructions, the shipment shall be subject to such instructions as may be given by the owner.
- (C) When no instructions are given by the caretaker, shipper or owner, cars will be handled through to destination without any change being made in the position of ventilating devices and icing or other protective service will

not be furnished, except on pineapples in straight carloads, without ice in the bunkers, will be handled under Standard Ventilation Service, as provided in Rule No. 85.

- (D) Carriers will, on request of shipper or owner, or their representative, remove ice from the bunkers of refrigerator cars for which service a charge of one dollar and sixty-five cents (\$1.65) per car will be assessed and accrue to the carrier performing the service.

## Rule No. 110:

**TRANSPORTATION FOR CARETAKERS OF CARLOAD SHIPMENTS OF BANANAS OR IN MIXED CARLOADS WITH COCOANUTS**

The conditions governing the transportation of caretakers with bananas in straight carloads or in mixed carloads with cocoanuts (see Rules Nos. 130 and 135) and their return will be as provided below:

- (A) One man in charge of each consignment of bananas in straight carloads, or in mixed carloads with cocoanuts (consisting of one to five carloads), will, at any time of year, be given free transportation for the entire trip, or any part thereof, shipments move. If desired, different caretakers may accompany the same shipment over different parts of the route via which the shipment moves.
- (B) Caretakers will be required to execute release, using the forms provided by carrier.
- (C) Caretakers must ride in caboose. It will not be permissible to transport such caretakers on passenger train either ahead of or following shipment in their charge. (See Exception No. 3.)

Carriers may for operating reasons permit caretaker to overtake his car by traveling in caboose car.

- (D) —(1) Upon presentation of bananas caretakers' identification card, said card to contain written signatures and photographs of caretaker and properly executed by company employing the caretaker, free return transportation will be issued to such caretakers, the return trip to be begun within thirty (30) days after termination of such attendants' services as caretaker of the shipment.

(2) The return trip shall be via the same route as that of the shipment which the caretaker accompanied, subject to the following:

- (a) Caretaker may be returned by passenger trains over routes convenient to the line or lines over which shipment moved.
- (b) When a shipment moves over two or more lines, the destination carrier may, at its option, issue return transportation direct over its own rails to point of origin of shipment.

(3) When shipments have been handled through the medium of a Belt or Terminal Line, forming a part of a through route, over which there is no regular passenger train service, return transportation as authorized in this rule will be furnished caretakers from and to passenger terminal of the carriers performing the line haul of the original freight shipment which the caretakers accompanied. (See Exceptions.)

## EXCEPTIONS

- (1) Except as otherwise specifically provided above, the conditions surrounding the transportation and duties of caretakers in charge of shipments of bananas in straight carloads, or in mixed carloads with cocoanuts, when moving under artificial heat, will be as provided in Rules 105 and/or 516, as such rules may be respectively apply.
- (2) Return transportation as provided in paragraph D of this rule will not be given within the Dominion of Canada on shipments destined to points in Canada, except as provided in individual issues.
- (3) On shipments handled via the Bamberger Railroad Company, caretakers must ride in locomotive handling freight trains and/or passenger compartment when handled by mixed train.

(Rule 110 concluded on following page)

Messengers or caretakers accompanying shipments of fresh

fruits and fresh vegetables under the provisions of this rule may be relieved by others en route, and in such case the messengers or caretakers in the relay will be furnished identification contracts entitling them to ride from point at which they take charge of shipment to points hereinafter mentioned; these contracts will be honored for return tickets as indicated herein.

The points referred to are points on the east or west bank of the Missouri River and points taking Group D or E rates as shown in North Coast Territorial Directory <sup>(C)</sup> or South Coast Territorial Directory <sup>(D)</sup> as they respectively apply, also points of destination named in South Coast Fruit and Vegetable Tariff No. 44-G<sup>(B)</sup>, Items Nos. 1305 to 1335, inclusive, thereof, unless the carload in question be delivered to consignee or consignees or diverted to connecting lines at a point west of the aforesaid points, in which event identification contract and ticket, respectively, will be furnished to such point and return.

On going trip the identification contract will be good only on the train in which the freight is hauled, and return trip must commence within three days after the arrival of the messengers or caretakers at the points at which they individually relinquish charge. Ticket for return trip will not be good on any limited train.

**Note.**—Applies only on shipments from points opposite which in "North Coast Territorial Directory <sup>(C)</sup>", routes are authorized via Bieber, Calif., Western Pacific R. R., Keddie, Calif., and Salt Lake City, Utah, or via the Southern Pacific Company (Pacific Lines).

**Rule No. 115:  
TRANSMITTING SHIPPER'S INSTRUCTIONS TO  
CARETAKERS**

Carriers will not transmit over their wires nor assume the expense of transmitting over commercial telegraph or telephone lines, shipper's instructions over their signature and/or addressed to caretakers in charge of perishable freight. If shippers wish to give instructions, they should file same with agent of the originating carrier for transmission to the proper Agent or representative of the carrier.

**Rule No. 130:  
CONDITION OF PERISHABLE GOODS NOT  
GUARANTEED BY CARRIERS**

Carriers furnishing protective service as provided herein do not undertake to overcome the inherent tendency of perishable goods to deteriorate or decay, but merely to retard such deterioration or decay insofar as may be accomplished by reasonable protective service, of the kind and extent requested by the shipper, performed without negligence.

**Rule No. 135:  
LIABILITY OF CARRIERS**

Property accepted for shipment under the terms and conditions of this tariff will be received and transported subject to such directions, only, and to such election by the shipper respecting the character and incidents of the protective service as are provided for herein. The duty of the carriers is to furnish without negligence reasonable protective service of the kind and extent so directed or elected by the shipper and carriers are not liable for any loss or damage that may occur because of the acts of the shipper or because the directions of the shipper were incomplete, inadequate or ill-conceived.

## GENERAL RULES AND REGULATIONS

**Rule No. 140:****DISINFECTING CARS; CHARGE FOR**

When on account of Federal, State or Municipal regulations refrigerator, insulated or other cars used in the handling of perishable freight must be disinfected following unloading at destination, the consignee must perform such work at his expense, or if such service is performed by destination carrier a separate charge of two dollars and seventy-five cents (\$2.75) per car (see Exception) will be made and collected from consignee and will accrue to such carrier.

**Exception.**—On intrastate traffic in the State of Idaho when service is performed by carrier charge will be two dollars and fifty cents (\$2.50) per car.

**Rule No. 145:****SHIPMENTS STORED IN TRANSIT**

(A) On shipments stored in transit, the movements to and from storage point, respectively, will be considered separate shipments in applying the provisions of this tariff.

**Exception.**—See paragraph B.

(B) Applies only on shipments of potatoes (other than sweet potatoes or yams) and/or onions which are stored in transit as authorized in tariffs of individual lines parties hereto and lawfully on file with the Interstate Commerce Commission, and are shipped from storage point under Carriers' Protective Service Against Cold or Heater Service.

That portion of the tonnage in the outbound car which was transported to storage point under Carriers' Protective Service Against Cold or Heater Service will be subject to the balance of the through charge or charges for Carriers' Protective Service Against Cold or Heater Service from point or points of origin to final destination. If this portion of the tonnage equals or exceeds fifty percent (50%) of the weight of the outbound shipment an additional charge of two dollars (\$2.00) for each outbound car will be assessed.

Other tonnage in the outbound car will be subject to the charge for Carriers' Protective Service Against Cold or Heater Service from storage point in effect on date of movement from storage point. When the aggregate weight from storage point is less than 30,000 lbs., the deficiency in weight will be subject to the charge on potatoes from storage point.

The outbound movement from storage point shall be subject to the provisions of Rule No. 520.

(C) On shipments of potatoes (other than sweet potatoes or yams) stored in transit at Chicago, Illinois and points in the Chicago Switching District, as authorized by tariffs lawfully on file with the Interstate Commerce Commission and/or State Railroad Commissions, which are forwarded during the period compulsory Carriers' Protective Service Against Cold is in effect, as provided in Rule No. 500, to a destination to which Ventilation Service is authorized, it shall be optional with shipper to select Ventilation Service on the outbound movement from storage point.

**Note.**—See Rules Nos. 500 and 513.

(D) The two dollars (\$2.00) charge under paragraph B will accrue to the carrier furnishing car for the outbound move.

**Rule No. 146:****STOPPING IN TRANSIT FOR RECONDITIONING OR RESACKING**

When carload shipments of Cabbage, Onions, Potatoes (other than Sweet Potatoes or Yams) and Rutabagas transported under Carriers' Protective Service Against Cold or Heater Service are stopped in transit for the purpose of reconditioning or resacking as authorized in tariffs of individual carriers on file with the Interstate Commerce Commission and/or State Commissions, and are reforwarded from transit point under Carriers' Protective Service Against Cold or Heater Service in the same car, the through charge applicable from point of origin to final destination of the shipment will be assessed, plus the charges shown in paragraph A of Rule No. 530, covering detention at transit points. When such shipments are

reforwarded from transit points in another car, the through charge applicable from point of origin to final destination of the shipment will be assessed, plus an additional charge of two dollars (\$2.00) per car.

When shipments of potatoes transported under Shippers' Protective Service Against Cold are stopped in transit for the purpose of reconditioning or resacking it shall be optional with shippers to forward such shipments from transit point under Ventilation Service. (See Rule No. 85.) Applicable only when shipments are reforwarded from transit point in the same car as used in connection with inbound movement.

**Rule No. 150:****CARLOAD SHIPMENTS IN BOND UNDER GOVERNMENT SEALS**

On carload shipments of perishable traffic moving "In Bond" under government seals shipper may elect to have such shipments transported under protective service, as provided for in this tariff.

When United States Customs seals have been applied to the side doors, hatch covers and/or plugs of refrigerator cars, and it is necessary in connection with the administration of protective service to open side doors and/or ventilating devices at a point in transit (1) the breaking of such seals and resealing must be performed only by an officer of the United States Customs service stationed at that place or at the customs port within the limits of which such place is located; (2) at points where no customs officer is stationed as described in (1) or where there is an element of time involved a responsible agent of the carrier may remove customs seals and reseal cars, an appropriate notation of his action, including the date, serial numbers of the new seals applied, and the reason for removing the original seals, to be made on the conductor's or master's copy of the customs manifest.

When a charge is rendered by the Bureau of Customs incidental to breaking of seals and resealing cars, such charge will be covered by an "advances only" waybill and the amount thereof collected from the consignee at destination by the delivering carrier.

**Note.**—In order to obviate potential delays at stations where cars are serviced arrangements should be made in advance, whenever practicable, to notify a customs inspector of the probable time of arrival of train containing cars transported under government seals so as to insure his presence and facilitate and expedite the manipulation of seals.

"Blue in Transit" seals placed on cars shipped from point to point within the United States, but passing through Canada (which are not removed by Customs officer at final port of entry in the United States), may be removed (after car has re-entered the United States), by the carrier's employees or by the consignee, without incurring any liability.

**Rule No. 160:****PROTECTIVE SERVICE ON MIXED SHIPMENTS**

(A) When two or more perishable commodities are loaded in the same car which require different classes of protective service, shipper must elect the character of service to be furnished subject to the provisions of Rule 135.

(B) On mixed shipments of perishable and non-perishable freight shipper must specify the character of protective service under which the perishable freight is to be transported, in accordance with the rules provided in tariff. The provisions of this paragraph B will not apply on traffic handled between points on the Denver and Rio Grande Western Railroad Company.

**Rule No. 165:****FREIGHT IN BUNKERS OF REFRIGERATOR CARS**

The bunkers of refrigerator cars must not be used to carry ice or other preservatives, except for refrigeration purposes under the rules, regulations and charges as published herein.

Shippers will not be permitted to load perishable freight in bunkers of refrigerator cars.

**Rule No. 200** of Section No. 2 appears on page 118.

<sup>^</sup>Neither an increase nor reduction in charges.

## SPECIAL RULES GOVERNING REFRIGERATION SERVICES AND CHARGES

## Rule No. 200:

## APPLICATION

- (A) Refrigeration service charges as published in this Section apply on shipments of fruits, vegetables, berries, melons, and other perishable freight. Where a refrigeration charge on any commodity is published in this Section the rules, regulations and charges published in Sections 3 or 4 will not apply, except as may be otherwise provided in individual rules in this Section.

(1) Shipments of bananas or cocoanuts, or both, when mixed with other fruits and/or vegetables, in carloads, also pineapples, in straight carloads, will be handled in accordance with the provisions of Rule No. 105, and on basis of the charges provided for in this Section.

(2) The replenishing charges on California intrastate traffic published in Item No. 22065, from North Portland and Portland, Ore., Reno, Nev., and all points in Arizona, in Item No. 22075, also the rules of Section No. 3 applicable in connection therewith, take precedence over the rules and charges of this Section.

- (B) Refrigeration service charges apply both locally and proportionally from points specified. Such charges are in addition to charges accruing at stations on rails of carriers not parties to this tariff and are in addition to charges assessed under the provisions of Section No. 4 of this tariff for ice or salt, or both, supplied.

- (C) Unless otherwise specifically provided herein when one or more commodities are loaded in car with carload shipment, charge will be on basis of the highest carload refrigeration service charge published in this Section, applicable on any of the commodities in the car, except as provided below.

On mixed carloads of fruits, vegetables, berries and/or melons, the refrigeration charge to apply will be that applicable on the commodity taking the highest refrigeration charge the weight of which is twenty per cent (20%) or more of the total weight of shipment.

- (D) Refrigeration service charges applying on fresh fruits, vegetables, berries, melons, fern leaves, evergreens, or crushed, evaporated, dried, frozen, cold pack, preserved fruits, berries, vegetables, melons and/or fruit juices do not include the use of salt, but include service of initial icing and reicing to final destination, except as otherwise provided in Rules Nos. 75, 145, 202, 203, 205, 215 and 225. If salt is used, apply the charges and regulations published in Rules Nos. 202, 203, 215 and 225.

**Exception.**—Except as provided in Rule No. 203, charges for salt will not be applicable on shipments originating at stations on the Great Northern Railway Company, Nelson and Fort Sheppard Railway Company, and Vancouver, Victoria and Eastern Railway and Navigation Company in British Columbia and destined to stations in Canada, Sault Ste. Marie, Hearst, Ont., and east.

- (E) When a carrier party to this tariff furnishes an iced car for movement from a station on a line not a party to this tariff to be transported under Standard Refrigeration, a charge as provided in Section No. 4 will be made for ice required to refill bunkers or tanks to capacity and for any salt supplied at first icing station on initial carrier party to this tariff, which charge will be in addition to the Standard Refrigeration Service charge from first station on carrier from which a Standard Refrigeration charge is published in this Section.

**Exception.**—Does not apply to cars placed for loading at San Francisco, Calif., on the rails of the State Belt Railroad (operated by the State of California).

- (F) When shipments are loaded in refrigerator cars without ice and on instructions are subsequently placed under refrigeration at any point, apply the refrigeration charge from point at which car is initially iced (see Rules 75, 130 and 135), but in no case higher than the refrigeration charge from point of origin.

If no refrigeration service charge is published from point where car is first iced, apply the charge published from the first station in the direction of the origin of the car from which a refrigeration charge is published, but in no case higher than the published refrigeration service charge from point of origin.

♠Reduction.

Charge covering the icing which requires the greatest quantity, at station where car is placed under Standard Refrigeration Service, will be included in the Standard Refrigeration Service charge applicable to final destination. Additional ice, or ice and salt, supplied at such station will be charged against the shipment on basis of charges published in Section No. 4.

- (G) Except as provided in Rule No. 248, carriers will not place ice or salt in packages with freight nor in the body of refrigerator cars equipped with ice bunkers or tanks when such cars are loaded with perishable freight, as covered by this Section. (This provision does not obligate, nor prevent, nor in any way refer to sale to shippers, and/or transportation of ice by carriers, for use by shippers in packing or preparation of perishable commodities for shipment, or for any purpose other than the icing or reicing of refrigerator cars.)
- (H) When, subject to the provisions of Rules Nos. 241, 242 and 243, shipments are tendered for transportation with ice in the body of car by shipper (not including ice in the package with the freight) and are handled under Standard Refrigeration Service or under the provisions of Rules Nos. 240, 247, 251, 254, 257 or 258, the published charge covering each class of service will be assessed as it may respectively apply.
- (I) The term fruits, berries, vegetables and melons, on which commodities the charges published in this Section apply (see pages Nos. 149 to 364, inclusive), means fresh fruits, berries, vegetables and melons. When crushed, evaporated, dried, frozen, cold pack, canned or preserved, fruits, berries, vegetables or melons and/or fruit juices, in straight or mixed carloads, are transported under Standard Refrigeration Service, the lowest charge for Standard Refrigeration Service on any commodity (see Item No. 1145), provided in this Section from point of origin to destination will apply. For charges and regulations governing the supplying of salt, see Rule No. 203.
- (J) When shipments of crushed, evaporated, dried, frozen, cold pack, canned or preserved fruits, berries, vegetables or melons and/or fruit juices are tendered for transportation with instructions reading "Initially iced—do not reice" same will be subject to the provisions and charges published in Rule No. 240.

## Rule No. 201:

## SHIPPER'S INSTRUCTIONS AND WAYBILL NOTATIONS ON SHIPMENTS TRANSPORTED UNDER STANDARD REFRIGERATION SERVICE

Except as otherwise provided in this Section (see Rules Nos. 202, 203, 230, 233, 239, 240, 245, 247, 249, 251, 254, 256, 257, 258, 260, 265 and 270), shipper must declare in writing on shipping order and/or bill of lading at loading station the service desired as authorized by this Section, using one of the shipping instructions shown below, and Agent must enter on regular waybill the waybill notation, to cover the service:

- ♠—Service.  
 Ⓑ Shippers' instructions.  
 Ⓒ Waybill notation.

- (A) Fresh Fruits, Vegetables, Berries or Melons:

1. Ⓐ Standard refrigeration without salt.  
 Ⓑ Standard refrigeration.

**Exception.**—The provisions and charges on Evergreens and fresh Fern Leaves are not applicable on intrastate traffic in the States of Arizona or California.

**Note.**—See Rule No. 135.

(B) \*Cancelled. See Item No. 1139.

(C) When salt is not used with the initial icing, but at request of shipper is supplied at any regular icing station or stations in transit, the percentage supplied in initial salting shall be based upon the amount of ice supplied in initial icing, salt thereafter supplied to be based upon the amount of ice supplied at the time of reicing the car.

(D) No change in the percentage of salt specified by shipper will be allowed except as provided in sub-paragraph 6 of paragraph G and sub-paragraph 5 of paragraph I.

(E) If, after shipment under Standard Refrigeration Service departs from loading station, shipper instructs the furnishing of salt, initial salting service, based upon the amount of ice supplied in initial icing or the amount of salt specified for initial salting under sub-paragraph 8 of paragraph G, will be supplied at the first available regular icing station en route after receipt of such instructions. The charge will be in accordance with the provisions of paragraph G. When charge is on a percentage basis it will be based upon the Standard Refrigeration Service charge from origin to destination.

(F) Shipper must specify in writing on shipping order and bill of lading salting service desired, as provided in this rule, using the appropriate, "Shipper's Instructions" as shown below, and Agent must waybill accordingly:

**(a) Salt Service with Standard Refrigeration Service:**

1—"...% salt supplied with initial icing. No further salting."

2—"...% salt supplied with initial icing. Supply.....% salt at all regular icing stations."

3—"...% salt supplied with initial icing. Supply same percentage salt at..... (Specify regular icing station). No further salting."

4—"Supply...% salt at..... (Insert first reicing station) on basis bunker capacity of car and at all reicing stations thereafter...% salt on basis amount ice supplied."

5—"No salt supplied with initial icing. Supply...% salt at (Specify regular icing station) on basis bunker capacity of car. No further salting."

6—"No salt supplied with initial icing. Supply...% salt at (Specify regular icing station) on basis bunker capacity of car and at (Specify regular icing station) on basis amount ice supplied. No further salting."

7—"100 pounds salt supplied with initial icing. Supply..... pounds (Specify 75 lbs. or less) of salt at each regular icing station in transit."

8—"No salt supplied with initial icing. Supply 100 pounds salt at (Specify regular icing station) and..... pounds (Specify 75 lbs. or less) of salt at each regular icing station in transit."

**(b) Salt service with Rules Nos. 239 or 254 (except deciduous fruits) or 256 service:**

1—"...% salt supplied with initial icing. No further salting."

2—"...% salt supplied with initial icing. Supply...% salt with replenishing. No further salting."

3—"...% salt supplied with initial icing. Supply...% salt at (Specify the one reicing in transit station)."

4—"...% salt supplied with initial icing. Supply...% salt with replenishing and at (Specify the one reicing in transit station)."

5—"No salt supplied with initial icing. Supply...% salt with replenishing on basis bunker capacity of car. No further salting."

6—"No salt supplied with initial icing. Supply...% salt with replenishing on basis bunker capacity of car and at (Specify the one reicing in transit station) on basis amount ice supplied."

7—"No salt supplied with initial icing. Supply...% salt at (Specify the one reicing in transit station) on basis bunker capacity of car."

## (G) On shipments moving under Standard Refrigeration Service, except as otherwise provided in paragraphs H and J, an additional charge will be assessed in accordance with the following provisions, subject to a minimum charge of three dollars and fifty cents (\$3.50) per car:

- (1) Salt supplied with one or with any two icings, including salt supplied by shipper, \$3.50.
- (2) Salt 2% (or less), with more than two icings, assess 5% of Standard Refrigeration Service charge applicable.
- (3) Salt 3%, with more than two icings, assess 7½% of Standard Refrigeration Service charge applicable.
- (4) Salt 4%, with more than two icings, assess 10% of Standard Refrigeration Service charge applicable.
- (5) Salt 5%, with more than two icings, assess 12½% of Standard Refrigeration Service charge applicable.
- (6) Carriers will accept request for one change from the percentage used in initial salting to another percentage, but not to exceed five per cent (5%), to be used in subsequent saltings en route to destination. When such change has been made on shipments under instructions for salt to be supplied with more than two icings, the charge to be assessed under subparagraphs 2, 3, 4 or 5 will be based upon the higher percentage used.
- (7) When a shipment moving under Standard Refrigeration service with instructions that initial salting be supplied at a designated percentage and at a different percentage with reicing, the charge under paragraphs 2, 3, 4 and 5 will be based upon the higher percentage used.
- (8) Salt one hundred (100) pounds at initial point of shipment or at initial icing point and ..... (Specify 75 pounds or less) at each regular icing station in transit, assess 7½% of Standard Refrigeration Service charge applicable.

(H) When a shipment under Standard Refrigeration Service with instructions for salt to be supplied at all regular icing stations or under instructions that salt be supplied with one or two icings, is held in transit upon instructions from shipper, owner or consignee and such point is a regular icing station, salt will be supplied only with the first reicing unless the shipper, owner or consignee instructs salt supplied with additional reicings. If additional salt is supplied at said point, same will be charged for on basis of Section No. 4.

(I) On shipments moving under the services of Rules Nos. 239, 245, 247, 249, 254, 256 or 258, except as otherwise provided in paragraph J, a charge of three dollars and fifty cents (\$3.50) per car will be assessed when salt is supplied with one or with any two icings, including any salt supplied by shipper, and if salt is supplied with three or more icings, charge will be assessed in accordance with the following provisions:

- (1) ♦Salt 2% (or less); with three icings, \$5.00 per car; with more than three icings, \$6.00 per car.
- (2) ♦Salt 3%; with three icings, \$6.00 per car; with more than three icings, \$7.50 per car.
- (3) ♦Salt 4%; with three icings, \$7.00 per car; with more than three icings, \$9.00 per car.
- (4) ♦Salt 5%; with three icings, \$8.00 per car; with more than three icings, \$10.00 per car.
- (5) Carriers will accept request for one change from the percentage of salt used at initial salting to another percentage, but not to exceed five per cent (5%), to be used in subsequent saltings en route to destination. When such change has been made on shipments on which more than two saltings have been supplied, the charge to be assessed under subparagraphs 1, 2, 3 or 4 will be based upon the higher percentage used.
- (6) When a shipment moving with instructions that initial salting be supplied at a designated percentage and at a different percentage with reicing, the charge under paragraphs 1, 2, 3 and 4 will be based upon the higher percentage used.

▲(J) When a shipment is cooled by the shipper under the provisions of Rule 246 the carrier, provided it maintains a supply of salt at such point, will furnish salt at the cooling point in accordance with the instructions provided in paragraph F, as selected by the shipper, on the basis of the applicable charge provided in paragraphs G or I. Also carrier will on specific order of the shipper furnish salting service at the cooling point greater than the salting service requested in the instructions selected from paragraph F and the charge for such additional salt will be made on the basis of Section No. 4 of the tariff. (See Exception.) Salt supplied by shipper or his agent, at the cooling point, will not be taken into account in determining the charge applicable under paragraphs G and I.

**Exception.**—When the only salt supplied by carrier is that furnished at station where car is cooled charge will be three dollars and fifty cents (\$3.50) per car for the first, or first and second, salting services. Additional salting services at the cooling point will be charged for on basis of Section 4 of the tariff in addition to the charge of \$3.50 per car.

(K) ♦The provisions of this rule with respect to charges will not be applicable on shipments originating at stations on the Great Northern Railway Company, Nelson and Fort Sheppard Railway Company and Vancouver, Victoria and Eastern Railway and Navigation Company in British Columbia and destined to stations in Canada, Sault Ste. Marie, Hearst, Ont., and east.

## Rule No. 203:

SECTION A  
SALT, FURNISHING OF, ON PRESERVED FRUITS, ETC., TRANSPORTED UNDER STANDARD REFRIGERATION SERVICE

(A) When crushed, evaporated, dried, frozen, cold pack, canned or preserved, fruits, berries, vegetables or melons and/or fruit juices, in straight or mixed carloads, are transported under Standard Refrigeration Service, the lowest charge for Standard Refrigeration Service from point of origin to destination (see Item 1145), provided in this Section will apply.

## SPECIAL RULES GOVERNING REFRIGERATION SERVICES AND CHARGES

## Rule No. 203—Concluded:

**SECTION A—Concluded**  
**SALT, FURNISHING OF, ON PRESERVED FRUITS,**  
**ETC., TRANSPORTED UNDER STANDARD**  
**REFRIGERATION SERVICE—Concluded**

(B) Applicable on Interstate traffic; Intrastate traffic in the State of New York; also on traffic between points in the United States and Dominion of Canada.—▲On crushed, evaporated, dried, frozen, cold pack, canned or preserved, fruits, berries, vegetables or melons and/or fruit juices, in straight or mixed carloads, transported under Standard Refrigeration Service, carriers, on request of shipper specifying percentage desired, will furnish salt in icing and reicing, not to exceed a maximum of thirty per cent at any icing station and charge as provided in sub-paragraphs 1 to 6, inclusive, will be assessed in addition to the Standard Refrigeration Service charge:

- (1) Salt 2 to 5 per cent (inclusive), assess 10 per cent of the Standard Refrigeration Service charge applicable.
- (2) Salt 6 to 8 per cent (inclusive), assess 15 per cent of the Standard Refrigeration Service charge applicable.
- (3) Salt 9 to 12 per cent (inclusive), assess 20 per cent of the Standard Refrigeration Service charge applicable.
- (4) Salt 13 to 15 per cent (inclusive), assess 30 per cent of the Standard Refrigeration Service charge applicable.
- (5) Salt 16 to 20 per cent (inclusive), assess 40 per cent of the Standard Refrigeration Service charge applicable.
- (6) Salt 21 to 30 per cent (inclusive), assess 50 per cent of the Standard Refrigeration Service charge applicable.

(C) Applies only on Intrastate traffic, except will not apply on Intrastate traffic in the State of New York.—When crushed, evaporated, dried, frozen, cold pack, canned or preserved, fruits, berries, vegetables or melons and/or fruit juices, in straight or mixed carloads, are transported under Standard Refrigeration Service, on specific request of shipper specifying percentage desired, salt will be furnished at regular icing stations in icing and reicing and charge therefor will be added to billing on basis of rate per 100 pounds shown in Section No. 4 and will accrue to the carrier on whose rails service is performed.

(D) ▲Cancelled. See Item No. 1139.

(E) Shipper must specify on bill of lading and shipping instructions the following:

"Standard Refrigeration, reice with coarse (or crushed) ice.....% salt."

Agent must enter on waybill the following notation:

"Reice to capacity at all regular icing stations with coarse (or crushed) ice and.....% salt."

**SECTION B**

**SALT, FURNISHING OF, ON PERISHABLE FREIGHT**  
**(OTHER THAN FRUITS, VEGETABLES, BERRIES,**  
**MELONS, FERN LEAVES, EVERGREENS, FISH)**  
**TRANSPORTED UNDER RULE NO. 247 SERVICE**

(A) On perishable traffic (except fruits, vegetables, berries, melons, fern leaves—fresh; evergreens [See Item No. 1137], fish) moving under Rule No. 247 service, carrier will, on request of shipper, specifying percentage, supply salt with initial icing, or with both initial icing and one reicing in transit, but not to exceed a maximum of thirty per cent (30%) and charge for such service will be assessed in accordance with the following provisions (except as provided in paragraph B):

- (1) Not over 5%.....\$ 3.50 per carload.
- (2) Over 5% and not over 8%..... 10.00 per carload.
- (3) Over 8% and not over 12%..... 15.00 per carload.
- (4) Over 12% and not over 15%..... 20.00 per carload.
- (5) Over 15% and not over 20%..... 25.00 per carload.
- (6) Over 20% and not over 30%..... 35.00 per carload.

(B) Applicable only on intrastate traffic in the States of Idaho, Nevada, Oregon and Washington. On shipments of crushed, evaporated, dried, frozen, cold pack, canned or preserved, fruits, berries, vegetables or melons and/or fruit juices, in straight or mixed carloads, transported under the provisions of Rule No. 247, salt will be charged for on the basis provided in Section No. 4.

(C) ▲Cancelled. See Item No. 1139.

(D) Bills of lading and waybills must carry one of the following notations:

- (1) "....% salt supplied with initial icing. No further salting."
- (2) "....% salt supplied with initial icing. Supply with....% salt at....."  
 (Specify the one reicing in transit station)
- (3) "No salt supplied with initial icing. Supply....% salt at....."  
 (Specify the one reicing in transit station)

**SECTION C**

**SALT, FURNISHING OF, ON FROZEN BERRIES**

(A) On shipments of frozen berries, moving under Rule 251 service carriers will, on request of shipper, specifying percentage desired, supply salt with the initial icing and one reicing in transit, not to exceed a maximum of thirty per cent (30%) and charge under Rule 251 will be as provided below:

Salt supplied:	Increase Rule 251 charge by:
Not over 5%.....	10 per cent;
Over 5% and not over 8%.....	15 per cent;
Over 8% and not over 12%.....	20 per cent;
Over 12% and not over 15%.....	30 per cent;
Over 15% and not over 20%.....	40 per cent;
Over 20% and not over 30%.....	50 per cent.

(B) ▲Cancelled. See Item No. 1139.

(C) Bills of lading and waybills must carry the following instructions in addition to those specified in Rule 251:

"Ice with coarse (or crushed) ice.....% salt."

**Rule No. 205:**

**SHIPMENTS RECONSIGNEED OR DIVERTED  
IN TRANSIT**

(A) On shipments transported under Standard Refrigeration Service which are reconsigned or diverted, the Standard Refrigeration Service charge as shown in this Section applicable from point of origin or from point where shipment is first placed under Standard Refrigeration Service, to final destination will apply, except as otherwise provided in paragraphs B and D.

(B) When on account of reconsignment or diversion by shipper, owner or consignee shipments move out of route or are back hauled, and

- (a) an additional charge is published by any of the carriers participating in the through movement (local, proportional or special out of line or back haul rate), over and in addition to the through published joint or combination rate otherwise applicable over the direct route, or
- (b) when the through published rate to final destination is not applicable via the route shipment moves and combination of freight rates is assessed,

the Standard Refrigeration Service charge from point of origin or from point where first placed under Standard Refrigeration Service to final destination will apply except as otherwise provided in paragraph D, plus the charge provided in sub-paragraphs 1, 2 or 3, as they respectively apply:

(Rule No. 205 concluded on following page)

▲Neither an increase nor reduction in charges.

## SPECIAL RULES GOVERNING REFRIGERATION SERVICES AND CHARGES

**Rule No. 205—Concluded:****SHIPMENTS RECONSIGNED OR DIVERTED  
IN TRANSIT—Concluded****(B)—Concluded:**

- 1.—Five dollars and fifty cents (\$5.50) per car if the out of line or back haul movement is confined within the limits of a single origin group or two contiguous origin groups. See Exception.

**Exception.**—On intrastate traffic in the State of Idaho—Five dollars per car if the out of line or back haul movement is confined within the limits of a single origin group or two contiguous origin groups.

- 2.—Eight dollars and twenty-five cents (\$8.25) per car if the out of line or back haul movement is confined within the limits of three contiguous origin groups.
  - 3.—In all other cases—thirteen dollars and seventy-five cents (\$13.75) per car.
- (C)** In arriving at the charge to be assessed on shipments subject to the provisions of paragraph B, moving either wholly within one state or from one state to another state, each originating state group through which shipment passes in its journey for out of line or back haul service only should be counted as a separate group, the charge in all cases to be that arrived at via the route which can transport the shipment through the least number of origin groups as authorized by routing provided in tariffs publishing freight rates on file with the Interstate Commerce Commission or State Railroad Commissions.
- (D)** When the Standard Refrigeration Service charge to the point at which the shipment is reconsigned or diverted is greater than the charge applicable to the final destination the higher charge will govern, plus the additional charges provided in this rule.
- (E)** The charges provided in this rule will not be applicable to shipments reconsigned or diverted to points within the same switching limits.

**Rule No. 210:****ALLOWANCE FOR ICING BY SHIPPERS AT  
LOADING STATION**

- (A)** The carrier, at its option and for its own convenience, may permit shipper or owner to perform icing or salting, or both, at loading station and carrier will make allowance therefor on basis of actual cost of ice or salt, or both, supplied, but not exceeding the charge published in Section No. 4, subject to supervision and control by carrier, including verification of shipper's records. Not applicable to shipments moving under the provisions of Rules Nos. 240, 245, 247 or 249.
- (B)** Except as authorized in Rules Nos. 240, 245, 247 and 249, it will not be permissible for shipper to perform this service, except for the express convenience of and at the specific request of the initial carrier.
- (C)** No allowance will be made for the cost of any ice placed in the body of the car.
- (D)** Shipments will also be subject to the provisions of Rule No. 215.

**Rule No. 215:****DELAY TO ICED CARS AT LOADING STATIONS**

- (A)** Charges in this Section are conditioned on the understanding that when preiced or preiced and presalted cars are furnished they will be loaded and written shipping instructions delivered to the carrier's agent or representative in charge within twenty-four (24) hours after placement. See Exceptions Nos. 5 and 6.

- (1)** When shipper fails to load car and deliver written shipping instructions to the carrier's agent or representative in charge within twenty-four (24) hours after placement an additional charge of three dollars and seventy-five cents (\$3.75) per car for each succeeding twelve (12) hours or fraction thereof will be made for meltage of ice.

When salt is supplied with initial icing or prior to completion of loading the additional charge will be four dollars and fifty cents (\$4.50) per car for each succeeding twelve (12) hours or fraction thereof, for meltage of ice and wastage of salt. See Note.

**Note.**—When salt is not supplied until after completion of loading and shipper so certifies, the additional charge will be \$3.75 for each such period of twelve (12) hours or fraction thereof.

In no case shall the total charge assessed exceed the cost of initial icing and salting and all reicing and resalting supplied prior to completion of loading and delivery of written shipping instructions to carrier's agent or representative, at the charges provided in Section No. 4. See Exceptions Nos. 1, 2 and 7.

- (2)** When shipper orders preiced cars and the trackage assigned for loading will not permit placement of the number ordered for a specific date, cars will be considered as having been placed at the time they are available for placement at the loading station specified by the shipper. Not applicable at stations on the following lines:

Gulf and Ship Island Railroad Company;  
Gulf, Mobile and Northern Railroad Company;  
Illinois Central Railroad Company;  
Louisiana and Arkansas Railway Company, east of the Mississippi River;  
Louisville and Nashville Railroad Company;  
Mobile and Ohio Rail Road Company;  
St. Louis-San Francisco Railway Company, in the States of Alabama, Florida, Mississippi and Tennessee;  
Yazoo and Mississippi Valley Railroad Company.

- (3)** When a preiced car is placed before seven (7) A. M. of the date for which it is ordered, the twenty-four (24) hours allowed before charge for meltage commences shall be computed from seven (7) A. M. of the date for which car is ordered.

- (4)** If, under carriers' tariffs applicable lawfully on file with the Interstate Commerce Commission or State Railroad Commissions, or both, a preiced car is permitted to be loaded at two or more stations, the twenty-four (24) hours allowed for the loading of such car and delivery of written shipping instructions shall be computed from the time the car is placed at initial loading station; except that when the distance between the original loading station and final loading station is in excess of one hundred (100) miles and the second and succeeding loading stations are in direct line of movement to destination, no detention charge shall be assessed from the time car is released at the original loading station to time of arrival at the second loading station, nor from time of departure from second loading station until arrival at third and final loading station.

- (5)** Detention charges which accrue at origin may be paid by shipper to the originating carrier prior to issuance of bill of lading and forwarding of shipment.

- (B)** Carriers are not obligated to reice cars at loading station nor at any point between loading station and first reicing station, but in the event such service is performed it will be rendered only under the following conditions:

When on account of delay in commencing the loading of an iced car, empty car is (on shipper's request given or confirmed in writing) handled to icing plant for replenishing of ice, a charge of ①eleven dollars (\$11.00) per car will be

(Rule No. 215 concluded on following page)

①On intrastate shipments in the State of Idaho, apply charge of ten dollars (\$10.00) per car.

made for the movement from loading point to the nearest available icing plant and return to loading point; except where movement is within the switching limits of loading station, the switching or other published charge, if any, will be made, but in the absence of a charge, ② five dollars and fifty cents (\$5.50) per car will be assessed for the round trip, and will accrue to the carrier performing the service. During the process of loading cars will not be moved to icing plant for replenishing of ice. See Exception No. 3.

- (C) The provisions and charges are applicable when dry cars are loaded and initial icing is performed after placement, the period of detention to be computed from expiration of the first twenty-four (24) hours after cars are first iced after placement for loading.

## EXCEPTIONS

- (1) During the period May 1st to the following October 31st, inclusive, at stations in the Imperial Valley, Palo Verde Valley and Coachella Valley, California; Moapa Valley, Nevada; as described in Item No. 1105, also at all stations in Arizona, the detention charge will be five dollars (\$5.00) per car per twelve (12) hours or fraction thereof; when salt is supplied in conjunction with initial icing the additional charge will be five dollars and seventy-five cents (\$5.75) per car for each succeeding twelve (12) hours or fraction thereof, subject otherwise to all conditions of this rule. (Not applicable on Intrastate traffic. See Exception 2.)
- (2) Applicable only on Intrastate traffic.—During the period May 1st to the following October 31st, inclusive, at stations in the Imperial Valley, Palo Verde Valley and Coachella Valley, California; Moapa Valley, Nevada; as described in Item No. 1105, also at all stations in Arizona, the charge provided for in clause (A) will be five dollars (\$5.00) per car per twelve (12) hours or fraction thereof subject otherwise to all conditions of this rule.
- (3) Traffic originating at stations in the State of Georgia will not during the process of loading cars be moved to icing plant for replenishing of ice except when, on account of delay in completing the loading of Peaches in an iced car, such partially loaded car is (on shipper's request given or confirmed in writing) moved to an icing station, charge will be as follows:
  - (a) When movement is to an icing station within the switching limits of the loading station, the switching charge will be five dollars and fifty cents (\$5.50) per car for the round trip.
  - (b) When movement is from a loading station on the Atlanta, Birmingham and Coast Railroad Company not more than twenty (20) miles from Manchester, Ga., to the icing station at Manchester, Ga., the charge will be eleven dollars (\$11.00) per car for the round trip. For list of stations and distances, see Agent F. D. Miller's Freight Tariff No. 201-A, I. C. C. No. 1798, supplements thereto and successive reissues thereof.
- (4) <sup>▲</sup>This rule will not apply in connection with shipments moving under Rules Nos. 239 or 254 cooled at point of origin, Rule No. 240, or Rule No. 245 (exclusive of paragraph F thereof), except that it will apply on shipments initially iced by carriers, moving under Rule No. 240 or Rule No. 251 which are placed under Standard Refrigeration in transit and Standard Refrigeration charge appli-

cable from point of origin to destination is assessed; and further except that it will apply on shipments initially iced by carrier transported under Rule No. 240 which are placed under Rule No. 251 Service in transit and charge applicable under such rule is assessed.

- (5) Charges as provided in paragraph A will not apply on shipments cooled in car by shipper when he reices bunkers to capacity and so certifies, as provided under Rule No. 246. When shipper does not reice bunkers to capacity such charges will apply only up to the time cooling commences, provided car is completely loaded before cooling commences and provided shipper certifies on the written shipping instructions the date and hour cooling started, using the form of certification as provided below. Agent must enter same notation on waybill:

“Cooling started by shipper....., (hour)

.....”  
(date)

- (6) Applies only at stations in the States of Arizona, California, Colorado, Idaho, Kansas, Nebraska, Nevada, New Mexico, Oregon, Utah, Washington and Wyoming (except shipments cooled in car under the provisions of Rule No. 246, for which see Exception No. 5 of this rule): On a shipment loaded at a non-agency station, or at an agency station when carrier's agent or representative in charge is not on duty, shipper may, when he delivers written shipping instructions to the carrier, certify on same the date and hour loading completed, which date and hour will be used in computation of detention charges.
- (7) Cars delivered by The Atchison, Topeka and Santa Fe Railway Company, Northwestern Pacific Railroad Company, Southern Pacific Company (Pacific Lines), The Western Pacific Railroad Company to State Belt Railroad (operated by the State of California) for loading at San Francisco, Calif., the charge for meltage of ice will be as provided in this rule, except that the twenty-four (24) hour period provided in sub-paragraph 1 of paragraph A hereof, will be computed from time car is placed for loading on the State Belt Railroad until loading is completed and written shipping instructions delivered to Agent or representative of The Atchison, Topeka and Santa Fe Railway Company, Northwestern Pacific Railroad Company, Southern Pacific Company (Pacific Lines), or The Western Pacific Railroad Company, as the case may be.

## Rule No. 220:

## ICED CARS ORDERED BUT NOT USED

- (A) <sup>▲</sup>When car which has been iced, or iced and salted, upon order, is not used at station where car was to be loaded, the charge for ice, or ice and salt, based on entire quantity supplied car at initial icing will be collected from party ordering the car, applicable at the station where car was to be loaded, will govern.
- (B) <sup>▲</sup>Cancelled. See paragraph A.
- (C) When an iced, or iced and salted car is ordered for loading at a station on a carrier which does not publish a charge for ice, or ice and salt, the charge will be based on the quantity of ice, or ice and salt, initially supplied car at the charges published at station where such materials were furnished.
- (D) Charges will accrue to the carrier furnishing the iced car.
- (E) For charges covering ice and salt, see Section No. 4.

<sup>▲</sup>Neither an increase nor reduction in charges.

②On intrastate shipments in the State of Idaho, apply charge of five dollars (\$5.00) per car.

## SPECIAL RULES GOVERNING REFRIGERATION SERVICES AND CHARGES

## Rule No. 225:

**REICING SHIPMENTS AT INTERMEDIATE STOP OR HOLD POINTS, AT RECONSIGNING POINTS AND AT FINAL DESTINATION TRANSPORTED UNDER STANDARD REFRIGERATION****Service at Intermediate Points:**

- (A) When a car is stopped in transit for the purpose of partial unloading or is stopped on orders from shipper, owner or consignee at any intermediate point, between point of origin and final destination, and later forwarded (or has arrived at billed destination and is diverted or reconsigned to a new destination), carrier will reice when required, from time of arrival in terminal train yard serving such point until car is forwarded, filling bunkers to capacity. Before forwarding car from such point, bunkers or tanks will be reiced to capacity, except as provided by sub-paragraph 2 hereof and paragraph F. For charges to apply, see paragraphs E, F and J.

(1) When carriers' agent at a stop, hold or reconsigning point receives diversion or disposition order, or orders if more than one is given, or partial unloading is completed, prior to or within six (6) hours after arrival of car in the terminal train yard serving such point, car will not be considered as having been held. Not applicable to shipments of Evergreens stopped in transit for partial unloading, see paragraph J.

(2) For carriers' convenience, such ice may be furnished at any point within the same switching district.

(3) Carriers are not obligated to reice cars while held on private track at points intermediate to final destination. (See Item No. 1116.)

(4) When after arrival at intermediate point shipper, owner or consignee applies private lock or seal to car additional reicing will be furnished only on written instructions from shipper, owner or consignee (see Exception).

**Exception.**—Not applicable to shipments stopped in transit for partial unloading.

(5) The provisions of paragraph A and sub-paragraphs 1, 2, 3 and 4 are not applicable on shipments stopped for cooling in car by shipper at a point in transit. See Rule No. 246, Section B thereof, for provisions to govern.

**Service at Destination:**

- (B) After arrival of car in the terminal train yard serving the destination, and up to the time car is in process of unloading on team tracks, or until private lock or seal has been applied to the car by consignee or until car has been placed on private track (see Item No. 1116), carriers will, except as provided in paragraph C, examine bunkers or tanks daily and when such car requires additional ice, during such period, it will be reiced to capacity. After the unloading on team tracks has commenced or after car has been placed under private lock or seal by consignee, additional reicing will be furnished only on written instructions from shipper, owner or consignee. For charges to apply, see paragraph G. The term "destination," as referred to, will include all points of delivery within the established switching limits of any station.

**Reicing Instructions:**

- (C) Instructions will not be accepted from shipper, owner or consignee for reicing of car at intermediate stop, hold or reconsigning point, nor at final destination, except that after consignee has given written notice of acceptance at final destination carriers will accept written instructions from consignee or owner "Do not reice car." After unloading on team tracks has commenced, additional reicing will be performed only on written instructions from consignee. For charges to apply, see paragraphs E and G.

**Bunkers Three-Fourths Full Upon Arrival:**

- (D) Cars placed on hold, inspection, or delivery tracks, at intermediate stop points, hold points, or at final destination, with bunkers less than three-fourths full of ice, will

be reiced to capacity. See Exception. Bills for ice so supplied will be rendered against carrier to which the refrigeration revenue is credited. See paragraph H covering cars held in train yard serving Metropolitan District of New York, also stations in New Jersey.

**Exception.**—See Rule No. 246, Section B thereof, for provisions to govern service at intermediate points on shipments stopped for cooling in car by shipper.

**Charge for Icing at Intermediate Points:**

- (E) Charges for all ice or ice and salt supplied under the provisions of paragraph A will, except as provided in paragraphs D and J, be collected from shipper, owner or consignee on basis as provided in Section No. 4 in addition to all other charges.

The provisions of this paragraph E are not applicable on shipments stopped for cooling in car by shipper at a point in transit. See Rule No. 246, Section B thereof, for provisions to govern.

**Charge For First Icing Beyond Hold Point:**

- (F) When, on order of shipper, owner or consignee, cars are stopped or held at any intermediate point between point of origin and final destination, or have arrived at billed destination and are diverted or reconsigned to a new destination and there is no ice available at such point, an examination of bunkers will be made when car is forwarded to determine amount of ice required to fill bunkers or tanks to capacity and charge will be assessed against shipment in accordance with Section No. 4 at the first available regular icing station.

When a car arrives at an intermediate stop point, with bunkers less than three-fourths ( $\frac{3}{4}$ ) full of ice the amount of ice to be charged against shipment shall be the difference between the amount of ice required to fill the bunkers or tanks to capacity on arrival in train yard and the amount of ice required to fill the bunkers or tanks to capacity at time car is forwarded.

When cars are forwarded from such points following notation should be made on waybill:

"Cars not reiced at..... account no ice available. Reice to capacity at first regular icing station and out of the amount supplied charge shipment with..... pounds in accordance with provisions of Perishable Protective Tariff No. 11, Rule 225, paragraph F.

**Charge For Icing at Destination:**

- (G) Charges as provided in Section No. 4 for all ice supplied cars after arrival at final destination, without allowance for free time, will, except as provided in paragraph D, be assessed and collected from consignee in addition to all other charges.

**Cars Held in Train Yards Serving Metropolitan Districts, New York, N. Y., also Stations in New Jersey:**

- (H) Cars for delivery in New York, N. Y., Brooklyn, N. Y., Jersey City, N. J., Weehawken, N. J., Hoboken, N. J., Croxton, N. J., Mahattan Produce Yard, N. J., and Newark, N. J. (see Items Nos. 1107 to 1113, inclusive), and held in train yard serving final destination when arriving in destination train yard with bunkers less than three-fourths ( $\frac{3}{4}$ ) full of ice will be reiced to capacity and bills for ice so supplied will be rendered against carrier to which the refrigeration revenue is credited.

Carriers will examine bunkers or tanks daily and when such cars require additional ice during such period they will be reiced to capacity and the cost of such ice, as provided in Section No. 4 will be collected from owner or consignee, in addition to all other charges.

Instructions will not be accepted from shipper, owner or consignee regarding reicing of cars except that after consignee has given written notice of acceptance, carriers will accept written instructions from consignee or owner for additional reicing. The charge for such ice, as provided in Section No. 4, will be collected from owner or consignee, in addition to all other charges.

(Rule No. 225 concluded on following page)

## SPECIAL RULES GOVERNING REFRIGERATION SERVICES AND CHARGES

**Rule No. 225—Concluded:****REICING SHIPMENTS AT INTERMEDIATE STOP OR HOLD POINTS, AT RECONSIGNING POINTS AND AT FINAL DESTINATION TRANSPORTED UNDER STANDARD REFRIGERATION—Concluded****Detention at Destination:**

- (I) In the event car is detained after arrival in train yards serving final destination, due to negligence of carrier, the cost of ice or salt, or both, supplied on account of such delay will be absorbed by the carrier responsible for such negligence.

**Shipments Stopped in Transit for Partial Unloading:**

- (J) Shipments of Evergreens (See Item No. 1137) stopped in transit for partial unloading will be subject to an additional charge of three dollars (\$3.00) per car per stop to cover meltage of ice.

**Charge for Salt:**

- (K) When salt is supplied with ice and the ice is chargeable against shipment, salt will be charged for on the basis provided in Section No. 4, except as otherwise provided in paragraph J hereof, and in Rule No. 202.

**Term "Section No. 4":**

- (L) Wherever in this rule reference is made to "Section No. 4" it will be understood to include charges for ice or ice and salt, as provided for in Items Nos. 22100 to 22157, inclusive.

**Disposition of Charges:**

- (N) Charges for additional ice or salt, or both, supplied will accrue to the carrier on whose rails service is performed, except as otherwise provided below.

Charge accruing under paragraph J will be credited to the carrier to which Standard Refrigeration Service revenue is credited and bills for additional ice or salt, or both, supplied at the stop point will be rendered against such carrier on basis of charges published in Section No. 4.

**Rule No. 226:****ICING BY SHIPPER IN TRANSIT OR DESTINATION**

Shipper, owner or consignee will not be permitted to perform icing, in bunkers of cars, at any point in transit nor at destination, except after cars are placed on private track (See Item No. 1116).

**Rule No. 227:****INSPECTION IN TRANSIT**

Carriers will not accept instructions from shipper, owner or consignee to make an inspection while shipments are in transit in order to ascertain the amount of ice in the body and/or bunkers of car, nor furnish any information to shipper, owner or consignee relative to same.

**Rule No. 228:****FUMIGATING IN TRANSIT**

- (A) Shipments moving under Standard Refrigeration which are stopped in transit for fumigation and are reforwarded to destination in the original car, the refrigeration charges applicable from point of origin to final destination, plus charge for ice supplied at point where stopped in accordance with the provisions of Rule No. 225, will apply.
- (B) When shipments which have been stopped in transit for fumigation are not reforwarded in the original car the charges to apply will be in accordance with Rule No. 145.
- (C) When shipments of dried peas, transported in dry refrigerator cars, are fumigated in car in transit, by shipper, a charge of ten dollars (\$10.00) per car will be assessed. Charge not applicable on shipments fumigated in transit at stations in the States of Idaho and Washington.

♣Reduction.

**Rule No. 230:****OPENING OF VENTILATORS OF CARS UNDER STANDARD REFRIGERATION**

- (A) When shippers or their representatives open one or more ventilators at loading station, or instruct that cars under refrigeration shall move from loading station to first regular reicing station with one or more ventilators open, a charge of five dollars (\$5.00) per car will be made in addition to the Standard Refrigeration Service charge.
- (B) Carriers will, upon instructions from shippers, handle cars under Standard Refrigeration with one or more ventilators open from any regular reicing station, or from any point in transit where placed under Standard Refrigeration, to any subsequent regular reicing station or to final destination. A charge will be assessed, in addition to the Standard Refrigeration Service charge, at the rate of five dollars (\$5.00) per car for each movement with one or more ventilators open between any two consecutive regular reicing stations, or from point where placed under Standard Refrigeration, to the next regular reicing station, also between the last regular reicing station, or point where placed under Standard Refrigeration, and final destination when reicing at final destination is chargeable to the carrier.
- (C) Where service outlined in this rule is to be utilized, shipper must place on bill of lading and agent must place on waybill one of the following notations:
- "Leave.....(Number of) ventilators open. Close same at.....(name of regular reicing station)."
- "Open.....(Number of) ventilators at.....(name of regular reicing station). Close at.....(name of regular reicing station or destination)."
- (D) The provisions and charges covered by this rule will not apply on shipments while moving under the provisions of Rules Nos. 233, 239, 240, 245, 247, 249, 251, 254, 257 or 258.

**Rule No. 231:****DISCONTINUANCE OF ICING ON TOMATOES TRANSPORTED UNDER STANDARD REFRIGERATION SERVICE**

Upon receipt of instructions, in writing, from shipper, owner, or consignee, carriers will discontinue icing on shipments of tomatoes transported under Standard Refrigeration and will assess for such service the Standard Refrigeration Service charge applicable from point of initial icing to final destination of the shipment. After icing is discontinued, ventilation will be permitted (see Rule No. 85), but if on instructions from shipper, owner, or consignee, refrigeration is restored, additional charges as provided in Rule No. 230, will be assessed.

**Rule No. 232:****REMOVAL OF ICE FROM BUNKERS OF CARS CONTAINING TOMATOES**

- ♣On shipments of tomatoes transported under refrigeration service carriers, upon instructions of shipper, owner or consignee, will remove ice from bunkers of refrigerator car while held at stop, hold or reconsigning point or at destination at a charge of two dollars and fifty cents (\$2.50) per car, the charge to accrue to the carrier performing the service. The refrigeration charge governing the service under which shipment was transported applicable to final destination of car will be assessed.

## SPECIAL RULES GOVERNING REFRIGERATION SERVICES AND CHARGES

**Rule No. 233:****TOMATOES FROM NOGALES, ARIZONA, ORIGINATING IN THE REPUBLIC OF MEXICO, REICED IN TRANSIT****One Reicing in Transit:**

(A) Carload shipments of tomatoes originating in the Republic of Mexico, upon receipt of instructions from shipper, owner or consignee, will be handled at Nogales, Arizona, in accordance with sub-paragraphs 1, 2 or 3 as follows:

1. Cars received with ice in bunkers will be reiced once to capacity by carrier at Nogales, Arizona, or,
2. Cars received without ice in bunkers will be initially iced by carrier at Nogales, Arizona, or,
3. Cars received with ice in bunkers will be forwarded from Nogales, Arizona, without reicing, and upon instructions from shipper, owner or consignee, will be reiced once in transit at any regular icing station between Nogales, Arizona, and final destination, on basis of charges published in Items Nos. 1300 to 1354, inclusive. Waybills for such service must carry the following notation:

"Under ice from Nogales, Arizona, reice only once in transit at.....  
(Specify regular icing station.)

Rule No. 233."

**Two or More Reicings in Transit:**

(B) If, on instructions from shipper, owner or consignee, cars handled under the provisions of paragraph A are reiced in the bunkers more than once before arrival in the terminal train yard serving final destination same will be transported under Standard Refrigeration Service from point of second reicing to final destination. Agent must show on waybill:

"Placed under Standard Refrigeration at.....  
by.....Railroad. Make bills for ice supplied in transit against.....Railroad."

The charge to be assessed will be the charge applicable under paragraph A, based upon the movement from Nogales, Arizona, to the point of second reicing in bunkers, from which latter point the charge for Standard Refrigeration Service to final destination will be assessed, observing as maximum for the aggregate of these charges, the stated charge for Standard Refrigeration from Nogales, Arizona, to final destination. See Rule No. 231.

**Detention in Transit:**

(C) When shipments are stopped and held at a point intermediate to final destination on instructions of shipper, owner or consignee, and are placed under Standard Refrigeration Service, bunkers of cars will be reiced to capacity before forwarding from the stop or hold point and the expense of the first reicing to capacity by carrier included in the Standard Refrigeration Service charge; additional reicing performed at such intermediate point will be charged for on basis of charges published in Section No. 4 of this tariff, which charges shall be in addition to all other charges.

**Reicing at Final Destination:**

(D) If, on instructions from shipper, owner or consignee, cars are reiced in bunkers, after arrival in terminal train yard serving final destination, such reicing will be on basis of charges published in Section No. 4 and will be in addition to all other charges.

**Ventilation Service:**

(E) On written request of shipper, owner or consignee shipments will be placed under ventilation, as provided for in Rule No. 85, on basis of charges applicable from the point of origin as provided in paragraph A to the final destination of the shipment, but under no circumstances

shall the provisions of this paragraph be construed as nullifying the charges provided for in this rule in the event shipments are subsequently iced or reiced. When cars are transported with vents open prior to arrival at point of first reicing in transit refrigeration charge provided in paragraph A plus an additional charge of five dollars (\$5.00) per car will be assessed.

**RULE No. 235:****ICE IN BUNKERS AT DESTINATION**

All ice in the bunkers of refrigerator cars at destination is the property of the carrier.

**Rule No. 237:****COOLING CARS AT ORIGIN**

Applies on shipments of—

Cucumbers originating in Alabama, Florida and Georgia; Pineapples originating in Florida Group B (see Item No. 1011);

Potatoes, other than Sweet Potatoes or Yams, originating in Alabama, Florida, Georgia, Maryland Group A (see Item No. 1023), North Carolina and Virginia;

Tomatoes originating in Florida Group B (see Item No. 1011), Georgia, Maryland Group A (see Item No. 1023), North Carolina, South Carolina, Tennessee Group A (see Item No. 1051), and Virginia;

On cars initially iced with not to exceed 5,000 pounds prior to completion of loading which are transported from loading point under Standard Ventilation, as prescribed by Rule 85 of this tariff, and are not reiced in transit, a charge of five dollars (\$5.00) per car will be assessed in addition to the cost of ice, as per Section No. 4, when initial icing is performed by carrier. Shippers instructions on bill of lading must read:

"Initially iced by (shipper or carrier) with....pounds. Do not reice. Rule 237. Standard Ventilation."

Shippers must certify on bill of lading and shipping instructions quantity of ice placed in bunkers of car, also maintain a complete and accurate record thereof, subject to check by carriers' representatives.

**RULE No. 239:****CITRUS FRUITS FROM CALIFORNIA AND ARIZONA PREICED AND REPLENISHED BY CARRIER**

(A) **Preicing and Replenishing by Carrier.**—On shipments of citrus fruits originating at stations in Arizona Group A (see Item No. 1002), California Groups A, B and C (see Item No. 1005), and California Groups A, B, C, D, E, F (see Item No. 1006), carriers will, on request of shipper, furnish preiced cars for handling under one of the services covered by paragraph C. After loading is completed, carriers will replenish bunkers of cars to capacity at the first regular icing station from the shipping point, and nearest thereto in the direction of movement from the shipping point. If shipping point be a regular icing station, replenishing will be performed at such shipping point.

(B) **Cooling by Shipper.**—If shipper elects to cool shipment in car at point of origin or at the first regular icing station in transit, provisions and charges of Rule No. 246 will apply, in addition to charges applicable under paragraph D.

(Rule No. 239 concluded on following page)

♠Reduction.

♠Neither an increase nor reduction in charges.

## SPECIAL RULES GOVERNING REFRIGERATION SERVICES AND CHARGES

## Rule No. 239—Concluded:

**CITRUS FRUITS FROM CALIFORNIA AND ARIZONA PREICED AND REPLENISHED BY CARRIER—Concluded**

(C) **Shippers Instructions and Waybill Notations.**—Shipper must specify on shipping order and/or bill of lading one of the shipping instructions indicated below and agent must enter on the waybill the notation as given below to cover the service:

- (A)—Service.
- (B)—Shipper's Instructions.
- (C)—Waybill Notation.

- 1—(A) Cars preiced by carrier; replenish; do not reice.  
 (B) "Preiced by carrier; replenish; do not reice beyond. Rule 239."  
 (C) "Preiced car furnished; replenish at..... (Specify first icing station in direction of movement from loading point); do not reice beyond. Rule 239."
- 2—(A) Cars preiced by carrier; replenish; reice only once in transit.  
 (B) "Preiced by carrier; replenish; reice only once in transit at..... (Specify regular icing station); do not reice beyond. Rule 239."  
 (C) "Preiced car furnished; replenish at..... (Specify first icing station in direction of movement from loading point); reice at..... (Specify regular icing station shown on shippers instructions); do not reice beyond. Rule 239."

(D) **Charges Applicable.**—Charges for the service as outlined in paragraph C will be:

**From—**

Arizona—See Items Nos. 1300 to 1354, inclusive.  
 California—See Items Nos. 1900 to 1954, inclusive;  
 Items Nos. 2200 to 2252, inclusive; Items Nos. 2510 and 2532.

(E) **Salt, furnishing of.**—Salt will be supplied by the carriers in accordance with the provisions and charges of Rule No. 202.

(F) **Position of Ventilating Devices.**—Cars will be handled with plugs in and vents closed to final destination.

(G) **Change in Service.**—On instructions from shipper, owner or consignee service provided for in sub-paragraph 1 of paragraph C will be changed to that provided for in sub-paragraph 2 of paragraph C and charges applicable under paragraph D will be assessed as they respectively apply, or carriers will change service referred to in sub-paragraphs 1 or 2 of paragraph C to Standard Refrigeration Service.

♦♦ If, on instructions from shipper, owner or consignee, service is changed to Standard Refrigeration Service or shipment is given an additional icing service to that referred to in the preceding paragraph, prior to arrival in terminal train yard serving final destination, shipment will be transported under Standard Refrigeration Service at charges applicable under paragraph D from loading point to the point of change in service, plus the charge for Standard Refrigeration from such point to final destination, observing as maximum for the aggregate of these charges the charge for Standard Refrigeration Service for a preiced car from the loading point to final destination, exclusive of any charge under Rule No. 215, or any additional charge as provided in Rule No. 246.

When under the provisions of this rule service is changed to Standard Refrigeration Service, agent must enter on waybill:

"Placed under Standard Refrigeration at ..... by ..... Railroad. Make bills for ice supplied in transit against ..... Railroad."

(I) **Detention in Transit.**—When shipments are stopped and held at a point intermediate to final destination on instructions of shipper, owner or consignee, and are placed under Standard Refrigeration Service, bunkers of cars will be reiced to capacity before forwarding from the stop or hold point and the expense of the first reicing to capacity by carrier included in the Standard Refrigeration Service charge; additional reicing performed at such intermediate point will be charged for on basis of charges published in Section No. 4 of this tariff, which charges shall be in addition to all other charges.

(J) **Reicing at Final Destination.**—If, on instructions from shipper, owner or consignee, cars are reiced in bunkers after arrival in terminal train yard serving final destination, such reicing will be on basis of charges published in Section No. 4 and will be in addition to all other charges.

(K) **Ventilation Service.**—Under the above rules and charges shipments will, on written request of shipper, owner or consignee, be placed under ventilation as provided for in Rule No. 85, and in such cases the charge to apply will be the charge applicable from the point of origin as provided in paragraph D to the final destination of the shipment, but under no circumstances shall the provisions of this paragraph be construed as nullifying the charges provided for in this rule, in the event shipments are subsequently iced or reiced. When cars are transported with vents open prior to arrival at point of first reicing in transit, the refrigeration charge applicable shall be as provided in paragraph D of this rule, from point of origin to point of first reicing from which latter point the charge for Standard Refrigeration Service to final destination will be assessed, observing as maximum for the aggregate of these charges, the charge for Standard Refrigeration from the point where car was initially iced, and cars will be transported under Standard Refrigeration Service from point of first reicing.

**Note.**—Shipments of Citrus Fruits, preiced, precooled and replenished by carrier, see paragraph F of Rule 245.

## Rule No. 240:

**HANDLING SHIPMENTS INITIALLY ICED IN BUNKERS OF CARS**

(A) **Cars Initially Iced in Bunkers.**—When a carload shipment of fruits, vegetables, berries, melons, or other perishable freight to which this Section is applicable, or a less than carload shipment of fruits, vegetables, berries or melons as provided in Rule No. 260, is to be forwarded under instructions—"Do not reice," or one of the classes of ventilation services as provided for in Rule No. 85, the carrier upon request of shipper will furnish car iced (or iced and salted) in bunkers or permit the shipper at his election to perform icing at loading station, but only when icing involves no movement of the car from location where iced to another location for loading or no movement from location where loaded to another location for icing, or when shipment is forwarded in a refrigerator car without ice carrier will furnish one icing, in transit, under the terms and conditions of paragraph 3 of paragraph B, and have waybill endorsed "Do not reice."

If the quantity of ice desired is less than the bunker capacity of car, shipper's request should so specify. For charges to apply, see paragraph B.

See Rule No. 245 for regulations and charges to apply on shipments of citrus fruit from Arizona and California which are precooled by shipper in a regularly established precooling plant and preiced by shipper; or on shipments of citrus fruit precooled and initially iced by carrier at carrier precooling plants.

## SPECIAL RULES GOVERNING REFRIGERATION SERVICES AND CHARGES

## Rule No. 240—Continued:

**HANDLING SHIPMENTS INITIALLY ICED IN BUNKERS OF CARS—Continued**

- (B) 1. **Charge Covering Initial Icing by Carrier.**—When a car iced or iced and salted is furnished by carrier the charge applicable shall be as published in Items Nos. 22100 to 22157, inclusive, in Section No. 4, plus an additional charge arrived at as follows:

If movement is within one origin group (see Items 1000 to 1060, inclusive).....five dollars (\$5.00) per car.

If destined to a point in a contiguous origin group, or if movement between points in one group is through a contiguous group.....seven dollars and fifty cents (\$7.50) per car. And to all other destinations 20% of the Standard Refrigeration Service charge. (See Item No. 1145.)

See Exceptions Nos. 4 and 7.

In arriving at the additional charge provided for above (when the destination is beyond the limits of the origin group in which shipment originated) each origin group (See Items 1000 to 1060, inclusive) through which shipment is transported, shall be considered a separate group, except when tariffs on file with the Interstate Commerce Commission or State Railroad Commissions, publishing the freight charges under which shipment is transported, authorize movement via routes traversing a lesser number of such origin groups with a lower additional charge, in which case the additional charge shall be that applicable via the route through the least number of origin groups. See Exception No. 1.

In arriving at the charge under paragraph A, either wholly within one state or from one state to another state, each originating state group through which the shipment passes should be counted as a separate group, the through charge in all cases to be that arrived at via the route which can transport the shipment through the least of number of origin groups, as authorized by routing provided in tariffs publishing the freight rates on file with the Interstate Commerce Commission or State Railroad Commissions. See Exception No. 1.

When initial icing is supplied prior to loading and at a station other than the loading station, the loading station will be considered as the first icing station in arriving at the charge for initial icing. See Exception No. 6.

- 2. Charge Covering Initial Icing by Shippers.**—When car is initially iced or iced and salted in bunkers by shipper, the additional charge will be: five dollars (\$5.00), seven dollars and fifty cents (\$7.50) or 20% of Standard Refrigeration Service charge, as may be applicable. See Exception No. 4.

- 3.—Charge Covering Initial Icing in Transit.**—When shipments are forwarded in refrigerator car without ice, carrier will, upon reasonable advance written notice from shipper, owner or consignee, have car initially iced in bunkers at a regular icing station in transit and in such cases, charges as provided for in paragraph 1 will be assessed (see Exception No. 4), charge to be based upon the movement from the point of initial icing to final destination, but the charge (exclusive of charges published in Items Nos. 22100 to 22157, inclusive, Section No. 4) shall in no case exceed the charge applicable from point of origin of shipment. If the request cannot be complied with at the designated station, the change in service will be made at the first available regular icing station.

At carrier's convenience, ice may be supplied at any point in the same switching district.

When cars are placed under refrigeration in transit, proper notation must be made on waybill showing name of point at which car is initially iced and the amount of ice supplied. Waybill must be endorsed, "Do not reice."

- 4. Charge Covering Initial Icing at Destination.**—The zone charges provided in paragraph 1 will not apply on cars which are initially iced after arrival at final destination.

- (C) **Shippers' Instructions.**—Shippers must show on shipping instructions and bills of lading one of the following as they may respectively apply:

1. "Initially iced by carrier; Do not reice. Rule 240."
2. "Initially iced by shipper; Do not reice. Rule 240."
3. "Initially ice at first regular icing station; Do not reice. Rule 240."
4. "Initially ice at.....(Specify regular icing station); Do not reice. Rule 240."
5. "Initially ice at.....(Specify regular icing station) with.....pounds of ice, Do not reice. Rule 240."

- (D) Charges as provided in paragraph B will apply regardless of whether or not ice supplied by carrier or shipper may be exhausted due to use of fans in precooling, by meltage or otherwise, prior to departure of car from point of origin, or point of initial icing or in transit.

- (E) **Reicing at Final Destination.**—If, on instructions from shipper, owner or consignee, cars handled under the provisions of paragraphs A and B are reiced in bunkers after arrival in terminal train yard serving final destination, charges published in Section No. 4 will apply and will be in addition to all other charges.

- (F) **Reicing in Transit.**—If, on instructions from shipper, owner or consignee, cars handled under the provisions of paragraphs A and B of this rule are reiced in bunkers before arrival in terminal train yard serving final destination, same shall be handled under Standard Refrigeration Service and charges from point of such reicing to final destination. See Exceptions 2 and 3. In such instances the Agent must show on waybill:

"Placed under Standard Refrigeration at..... by.....Railroad. Make bills for ice supplied in transit against.....Railroad."

Reicing in transit will be supplied only at a regular icing station. If the request cannot be complied with at the designated station, the change in service will be made at the first regular icing station available.

In such cases the charges under paragraph B shall be based upon the movement from loading station, or from point of initial icing when initially iced in transit, to point of reicing in bunkers, from which latter point Standard Refrigeration Service charge to destination will apply, observing as maximum the Standard Refrigeration Service charge from loading station or from point of initial icing when initially iced in transit, whichever is lower, exclusive of any charges under Rules 202, 203 or 215.

The charge covering initial icing will be included in the Standard Refrigeration Service charge only when performed by carrier.

(Rule No. 240 concluded on following page)

\*Neither an increase nor reduction in charges.

## SPECIAL RULES GOVERNING REFRIGERATION SERVICES AND CHARGES

## Rule No. 240—Concluded:

HANDLING SHIPMENTS INITIALLY ICED  
IN BUNKERS OF CARS—Concluded

## (F)—Concluded:

When shipments are stopped and held at a point intermediate to final destination on instructions of shipper, owner or consignee, and are placed under Standard Refrigeration Service, bunkers of cars will be reiced to capacity before forwarding from the stop or hold point, and the expense of the first reicing to capacity by carrier, included in the Standard Refrigeration Service charge. Additional ice supplied at such intermediate point will be on basis of charges published in Section No. 4, and will be in addition to all other charges.

- (G) **▲Ventilation.**—Cars will be handled with plugs in and vents closed to destination, unless otherwise instructed by shipper, owner or consignee.

If ventilation is desired in conjunction with refrigeration service as provided by this rule, shipper must specify the kind of ventilation, as authorized by Rule No. 85, but the furnishing of ventilation shall not be construed as requiring the removal of ice from bunkers nor nullifying in any way the charges provided in this rule.

## EXCEPTIONS

1. (a) On shipments destined to points in New York origin Group C, as per Item No. 1036, when originating in New York origin Group A will be considered as moving through two origin groups, and when originating in New York origin Group B will be considered as moving through one origin group and charges assessed accordingly.
- (b) Charges to apply from points in Groups A and B, New York State, to Jersey City, Hoboken and Weehawken, N. J., will be the same as to New York, N. Y. Shipments from Jersey City, Hoboken or Weehawken, N. J., destined to New York City or Brooklyn, N. Y., will be considered as being transported through one origin group and charges assessed accordingly.
- (c) Shipments originating at Rutland Railroad stations Alburgh to Bennington, Vt., inclusive, including stations on the Addison Branch; Delaware and Hudson Railroad stations Rouses Point to Troy, N. Y., inclusive, Whitehall to Rutland, Vt., and Castleton, Vt. to Eagle Bridge, Vt., inclusive; destined to New York City and intermediate points will be considered as being transported through one origin group and subject to a charge of five dollars (\$5.00).
2. Shipments originating at stations in Alabama, Arizona, Arkansas, California, Colorado, Delaware, Florida (Group B), Georgia, Idaho, Illinois (Group C), Iowa, Kansas, Louisiana, Maryland, Minnesota, Mississippi, Missouri, Montana, Nebraska, Nevada, New Mexico, North Carolina, North Dakota, Oklahoma, Oregon, Pennsylvania (Group C), South Carolina, South Dakota, Tennessee, Texas, Utah, Virginia, Washington, West Virginia, Wyoming, moving under instructions "Initially iced—do not reice" and which on subsequent instructions of shipper or consignee are reiced only once in transit, or on shipments which are billed "Initially iced—reice once in transit." For regulations and charges to apply, see Rules Nos. 233, 245, 247, 249, 251, 257 and 258.

3. Shipments originating at stations in Arkansas, Arizona, California, Colorado, Idaho, Nevada, New Mexico Groups A and B, Oregon, Texas Groups H and I, Utah and Washington, which are billed to "Replenish." For regulations and charges, see Rule No. 239, paragraph F of Rule No. 245, and Rule No. 254.

On shipments initially iced by carrier and moving from point of origin under the provisions of Rule No. 240, instructions will be accepted to change class of service to Rule No. 239, paragraph F of Rule No. 245, and Rule No. 254 provided such change in instructions can be accomplished on or before arrival of cars at the first regular icing station from shipping point and nearest thereto in direction of movement from shipping point. No instructions will be accepted to change class of service from Rule No. 240 to that of Rule No. 239, paragraph F of Rule No. 245, and Rule No. 254 after arrival at such first regular icing station from shipping point.

4. On shipments initially iced at stations located in <sup>▲</sup>Alabama, Arizona, Arkansas, British Columbia, California, Colorado, Florida, Georgia, Idaho, Illinois (Group C), Iowa, Kansas, Louisiana, Minnesota, <sup>▲</sup>Mississippi, Missouri, Montana, Nebraska, Nevada, New Mexico, North Carolina, North Dakota, Oklahoma, Oregon, South Carolina, South Dakota, <sup>▲</sup>Tennessee Group A, Texas, Utah, Virginia (Group B), Washington and Wyoming apply, in lieu of the additional charge of—five dollars (\$5.00), seven dollars and fifty cents (\$7.50), of 20% of the Standard Refrigeration Service charge, the specific charges as published on pages 149 to 364, inclusive, as they respectively apply, except as provided in the following paragraph.

On shipments of crushed, evaporated, dried, frozen, cold pack, canned, or preserved fruits, berries, vegetables or melons and/or fruit juices in straight or mixed carloads, the provisions and charges published in paragraph B will govern, except where specifically provided for on pages 149 to 364, inclusive.

(a) The additional charges provided in this rule will not be applicable to shipments of Fresh Meats and Packing House Products moving as follows:

When originating at stations in the States of Arizona, California, Nevada, Oregon or Washington moving to interstate destinations shown in tariff.  
On intrastate traffic in the States of Arizona, California, Oregon or Washington.

5. Provisions cancelled. <sup>▲</sup>See Rule No. 237.
6. On cars which have been initially iced in Idaho Group B, see Item No. 1013, prior to being placed for loading at points in Oregon Group B, see Item No. 1043, the initial icing will be on basis of charges applicable at points in Idaho Group B, as published under Section No. 4.
7. Shipments moving between stations in the St. Louis, Mo., switching district and stations in the East St. Louis, Ill., switching district will be considered as moving through one origin group and subject to a charge of \$5.00 per car.

For list of stations located within the switching limits of East St. Louis, Ill., and St. Louis, Mo., see St. Louis-East St. Louis Terminal Lines Switching Tariff No. 1-V, J. R. Peel's I. C. C. No. 2987, supplements thereto and reissues thereof.

8. Citrus fruits from Florida Group B to Boston, Mass., New York, N. Y., Philadelphia, Pa., and Baltimore, Md., when transported under "Special Refrigeration Service" will be as provided for in Southern Freight Tariff Bureau Freight Tariff No. 232-A, F. D. Miller's I. C. C. No. 1828, Item No. 295 thereof, supplements thereto and successive reissues.

<sup>▲</sup>Reduction.

<sup>▲</sup>Neither an increase nor reduction in charges.

## SPECIAL RULES GOVERNING REFRIGERATION SERVICES AND CHARGES

## Rule No. 241:

**TOP OR BODY ICING SERVICE ON SHIPMENTS  
ORIGINATING IN CANADA DESTINED  
UNITED STATES**

- (A) Carload shipments of vegetables originating in the Provinces of British Columbia, New Brunswick, Nova Scotia, Ontario (Group A), Prince Edward Island and Quebec, and destined to points in the United States, as shown in the tables of charges for Standard Refrigeration Service in this Section tendered for transportation under refrigeration or ventilation (with or without ice in the bunkers) shippers will, subject to the provisions of this rule, be permitted to place in the body of the car at point of origin a maximum of 6,000 pounds of ice (not including ice in the packages with the freight), which ice must be furnished and placed on the load by shippers. Ice in excess of the amount specified, will be transported and charged for on basis of the freight rate applicable to the lowest rated vegetables.
- (B) When carload shipments to which this rule is applicable are tendered for transportation with ice in the body of the car (not including ice packed in packages), an additional charge will be made which shall be 20% of the Standard Refrigeration Service charge for full Standard Refrigeration (See Exception), and which charge will be in addition to the Standard Refrigeration Service charge (see Item No. 1145) for shipments moving under full refrigeration and in addition to the charge where cars are only initially iced as per Rule No. 240.
- (C) On shipments tendered to carriers with ice in body of car, as authorized by this rule, shippers must certify on shipping order the actual weight of ice placed in the body of the car.
- (D) Shipments handled under the provisions of this rule will be entirely at owner's risk of deterioration and frost damage.

**Exception.**—On shipments transported under the provisions of this rule originating at stations in British Columbia apply, in lieu of 20% of the Standard Refrigeration Service charge as provided in paragraph B hereof, the specific charges published in Items Nos. 12900 to 12938, inclusive, pages 362 and 363.

## Rule No. 242:

**TOP OR BODY ICING SERVICE  
—WESTERN TERRITORY**

On vegetables in straight carloads or when mixed with fruits, berries, melons and/or other perishable freight, to which this section is applicable, originating in the states listed in paragraph A, shippers will, subject to the provisions of this rule, be permitted, at point of origin, to place in body of car—refrigerator, box or ventilator—pieces of ice which do not exceed approximately 20 pounds in weight (see Note 3), except as otherwise provided in paragraphs 1 and 2 below.

- (1) With vegetables, in bunches or bulk, in mixed carloads with vegetables in packages, the weight of the latter not to exceed seventy-five per cent (75%) of the total weight of shipment, pieces of ice placed on that portion of load not in packages may weigh not to exceed approximately fifty (50) pounds (see Note 3).
- (2) Pieces of ice weighing not to exceed approximately one hundred (100) pounds will be permitted to be placed one layer deep in body of car next to bunkers (see Note 3).
- (A) Traffic originating in the States of Arizona, Arkansas, California, Colorado, Idaho, Illinois, Iowa, Kansas, Louisiana (west of the Mississippi River), Minnesota, Missouri, Montana, Nebraska, Nevada, New Mexico, North Dakota, Oklahoma, Oregon, South Dakota, Texas, Utah, Washington, Wisconsin and Wyoming destined to destinations shown in tariff:

- (1) 10,000 pounds or less of ice (not including ice in the package with the freight) on basis of charges published on pages 153 to 361, inclusive. Not applicable from Illinois Groups A and B (see Item 1014) or Wisconsin.

From Illinois Groups A and B (see Item 1014) and Wisconsin.—10,000 pounds or less of ice (not including ice in the package with the freight), at an additional charge of five dollars (\$5.00) per car if the journey from point of origin to final destination is confined within the limits of a single origin group (see Items Nos. 1000 to 1060, inclusive), seven dollars and fifty cents (\$7.50) if it is confined within the limits of two contiguous origin groups, and in all other cases twenty per cent (20%) of the highest charge for Standard Refrigeration service applicable on any of the Vegetables in the car.

- (2) Over 10,000 pounds and not exceeding 15,000 pounds of ice (not including ice in the package with the freight), on basis of charges provided for 15,000 pounds as published on pages 153 to 361, inclusive. Not applicable from Illinois Groups A and B (see Item 1014) or Wisconsin.

From Illinois Groups A and B (see Item 1014) and Wisconsin.—Over 10,000 pounds and not exceeding 15,000 pounds of ice (not including ice in the package with the freight), at an additional charge of seven dollars and fifty cents (\$7.50) per car if the journey from point of origin to final destination is confined within the limits of a single origin group (see Items Nos. 1000 to 1060, inclusive), eleven dollars and twenty-five cents (\$11.25) if it is confined within the limits of two contiguous origin groups, and in all other cases thirty per cent (30%) of the highest charge for Standard Refrigeration service applicable on any of the Vegetables in the car.

- (3) Over 15,000 pounds and not exceeding 20,000 pounds of ice (not including ice in the package with the freight), on basis of charges provided for 20,000 pounds as published on pages 153 to 361, inclusive. See Exception No. 1. Not applicable from Illinois Groups A and B (see Item 1014) or Wisconsin.

From Illinois Groups A and B (see Item 1014) and Wisconsin.—Over 15,000 pounds and not exceeding 20,000 pounds of ice (not including ice in the package with the freight), at an additional charge of ten dollars (\$10.00) per car if the journey from point of origin to final destination is confined within the limits of a single origin group (see Items Nos. 1000 to 1060, inclusive), fifteen dollars (\$15.00) if it is confined within the limits of two contiguous origin groups, and in all other cases forty per cent (40%) of the highest charge for Standard Refrigeration Service applicable on any of the Vegetables in the car. See Exception No. 1.

- (4) Ice in excess of 20,000 pounds will be transported and charged for on basis of the freight rate applicable on the lowest rated commodity contained in the car. See Exception No. 1.
- (5) On carload shipments of mixed vegetables, or vegetables mixed with fruits, berries, melons and/or other perishable freight, apply the highest charge applicable on any of the vegetables loaded in the car, as published in this Section covering service of top icing based upon the maxima amount of top icing as provided in sub-paragraphs 1, 2 and 3 as they may respectively apply.

- (B) Shipments originating in the Republic of Mexico, passing through the first point of entry to the United States with ice which was placed on top of load in body of car in the Republic of Mexico, will be subject to the provisions of this rule, except the charges assessed will be those provided in sub-paragraph 1, paragraph A.

## Rule No. 243:

## TOP OR BODY ICING SERVICE—EASTERN AND SOUTHERN TERRITORIES

## SECTION A

- (A) On shipments of vegetables originating in the District of Columbia and the States of Alabama, Connecticut, Delaware, Florida, Georgia, Indiana, Maine, Maryland, Massachusetts, Michigan, Mississippi, New Hampshire, New Jersey, New York, North Carolina, Ohio, Pennsylvania, Rhode Island, South Carolina, Vermont, Virginia, and West Virginia, shippers will, subject to the provisions of this rule, be permitted, at point of origin to place ice in body of car—refrigerator, box or ventilator,

subject to a maximum of 9,600 pounds of ice (not including ice in the packages with the freight) on straight or mixed carload shipments of cauliflower and broccoli, or shipments of cauliflower and/or broccoli mixed with other vegetables, but only when the weight of the cauliflower and/or broccoli is equal to the minimum weight prescribed in tariffs on file with the Interstate Commerce Commission. A maximum of 7,500 pounds of ice (not including ice in the packages with the freight) on other vegetables in straight or mixed carloads, exclusive of cauliflower and/or broccoli. (See Exceptions 3 and 4.)

Pieces of ice used in top icing shipments of vegetables loaded in packages must not exceed twenty (20) pounds in weight. When the weight of the pieces of ice is greater than twenty (20) pounds, there shall be assessed in addition to the charges prescribed in paragraph B, twenty per cent of the Standard Refrigeration Service charge applicable from point of origin to destination. Not applicable on intrastate traffic in the States of Florida, Georgia, North Carolina, South Carolina, Virginia and West Virginia.

<sup>▲</sup>Ice in excess of the amounts specified will be charged for on basis of the freight rate applicable on the lowest rated commodity contained in car.

- (B) <sup>▲</sup>On carload shipments described in paragraph A, an additional charge of five dollars (\$5.00) will be assessed if the journey from point of origin is confined within the limits of a single origin group (see Items Nos. 1000 to 1060, inclusive), seven dollars and fifty cents (\$7.50) if it is confined within the limits of two contiguous origin groups, and in all other cases twenty per cent of the Standard Refrigeration Service charge. (See exceptions.)
- (C) In arriving at the charge to be assessed under paragraph B, on shipments moving either wholly within one state or from one state to another state, each originating state group through which the shipment passes should be counted as a separate group, the through charge in all cases to be that arrived at via the route which can transport the shipment through the least number of origin groups, as authorized by routing provided in tariffs publishing the freight rates on file with the Interstate Commerce Commission or State Railroad Commissions.
- (D) Shippers must certify on bill of lading and shipping instructions number of pounds of ice placed in the body of car; also maintain a complete and accurate record thereof, subject to check by carriers' representatives.
- (E)<sup>▲</sup>Cars will be handled with plugs in and vents closed to destination unless otherwise instructed by shipper, owner or consignee. If ventilation is desired shipper, owner or consignee must specify the class of ventilation, as authorized by Rule No. 85.
- (F) The provisions and charges published in this rule will also apply on less than carload shipments of vegetables when transported in individual cars, as provided in Rule No. 630.
- (G) For rules and regulations governing retop icing, see Rule No. 248.

## EXCEPTIONS

- <sup>▲</sup>Shipments loaded in box or ventilator type box cars, originating in the States of Maryland and Virginia, tendered for transportation with ice in the body of the car, will not be subject to the charges prescribed in this rule. This exception will not be applicable to shipments originating on the Atlantic Coast Line Railroad Company nor the Seaboard Air Line Railway, regulations and charges prescribed in paragraphs A and B apply.

Pennsylvania R. R. Co.;  
Richmond, Fredericksburg and Potomac R. R. Co.;  
Virginian Ry. Co.;  
Western Maryland Ry. Co.

2. On shipments destined to points in New York origin Group C, see Item No. 1036, when originating in New York Group A will be considered as moving through two origin groups, and when originating in New York Group B will be considered as moving through one origin group and charges assessed accordingly.

The charges from points in Groups A and B, New York State, to Jersey City, Hoboken and Weehawken, N. J., will be the same as to New York, N. Y.

3. <sup>▲</sup>Shipments originating at stations in the State of New York, shippers will, subject to the provisions of this rule, be permitted, at point of origin to place ice in body of car—refrigerator, box or ventilator, subject to a maximum of 9,600 pounds of ice (not including ice in the packages with the freight) on straight or mixed carload shipments of cauliflower, lettuce, spinach and broccoli, or shipments of cauliflower, lettuce, spinach and/or broccoli mixed with other vegetables, but only when the weight of the cauliflower, lettuce, spinach and/or broccoli is equal to the minimum weight prescribed in tariffs on file with the Interstate Commerce Commission or New York Public Service Commission. A maximum of 7,500 pounds of ice (not including ice in the packages with the freight) on other vegetables in straight or mixed carloads, exclusive of cauliflower, lettuce, spinach and/or broccoli.

4. On shipments of vegetables originating in the States of Alabama (See Note A), Florida, Georgia, North Carolina, South Carolina, Virginia Group B, shippers will be permitted to place ice in the body of car—refrigerator, box or ventilator—at point of origin subject to the following:

- 10,000 pounds or less of ice (not including ice in the packages with the freight), <sup>♣</sup>on basis of charges published on pages 149 to 347, inclusive.
- Over 10,000 pounds and not exceeding 15,000 pounds of ice (not including ice in the packages with the freight), <sup>♣</sup>on basis of charges published on pages 149 to 347, inclusive.
- Pieces of ice used in top icing shipments of vegetables loaded in packages must not exceed twenty (20) pounds in weight. When the weight of pieces of ice is greater than twenty (20) pounds there shall be assessed in addition to the basis of charges prescribed in paragraphs a and b above, twenty per cent of the Standard Refrigeration Service charge from point of origin to destination. Not applicable on intrastate traffic in the States of Florida, Georgia, North Carolina or South Carolina.
- Ice in excess of 15,000 pounds will be charged for on basis of the freight rate applicable on the lowest rated commodity contained in the car.
- Shipments will also be subject to the provisions of paragraphs C to G, inclusive.
- Provisions of Exception 4 are not applicable on Alabama intrastate traffic. Regulations and charges as published in paragraphs A to G, inclusive, will apply.

Note A.—<sup>▲</sup>Applicable only on shipments originating at stations on the Atlanta, Birmingham and Coast R. R. Co., Atlantic Coast Line R. R. Co., Central of Georgia Ry. Co., Seaboard Air Line Ry., and Western Railway of Alabama. On shipments originating at stations on other carriers in the State of Alabama, apply the regulations and charges prescribed in Section B of this rule.

5. On shipments originating in the State of Mississippi, regulations and charges prescribed in this section of the rule apply only on intrastate traffic. Shipments moving to interstate destinations apply the regulations and charges prescribed in Section B of this rule.

## SECTION B

Transporting shipments of vegetables with ice in body of car—refrigerator, box or ventilator, originating in the States of Alabama, Kentucky, Louisiana (east of the Mississippi River), Mississippi and Tennessee:

- (A) On carload shipments of vegetables originating in the States of Alabama (see Exception 1), Kentucky, Louisiana (east of the Mississippi River), Mississippi and Tennessee, shippers will be permitted to place ice in the body of the car at point of origin, subject to the following:

- 10,000 pounds or less of ice (not including ice in the package with the freight), <sup>♣</sup>on basis of charges published on pages 149 to 318, inclusive. Not applicable from stations in Kentucky Groups A and B, or Tennessee Group B.  
<sup>▲</sup>From Kentucky Groups A and B, and Tennessee Group B.—10,000 pounds or less of ice (not including ice in the package with the freight), at an additional charge of five dollars (\$5.00) per car if the journey from point of origin to final destination is confined within the limits of a single origin group (see Items Nos. 1000 to 1060, inclusive), seven dollars and fifty cents (\$7.50) if it is confined within the limits of two contiguous origin groups, and in all other cases twenty per cent (20%) of the Standard Refrigeration Service charge.
- Over 10,000 pounds and not exceeding 15,000 pounds of ice (not including ice in the package with the freight), <sup>♣</sup>on basis of charges published on pages 149 to 318, inclusive. Not applicable from stations in Kentucky Groups A and B, or Tennessee Group B.  
<sup>▲</sup>From Kentucky Groups A and B, and Tennessee Group B.—Over 10,000 pounds and not exceeding 15,000 pounds of ice (not including ice in the package with the freight), at an additional charge of seven dollars and fifty cents (\$7.50) per car if the journey from point of origin to final destination is confined within the limits of a single origin group (see Items Nos. 1000 to 1060, inclusive), eleven dollars and twenty-five cents (\$11.25) if it is confined within the limits of two contiguous origin groups, and in all other cases thirty per cent (30%) of the Standard Refrigeration Service charge.
- Over 15,000 pounds and not exceeding 20,000 pounds of ice (not including ice in the package with the freight), <sup>♣</sup>on basis of charges published on pages 149 to 318, inclusive (see Exception 2). Not applicable from stations in Kentucky Groups A and B, or Tennessee Group B.  
<sup>▲</sup>From Kentucky Groups A and B, and Tennessee Group B.—Over 15,000 pounds and not exceeding 20,000 pounds of ice (not including ice in the package with the freight), at an additional charge of ten dollars (\$10.00) per car if the journey from point of origin to final destination is confined within the limits of a single origin group (see Items Nos. 1000 to 1060, inclusive), fifteen dollars (\$15.00) if it is confined within the limits of two contiguous origin groups, and in all other cases forty per cent (40%) of the Standard Refrigeration Service charge. See Exception 2.
- <sup>▲</sup>Ice in excess of 20,000 pounds will be charged for on basis of the freight rate applicable on the lowest rated commodity contained in the car. See Exception 2.

## Rule No. 243—Concluded:

## TOP OR BODY ICING SERVICE—EASTERN AND SOUTHERN TERRITORIES—Concluded

## SECTION B—Concluded

## (A)—Concluded.

- (5) Applicable only on shipments from stations in Kentucky Groups A and B, or Tennessee Group B.—In arriving at the charge to be assessed on shipments moving under paragraph A and sub-paragraphs 1, 2 and 3 thereof, moving either wholly within one state or from one state to another state, each originating state group through which the shipment passes should be counted as a separate group, the through charge in all cases to be that arrived at via the route over which the shipment may be transported through the least number of origin groups, as authorized by routing provided in tariffs publishing the freight rates on file with the Interstate Commerce Commission and/or State Commissions.
- (B) <sup>▲</sup>Shippers must certify on bill of lading and billing instructions number of pounds of ice placed in the body of car; also maintain a complete and accurate record of the ice placed in body of car, subject to check by carriers' representatives.
- (C) <sup>▲</sup>Cars will be handled with plugs in and vents closed to destination unless otherwise instructed by shipper, owner or consignee. If ventilation service is desired, shipper, owner or consignee must specify the class of ventilation, as authorized by Rule No. 85.
- (D) The provisions and charges published in this rule will also apply on less than carload shipments of vegetables when transported in individual cars, as provided in Rule No. 630.
- (E) For regulations and charges to apply on intrastate traffic in the States of Alabama and Mississippi, see Section A of this rule.

**Exception 1.**—The regulations and charges prescribed in this section of the rule will not apply on traffic originating in the State of Alabama on the rails of the Atlanta, Birmingham and Coast R. R. Co., Atlantic Coast Line R. R. Co., Central of Georgia Ry. Co., Seaboard Air Line Ry., nor Western Railway of Alabama. See Section A of the rule, for regulations and charges to apply.

**Exception 2.**—The regulations and charges of sub-paragraphs 3 and 4 of paragraph A are not applicable on traffic destined to stations in North Carolina, South Carolina, Florida Groups 2 and 3 (See Item No. 1011); stations in Virginia located on the lines of the Atlantic Coast Line Railroad Company, Seaboard Air Line Railway, and Southern Railway Company, nor stations in Alabama and Georgia located on the lines of the Atlantic Coast Line Railroad Company and the Seaboard Air Line Railway. Ice in excess of 15,000 pounds will be charged for on basis of the freight rate applicable on the lowest rated commodity contained in the car.

## Rule No. 244:

## CONSOLIDATION OF FRESH FRUITS, BERRIES, MELONS AND FRESH VEGETABLES FROM CALIFORNIA AND OREGON

- (A) When in accordance with specific provisions in carriers' freight tariffs lawfully on file with the Interstate Commerce Commission and/or State Railroad Commissions applicable on shipments of fresh fruits (except citrus fruits, viz.: Lemons, Oranges, Grapefruit, Limes, Mandarines, Tangerines, and Citrons), berries, melons and fresh vegetables in straight or mixed lots, minimum 10,000 pounds per car, from points in California and

Oregon transported under refrigeration and billed to one point of consolidation for reshipment in carloads, by original consignee at consolidation point (see Note below) to points beyond, the charge for refrigeration covering movement into consolidation point will be twenty-five dollars (\$25.00) per car less than the Standard Refrigeration Service charges published in Items Nos. 2500, 9338 or 9534, as they may respectively apply, subject however, to a minimum refrigeration charge of fifteen dollars (\$15.00) per car for the part lot movement into the consolidation point and subject to Rules Nos. 200 to 230, inclusive, and to the following additional rules:

**Note.**—A shipment forwarded from consolidation point in the same car as used inbound must move either under Standard Refrigeration or Rules 240, 247 or 254 service.

- (B) The refrigeration charges as shown in paragraph A will apply only in the event that original car from shipping point to point of consolidation is used for the carload shipment from point of consolidation. In the event original car from shipping point to consolidation point is not used for a carload shipment under refrigeration the charges for refrigeration for the part lot movement into consolidation point shall be the Standard Refrigeration Service charge applicable on a carload as per charges published in Items Nos. 2500, 9338 or 9534, as they may respectively apply.
- (C) Shipments will not be transported subject to the provisions of Rules Nos. 240, 247 or 254 from originating point to consolidating point, but in the event shipper desires car transported from consolidating point to final destination under provisions of Rule No. 240 car will be iced to capacity at consolidation point, or first available icing station, and charge made for full tank icing based on the bunker capacity and on the basis of charges shown in Section No. 4, plus the additional charge provided for in Rule No. 240.

When shipper desires shipment transported from consolidating point to the final destination, subject to Rules Nos. 247 or 254, provisions of those rules will apply from consolidating point to final destination, plus a charge for ice supplied to fill bunkers of cars to capacity at consolidating point, or the first available icing station in the direction of movement from consolidating point, on the basis of charges published in Section No. 4.

When shipper elects to cool a shipment in car at point of origin or consolidation point, or both, the regulations and charges prescribed in Rule No. 246 will also apply.

- (D) When shipments are tendered for transportation with ice in body of car, not including ice in the packages with the freight (see paragraph H, Rule No. 200), an additional charge of five dollars (\$5.00) per car will be assessed from the original shipping point to point of consolidation.
- (E) In the event that such part lot shipments are held on orders of shipper, owner or consignee at any point between original shipping point and point of consolidation of the full carload shipment, such shipments will be subject to an additional charge of five dollars (\$5.00) per car for each twenty-four (24) hours or fraction thereof that car is held, time to be computed from time of arrival in train yards at such point until time written shipping instructions for movement of car from such point are delivered to carrier's Agent or representative in charge.
- (F) Detention charges on out-bound carload shipments from consolidation point shall be made in accordance with the provisions of Rule No. 215, except that the twenty-four (24) hour free time shall be computed from time of arrival of car at such point of consolidation.

<sup>▲</sup>Neither an increase nor reduction in charges.

## SPECIAL RULES GOVERNING REFRIGERATION SERVICES AND CHARGES

## Rule No. 245:

**CITRUS FRUITS FROM ARIZONA AND CALIFORNIA PRECOOLED AND PREICED**

On cars of citrus fruits from Arizona and California precooled and/or preiced for shipment to all points of destination in the United States and Canada as shown in this Section, the following provisions (see Rules Nos. 130 and 135), will apply:

**Precooling by Carrier:****(A) Applies only on shipments originating in California.—**

When, on request of shipper, carload shipments are precooled by carrier (after cars are completely loaded) and forwarded without ice through to destination under instructions "Do not ice," a charge of six dollars (\$6.00) per carload will be made.

Shipper must specify on bill of lading and agent must show on waybill the following:

"Precooled by carrier; do not ice."

If, on instructions from shipper, owner or consignee, a car is iced or reiced, or both, other than at a carrier's precooling plant, see paragraph C, before arrival in the terminal train yard serving the final destination, the charge for such service will be that applicable from point of initial icing for the class of refrigeration service ordered by the shipper, owner or consignee, as may be authorized by the provisions of this tariff, plus the precooling charge.

**Precooling and Preicing by Shipper:**

**(B)** When shipments which have been precooled by shipper in a regularly established precooling plant are loaded into a car preiced by shipper at station where precooling plant is located and are forwarded under instructions—"Do not reice," charge will be as published in Items Nos. 1400 to 1456, inclusive; 2000 to 2054, inclusive; 2300 to 2352, inclusive; Items Nos. 2520 and 2538, as they respectively apply.

Shipper must specify on bill of lading, and agent must show on waybill the following:

"Precooled and preiced by shipper; do not reice."

**Precooling and Initial Icing by Carrier:****(C) Applies only on shipments originating in California.—**

When shipments are precooled by carrier and afterwards initially iced by carrier at station where precooling plant is located and are forwarded through to destination under instructions from shipper—"Do not reice," apply the charges as published in Items Nos. 2000 to 2054, inclusive, 2300 to 2352, inclusive, and 2520 and 2538.

Shipper must specify on bill of lading, and agent must show on waybill the following:

"Precooled and initially iced by carrier; do not reice."

**Change from Precooling to Standard Refrigeration Service:**

**(D)** If, on instructions from shipper, owner or consignee, any car is iced or reiced (other than as provided for in paragraphs E, F and G of this rule), before arrival in the terminal train yard serving the final destination, such car will be handled under Standard Refrigeration Service from point of icing or reicing. The charge for such service will be as provided under paragraphs B or C, as the case may be, from point of origin to point at which shipment is iced or reiced, plus the Standard Refrigeration Service charge applicable from such point to final destination, but in no case shall the aggregate of these charges exceed the charge for Standard Refrigeration Service from the point where car was initially iced. In such instances the Agent must show on waybill:

"Placed under Standard Refrigeration at .....  
by ..... Railroad. Make bills for ice supplied in transit against ..... Railroad."

Charge for initial icing will be included in the Standard Refrigeration Service charge only when performed by carrier.

The expense covering first reicing to capacity at point where car is placed under Standard Refrigeration will be included in the Standard Refrigeration Service charge

applicable from such point to final destination. All additional ice supplied at such point will be charged against shipment on basis published in Section No. 4.

**One Reicing in Transit:**

**(E)** Cars moving under the provisions of paragraphs B or C, or the "Do not reice" service of paragraph F will, on instructions of shipper, owner or consignee, be reiced once in transit at a regular icing station. The charges for such service will be as published in Items Nos. 1400 to 1456, inclusive, 2000 to 2054, inclusive, 2300 to 2352, inclusive, 2520 and 2538.

When shipments are forwarded from point of origin with instructions from the shipper to reice once in transit bills of lading and waybills must carry one of the following notations:

"Precooled and preiced by shipper, reice only once in transit at ..... Rule 245."

(Specify regular icing station)

"Precooled and afterwards initially iced by carrier, reice only once in transit at ....."

(Specify regular icing station).

**Rule 245."**

If, on instructions from shipper, owner or consignee, cars moving under provisions of paragraphs B or C are reiced once only at an intermediate stop or hold point and are handled through to final destination with no additional reicing, the charges applicable will be as provided in paragraph E. The expense covering the one reicing at intermediate stop or hold point will be included in the one reicing in transit service charge applicable from point of origin to destination.

If, on instructions from shipper, owner or consignee, any icing or reicing is performed after arrival of car in terminal train yard serving the destination, the charge will be as published in Section No. 4 which will be in addition to the charge provided in this rule and all other charges.

**Preicing, Precooling and Replenishing by Carrier:**

**(F)** Upon instructions from shipper, carrier will furnish a preiced car for loading of citrus fruits originating in California Group A (see Item 1005), California Groups A, B, C, D, E, F (see Item No. 1006), and after loading will precool such shipment and replenish bunkers to capacity at station where carrier's precooling plant is located, and when car is forwarded to destination under instructions—"Do not reice," or one reicing in transit, charges will be as published in Items Nos. 2000 to 2054, inclusive, 2520 and 2538, as they may respectively apply.

**Service, Shippers' Instructions and Waybill Notations.—**

Shipper must specify on shipping order and/or bill of lading one of the shipping instructions indicated below and agent must enter on the waybill the notation as given below to cover the service:

**(A)—Service.**

**(B)—Shipper's Instructions.**

**(C)—Waybill Notations.**

1-**(A)** "Cars preiced, precooled and replenished by carrier; do not reice beyond."

**(B)** "Preice, precool and replenish by carrier; do not reice beyond. Rule 245."

**(C)** "Preiced car furnished; precool and replenish at ..... (Specify station where carriers' precooling plant located); do not reice beyond. Rule 245."

2-**(A)** "Cars preiced, precooled and replenished by carrier; reice only once in transit."

**(B)** "Preice, precool and replenish by carrier; reice only once in transit at ..... (Specify regular icing station). Rule 245."

**(C)** "Preiced car furnished; precool and replenish at ..... (Specify station where carriers' precooling plant located); reice at ..... (Specify regular icing station shown in shippers' instructions). Do not reice beyond. Rule 245."

**Note.**—Shipments of Citrus Fruits preiced and replenished by carrier, see Rule No. 239.

CITRUS FRUITS FROM ARIZONA AND CALIFORNIA  
PRECOOLED AND PREICED—Concluded

## Two or more reicings:

- (G) If, on instructions from shipper, owner or consignee, any car handled under the provisions of this rule is reiced more than once before arrival in the terminal train yard serving the final destination, such car will be handled under Standard Refrigeration Service from point of second reicing to final destination, except as otherwise provided in paragraph H. The charges for such services will be the charge applicable as provided under paragraphs E and F of this rule, from point of origin to point of second reicing, plus the Standard Refrigeration charge applicable from such point to final destination, but in no case shall the aggregate of these charges exceed the charge for Standard Refrigeration service from the point where car was initially iced. In such instances the Agent must show on waybill:

“Placed under Standard Refrigeration at.....  
by.....Railroad. Make bills for ice  
supplied in transit against.....  
Railroad.”

The charge for initial icing will be included in the Standard Refrigeration Service charge under this rule only when the initial icing service is performed by the carrier.

The expense covering first reicing to capacity at point where car is placed under Standard Refrigeration will be included in the Standard Refrigeration Service charge applicable from such point to final destination. All additional ice supplied will be charged against shipment on basis of charges published in Section No. 4.

## Shipments moving with vents open:

- (H) When, under the provisions of paragraph I of this rule, cars are moved with vents open prior to arrival at point of first reicing in transit, the refrigeration charge applicable shall be as provided in paragraphs B, C or F of this rule, as the case may be, from point of origin to point of first reicing, from which latter point the stated charge for Standard Refrigeration Service to final destination will be assessed, observing as maximum for the aggregate of these charges, the Standard Refrigeration Service charge from the point where car was initially iced, and cars will be handled under Standard Refrigeration Service from point of first reicing.

## Ventilation Service:

- (I) Under the above rules and charges shipments will, on written request of shipper, owner or consignee, be placed under Ventilation, as provided for in Rule No. 85, and in such cases the charge to apply will be the charge applicable from point of origin as provided in paragraphs B, C or F as they may respectively apply, to the final destination of the shipment (except on California intrastate traffic the charge applicable to the point at which ventilation is first substituted will apply), but under no circumstances shall the provisions of this paragraph be construed as nullifying the charges provided for in this rule in the event shipments are subsequently iced or reiced.

## Salt, Furnishing of:

- (J) Salt will be supplied by the carriers in accordance with the provisions and charges of Rule No. 202.

## Rule No. 246:

## COOLING IN CAR BY SHIPPER

## SECTION A

## Cooling at Loading Point

- (A) The following provisions will apply on preiced cars when shippers use for any period of time any type of mechanically operated fan or other devices in connection with the car during the process of loading or after loading has been completed in the States of Alabama, Arizona, Arkansas, California, Colorado, Delaware, Florida,

Georgia, Idaho, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Maryland, Michigan, Minnesota, Mississippi, Missouri, Montana, Nebraska, Nevada, New Jersey, New Mexico, New York, North Carolina, Ohio, Oklahoma, Oregon, Pennsylvania, South Carolina, South Dakota, Tennessee, Texas (see Exception), Utah, Virginia, Washington, West Virginia and Wyoming:

- (1) On shipments loaded in an iced or dry (uniced) car charges provided in paragraph D will not be applicable when the method or device used for cooling the lading does not utilize car bunker or bunkers, or ice contained therein. When a dry (uniced) car is tendered for transportation under ventilation, shipper must specify one of the classes of ventilation service, as provided in Rule No. 85, in addition to notation provided for in Item 3, paragraph H.
- (B) When carrier, under instructions from shipper, switches a loaded car from loading track to another track for cooling, within the switching limits of the point of origin, charges as published in tariffs of individual lines lawfully on file with the Interstate Commerce Commission or State Railroad Commissions will be assessed.
- (C) <sup>▲</sup>If the loading station is a regular icing station carrier, upon request of shipper, after car is loaded will reice car on basis of charges provided in Section No. 4 and in addition thereto charge will be made for switching as provided for in paragraph B.
- (D) The following charges will apply when a shipment moves to destination under Standard Refrigeration Service or Rules Nos. 233, 247, 249, 251 or 258, also on a shipment which moves from point of origin under Rule No. 240 and is changed to Rules Nos. 233, 247, 249, 251, 253, or Standard Refrigeration Service in transit:
  - (1) Three dollars (\$3.00) per car when the charge for ice at cooling point, as per Section No. 4 of this tariff, is not more than four dollars and fifty cents (\$4.50) per ton.
  - (2) Five dollars (\$5.00) per car when the charge for ice at cooling point, as per Section No. 4 of this tariff, is more than four dollars and fifty cents (\$4.50) per ton.
- (E) When a shipment is transported under the provisions of Rules Nos. 239 or 254, or is changed to <sup>◆</sup>Standard Refrigeration in transit carrier will charge for the actual amount of ice supplied in replenishing in excess of 4,000 pounds on basis of charges provided in Section No. 4 (See Note).

<sup>▲</sup>Note.—Applies only on California intrastate traffic:—When a shipment transported under the provisions of Rule No. 239 is changed to Standard Refrigeration Service in transit carrier will charge for the actual amount of ice supplied in replenishing in excess of 4,000 pounds on basis provided for in paragraph D, in lieu of basis provided in paragraph E.

- (F) In the event shipper elects, after cooling is completed, to reice bunkers to capacity, the charges provided in sub-paragraphs 1 and 2 of paragraph D will not be applicable.

Shipper must use the form of certification as provided in sub-paragraph 2, paragraph H of this section of the rule and maintain a complete and accurate record of the amount of ice supplied by him, together with the date and hour, which will be subject to check by carriers' representatives.

No allowance will be made by carrier to shipper for any ice or salt supplied.

- (G) Salt will be supplied in accordance with the provisions and charges of Rule No. 202.
- (H) Shipper must specify on shipping order and bill of lading, and agent must place on regular waybill, one of the following notations, which will be in addition to such shipper's instructions and waybill notations as are provided for the icing service under which the shipment is moving:

①—Shipper's Instructions.

②—Waybill Notation.

1-①“Cooled by shipper at loading station.”

②“Cooled by shipper at loading station.”

(Rule No. 246 concluded on following page)

<sup>▲</sup>Neither an increase nor reduction in charges.

<sup>◆</sup>Reduction.

<sup>◆</sup>Increase.

## SECTION B

## Cooling in Transit

- (A) Shipments originating at stations, other than regular icing stations, in Arizona, Arkansas, California, Colorado, Idaho, Illinois, Missouri, Nevada, Oregon, Texas (see Exception), Utah or Washington, on interstate traffic, also on Illinois intrastate traffic may, subject to delay, be cooled in car by shipper at the first regular icing station in transit, by the use of mechanically operated fan or other device for any period, subject to the following provisions:
- (B) A charge of six dollars and ninety-three cents (\$6.93) per car will be assessed, which will include switching service at cooling point and be in addition to all other charges.
- (C) Shipper will not be permitted to place ice in bunkers after car has departed from loading point.
- (D) Cooling by shipper, owner or consignee will not be permitted at intermediate stop or hold point, nor at final destination, except as provided in this rule.
- (E) \*If shipment moves from loading point under Standard Refrigeration, or under one of the services covered by Rules Nos. 239, 247, 249, or 254, and under instructions to be cooled in car, carrier will fill bunkers to capacity upon arrival at point where car is to be cooled, which will be considered a reicing in transit when transported under Rule No. 247 or Rule No. 249, for which ice no additional charge will be made, and when transported under Rule No. 239 or Rule No. 254 will be considered a replenishing in transit for which ice no additional charge will be made.

Any additional ice furnished subsequent thereto and prior to the completion of cooling, upon instructions of shipper or his agent, will be charged for on the basis provided in Section No. 4. After cooling is completed, bunkers will be reiced to capacity on basis of charges provided in Section No. 4.

- (F) If shipment moves from loading point without ice in bunkers, shipper may, subject to delay, cool car in transit at the first regular icing station. If shipment is to move under Standard Refrigeration, Rule No. 247 or Rule No. 249 service, carrier will initially ice car on arrival at point where car is to be cooled. Any additional ice furnished thereafter prior to the completion of cooling upon instructions of shipper or his agent will be charged for on basis provided in Section No. 4. After cooling is completed, bunkers will be reiced to capacity on basis of charges provided in Section No. 4. If shipment is to move under Rule No. 240, no icing service other than initial icing on arrival at the cooling point will be permitted.

- (G) Salt will be supplied in accordance with the provisions and charges of Rule No. 202.

- (H) Shipper must specify on shipping order and bill of lading, and agent must place on regular waybill, the following notation:

"To be cooled by shipper at.....  
 ..... (Specify first regular icing station.)"

**Exception.**—Not applicable at stations in Texas on the Rio Grande and Eagle Pass Railway Company. See Section A.

## Rule No. 247:

## FRUITS, BERRIES, VEGETABLES, MELONS AND OTHER PERISHABLE FREIGHT, REICED ONCE IN TRANSIT

## One Reicing in Transit:

- (A) 1. Initial icing by carrier:

Deciduous fruits, berries, melons, vegetables, fig paste and other perishable freight (see Item 1130), except beer, cereal beverages, citrus fruits, tropical fruits, and dairy products (see Item 1138), originating at stations in ② Arizona, California, ① Idaho, Nevada, ① Oregon and ① Washington;

Fruits, berries, vegetables and melons originating at stations in Arkansas, Colorado, Illinois Groups ③ A and C (see Item 1014), Iowa, Kansas, Louisiana, Minnesota, Missouri, Montana, Nebraska, New Mexico, North Dakota, Oklahoma, South Dakota, Texas, Utah and Wyoming;

Fruits and vegetables originating at stations in New York Groups A and B (see Item 1036);

initially iced by carrier and billed to reice once in transit or when originally transported under the provisions of paragraphs A and B-1 of Rule 240 of this tariff will, on instructions from shipper, owner or consignee, be reiced once in transit between point of origin and final destination on basis of the charges published in this Section.

The stated charge for Standard Refrigeration from the loading point to final destination, exclusive of any charge under Rule No. 215, will be observed as maximum. Not applicable on cucumbers originating in Illinois Group A (see Item 1014).

(Rule No. 247 concluded on following page)

- ① Regulations and charges not applicable on fish, including Clams, Crabs, Lobsters, Oysters and Shrimp, from stations in Idaho, Oregon and Washington.
- ② Tomatoes originating in the Republic of Mexico, moving under ice from Nogales, Ariz., and billed to reice once in transit, will be subject to the regulations and charges prescribed in Rule No. 233.
- ③ Regulations and charges apply only on cucumbers in carloads initially iced by carrier, reiced once in transit by carrier, when moving with plugs out and vents open from point of origin to destination.
- \* Neither an increase nor reduction in charges.

## SPECIAL RULES GOVERNING REFRIGERATION SERVICES AND CHARGES

**Rule No. 247—Concluded:****FRUITS, BERRIES, VEGETABLES, MELONS AND OTHER PERISHABLE FREIGHT, REICED ONCE IN TRANSIT—Concluded****(A) 1. Initial icing by carrier—Concluded:**

When initial icing occurs at a station in transit beyond the territory covered by the charges published in connection with this rule, the charge to apply will be that published from the last station, on the route traversed by the shipment, from which a charge under this rule is published.

When shipments are forwarded from origin with instructions to reice once in transit bills of lading and waybills must carry one of the following notations:

"Initially iced by carrier, reice only once in transit at..... Rule 247."

(Specify regular icing station.)

"Initially ice at first regular icing station, reice only once in transit at....."

(Specify regular icing station.)

Rule 247."

"Initially ice at.....reice only once in transit at..... Rule 247."

(Specify regular icing station.)

When shipments are initially iced at an intermediate point in transit and reiced once only at such intermediate point the provisions and charges of this rule will govern.

**2. Initial icing by shipper.**—On deciduous fruits originating in the states of Arizona and California the shipper may at his election perform icing at loading station, but only when icing involves no movement of the car from location where iced to another location for loading or no movement from location where loaded to another location for icing, and may bill same to reice once in transit or when originally transported under the provisions of paragraphs A and B-2 of Rule No. 240 of this tariff carrier will accept instructions to reice once in transit between origin and final destination on basis of the charges published in this Section. When shipments are forwarded from origin with instructions to reice once in transit, bills of lading and waybills must carry the following notation:

"Initially iced by shipper, reice only once in transit at..... Rule 247."

(Specify regular icing station.)

**Two or More Reicings in Transit:**

**(B)** If, on instructions, cars are reiced in the bunkers more than once before arrival in the terminal train yard serving final destination same will be transported under Standard Refrigeration Service from point of second reicing to final destination, except as otherwise provided in paragraph G. Agent must show on waybill:

"Placed under Standard Refrigeration at..... by..... Railroad. Make bills for ice supplied in transit against..... Railroad."

The charge applicable under paragraph A from loading station to the point of second reicing in bunkers, from which latter point the charge for Standard Refrigeration Service to final destination will be assessed, observing as maximum for the aggregate of these charges, the Standard Refrigeration Service charge from loading station to final destination, exclusive of any charge under Rule No. 215. The cost of initial icing when performed by carrier will be included in the Standard Refrigeration Service charge.

The provisions of this paragraph B not applicable on cucumbers originating in Illinois Group A (see Item 1014).

**Detention in transit:**

**(C)** When, on instructions, shipments are stopped and held at a station intermediate to final destination, and are placed under Standard Refrigeration Service, bunkers of cars will be reiced to capacity before forwarding from the stop or hold point and the cost of the first reicing to

capacity by carrier included in the Standard Refrigeration Service charge; additional reicing performed at such intermediate station will be on basis of charges published in Section No. 4 of this tariff, and be in addition to all other charges. Not applicable on cucumbers originating in Illinois Group A (see Item 1014).

**Reicing at Final Destination:**

**(D)** If, on instructions, cars are reiced in bunkers, after arrival in terminal train yard serving final destination, charges as published in Section No. 4 will apply and will be in addition to all other charges. Not applicable on cucumbers originating in Illinois Group A (see Item 1014).

**Salt, furnishing of:**

**(E)** Salt will be supplied in accordance with the provisions and charges of Rules Nos. 202 and 203.

**Cooling by Shipper:**

**(F)** When a shipment is loaded in a car preiced or initially iced in transit, by carrier, and is cooled in car by shipper, provisions and charges of Rule No. 246 will apply.

**Ventilation Service:**

**(G)** On written request, shipments will be placed under Ventilation, as provided for in Rule No. 85, on basis of charge applicable from the point of origin as provided in paragraph A to the final destination of the shipment, but under no circumstances shall the provisions of this paragraph be construed as nullifying the charges provided for in this rule, in the event shipments are subsequently iced or reiced. When cars are transported with vents open prior to arrival at first reicing station in transit, the refrigeration charge applicable shall be as provided in paragraph A from origin to point of first reicing, from which latter point the charge for Standard Refrigeration Service to final destination will be assessed, observing as maximum for the aggregate of these charges, the charge for Standard Refrigeration from the point where car was initially iced, exclusive of any charge under Rule No. 215, and cars will be transported under Standard Refrigeration Service from point of first reicing.

**(1)** Carriers will accept ventilation instructions on shipments of:

**(a)** Deciduous Fruits, Vegetables and Cantaloupes originating in Washington when destined to stations in Montana and intermediate territory;

**(b)** Potatoes originating in Idaho Groups B and C (see Item 1013), and Oregon Group B (see Item 1043);

**(c)** Cucumbers or Tomatoes, in straight carloads;

on basis of the charge applicable from point of origin to final destination, but under no circumstances shall the provisions of this paragraph be construed as nullifying the charges published in this rule in the event shipments are subsequently iced or reiced.

When one or more ventilators are opened for any portion of the time between initial icing and the first reicing in transit, refrigeration charge provided in paragraph A plus an additional charge of five dollars (\$5.00) per car will be assessed.

The provisions and charges of paragraph G and subparagraph 1 thereto will not apply on cucumbers originating in Illinois Group A. See reference character "③" on preceding page.

**Rule No. 248:****RETOP ICING IN TRANSIT BY CARRIERS**

**(A)** Shipments of vegetables which have been top iced in the body of the car at point of origin by shipper, as authorized in Rules Nos. 242 and 243, carriers upon instructions will perform retop icing service, only at stations listed in this rule, at a charge of five dollars (\$5.00) per ton of 2,000 pounds.

(Rule No. 248 continued on following page.)

## SPECIAL RULES GOVERNING REFRIGERATION SERVICES AND CHARGES

## Rule No. 248—Continued:

## RETOP ICING IN TRANSIT BY CARRIERS—Continued

- (B) Carriers will not accept from shippers or owners instructions specifying the kind of ice to be used in supplying the service.
- (C) Shipments are subject to delay at stations where the service is performed and carriers do not obligate themselves to handle shipments via such points with other than reasonable despatch.
- (D) Shipper must show on shipping order and bill of lading one of the following shipping instructions and agent must waybill accordingly:
- 1—"Top iced by shipper at origin with..... pounds (Specify amount). Retop ice at..... (Specify icing station) with..... pounds (Specify amount)."
  - 2—"Top iced by shipper at origin with..... pounds (Specify amount) Retop ice at..... (Specify icing station) to produce amount supplied at point of origin."
- (E) When, after forwarding, shipper or owner instructs shipment retop iced in transit he must specify either one of the shipping instructions provided for in paragraph D and agent must place on waybill notation to correspond with shipper's instructions.
- (F) Retop icing by consignee will be permitted at destination only after placement of car on consignee's private track (see Item No. 1116). If car is subsequently diverted or reconsigned to another location in the same switching district an additional charge of five dollars (\$5.00) per car will be assessed; if reconsigned to a point outside of the switching district charges published in Rules Nos. 242 or 243, from point of retop icing to final destination will govern and be in addition to all other charges.

## Rule No. 249:

## CITRUS FRUITS FROM ARIZONA AND CALIFORNIA REICED ONCE IN TRANSIT

## One Reicing in Transit:

- (A) Citrus Fruits originating in the States of Arizona and California initially iced and billed to reice once in transit or when originally transported under the provisions of paragraphs A and B of Rule No. 240 of this tariff will, on instructions from shipper, owner or consignee, be reiced once in transit between point of origin and final destination on basis of the charges published in Items Nos. 1500 to 1554, inclusive; 2100 to 2154, inclusive; 2400 to 2452, inclusive; Items Nos. 2525 and 2540.

When initial icing occurs at a point in transit beyond the territory covered by the charges published in connection with this rule, the charge to apply will be that published from the last point, on the route traversed by the shipment, from which a charge under this rule is published.

When shipments are forwarded from point of origin with instructions from shipper to reice once in transit bills of lading and waybills must carry one of the following notations:

- "Initially iced by carrier, reice only once in transit at..... Rule 249."  
(Specify regular icing station.)  
"Initially iced by shipper, reice only once in transit at..... Rule 249."  
(Specify regular icing station.)  
"Initially ice at first regular icing station, reice only once in transit at.....  
(Specify regular icing station.)  
Rule 249."  
"Initially ice at.....reice only once in transit at..... Rule 249."  
(Specify regular icing station.)

When shipments are initially iced at an intermediate point in transit and reiced at such intermediate point the provisions and charges of this rule will govern.

1. See Rule No. 245 for regulations and charges to apply on shipments precooled by shipper in a regularly established precooling plant and preiced by shipper; or on shipments precooled and initially iced by carrier at carrier precooling plant.
2. On shipments which are billed "Preiced and replenish;" "Preiced, cooled by shipper, replenish;" or "Preiced, precool and replenish," apply the regulations and charges published in Rule No. 239 and paragraph F of Rule No. 245, as they may respectively apply.

## SPECIAL RULES GOVERNING REFRIGERATION SERVICES AND CHARGES

**Rule No. 249—Concluded:****CITRUS FRUITS FROM ARIZONA AND CALIFORNIA REICED ONCE IN TRANSIT—Concluded****Two or More Reicings in Transit:**

(B) If, on instructions from shipper, owner or consignee, cars handled under the provisions of paragraph A are reiced in the bunkers more than once before arrival in the terminal train yard serving final destination same will be transported under Standard Refrigeration Service from point of second reicing to final destination, except as otherwise provided in paragraph G. Agent must enter on waybill:

“Placed under Standard Refrigeration at.....  
by.....Railroad. Make bills for ice supplied  
in transit against.....Railroad.”

The charge to be assessed will be the charge applicable under paragraph A, based upon the movement from the loading point to the point of second reicing in bunkers, from which latter point the charge for Standard Refrigeration Service to final destination will be assessed, observing as maximum for the aggregate of these charges, the stated charge for Standard Refrigeration from the loading point to final destination, exclusive of any charge under Rule No. 215. The charge for initial icing will be included in the Standard Refrigeration Service charge only when such initial icing is performed by carrier.

**Detention in Transit:**

(C) When shipments are stopped and held at a point intermediate to final destination on instructions of shipper, owner or consignee, and are placed under Standard Refrigeration Service, bunkers of cars will be reiced to capacity before forwarding from the stop or hold point and the expense of the first reicing to capacity by carrier included in the Standard Refrigeration Service charge; additional reicing performed at such intermediate point will be charged for on basis of charges published in Section No. 4 of this tariff, which charges shall be in addition to all other charges.

**Reicing at Final Destination:**

(D) If, on instructions from shipper, owner or consignee, cars are reiced in bunkers, after arrival in terminal train yard serving final destination, such reicing will be on basis of charges published in Section No. 4 and will be in addition to all other charges.

**Cooled in Car by Shipper:**

(E) When a shipment to which this rule is applicable, is loaded in a car preiced by carrier, or initially iced in transit by carrier, and is cooled in car by shipper, same will also be subject to the provisions and charges of Rule No. 246.

**Salt, Furnishing of:**

(F) Salt will be supplied by the carriers in accordance with the provisions and charges of Rule No. 202.

**Subsequent Placing Under Ventilation:**

(G) Under the above rules and charges shipments will, on written request of shipper, owner or consignee, be placed under Ventilation, as provided for in Rule No. 85, and in such cases the charge to apply will be the charge applicable from the point of origin as provided in paragraph A to the final destination of the shipment, but under no circumstances shall the provisions of this paragraph be construed as nullifying the charges provided for in this rule, in the event shipments are subsequently iced or reiced.

When cars are moved with vents open prior to arrival at point of first reicing in transit, the refrigeration charge applicable shall be as provided in paragraph A of this rule, from point of origin to point of first reicing, from

which latter point the stated charge for Standard Refrigeration Service to final destination will be assessed, observing as maximum for the aggregate of these charges, the Standard Refrigeration charge from the point where car was initially iced, exclusive of any charge under Rule No. 215, and cars will be handled under Standard Refrigeration Service from point of first reicing.

**Rule No. 251:****CITRUS FRUITS, VEGETABLES AND FROZEN BERRIES FROM FLORIDA (Group B), REICED ONCE IN TRANSIT****Initial Icing by Carrier, Reiced Once in Transit:**

(A) Carriers will, upon reasonable notice (see Rule No. 35), furnish for carload shipments of Citrus Fruits, Vegetables and Frozen Berries originating at stations in Florida, Origin Group B (see Item No. 1011), to move with initial icing and one reicing in transit (see Rules Nos. 130 and 135), refrigerator cars initially iced, and will accept instructions from shipper as provided in paragraph B of this rule, to reice such cars once in transit at a regular icing station. For charges applicable, see paragraph B.

**Charges Applicable:**

(B) Charges will be as published in Items Nos. 3300 to 3354, inclusive:

1. Shipments not precooled before loading; reiced once in transit at any specified regular icing station. (Not applicable on frozen berries).
2. Shipments precooled in an established precooling plant before loading; reiced once in transit at any specified regular icing station.
3. Shipments precooled in an established precooling plant before loading; reiced once in transit at only the first icing station either at or from shipping point and nearest thereto in the direction of movement from shipping point.

When shipments are forwarded under the provisions of sub-paragraphs 1, 2 or 3 above, bills of lading and waybills must carry one of the following notations, as may respectively apply:

- (a) “Shipment not precooled, initially iced by carrier, reice only once in transit at (specify regular icing station). Rule 251.”
- (b) “Precooled shipment, initially iced by carrier, reice only once in transit at (specify regular icing station). Rule 251.”
- (c) ① “Precooled shipment, initially iced by carrier, reice in transit only at first icing station from shipping point. Rule 251.”  
② “Precooled shipment, initially iced by carrier, reice in transit only at (specify first icing station either at or from shipping point in direction of movement from loading station). Rule 251.”

**Change from “Initially Iced; Do Not Reice; Rule 240,” to One Reicing in Transit (Rule 251):**

(C) When a car initially iced by carrier or shipper is moving under instructions—“Initially iced; do not reice,” and with vents closed and plugs in, carrier will accept instructions from shipper, owner or consignee to reice (in accordance with sub-paragraphs 1 and 2 of paragraph B) such car once in transit at a regular icing station. The charge to be assessed shall be that applicable to either sub-paragraph 1 or 2 of paragraph B, as may respectively apply, which will include cost of initial icing by carrier and charges provided for under Item 1 of paragraph B of Rule No. 240 of this tariff.

## SPECIAL RULES GOVERNING REFRIGERATION SERVICES AND CHARGES

## Rule No. 251—Concluded:

**CITRUS FRUITS, VEGETABLES AND FROZEN BERRIES FROM FLORIDA (Group B), REICED ONCE IN TRANSIT—Concluded**

Change from "Initially Iced; Do Not Reice; Rule 240," to One Reicing in Transit (Rule 251)—Concluded:

## (C)—Concluded:

Shipper's instructions and waybill notation must read, as the case may be:

"Shipment not precooled—initially iced by carrier—reice once in transit at (specify regular icing station). Rule 251."

—or—

"Precooled shipment—initially iced by carrier—reice once in transit at (specify regular icing station). Rule 251."

If the change from Rule No. 240 to Rule No. 251 service cannot be accomplished at the designated icing station, the change will be made at the first available icing station in transit to final destination.

**Initial Icing in Transit, Reiced Once in Transit:**

(D) When shipment, as described in sub-paragraphs 1 or 2 of paragraph B, is forwarded in refrigerator car without ice, carrier will, upon reasonable advance notice from shipper, owner or consignee, place car under refrigeration in transit to the extent of initial icing at a regular icing station and one reicing thereafter at a regular icing station. The charge to be assessed shall be that applicable to either sub-paragraphs 1 or 2 of paragraph B, as may respectively apply, which will include cost of ice for the initial and one reicing. Shippers' instructions and waybill notation must read, as the case may be:

"Shipment not precooled, initially ice at (specify regular icing station), reice thereafter only once in transit at (specify regular icing station). Rule 251."

"Precooled shipment, initially ice at (specify regular icing station), reice thereafter only once in transit at (specify regular icing station). Rule 251."

If the above change cannot be accomplished at the designated icing station it will be made at the first available icing station in transit to final destination. When shipments are initially iced at an intermediate point in transit and reiced at such intermediate point the provisions and charges of this rule will govern.

**Two or More Reicings in Transit:**

(E) If, on instructions from shipper, owner or consignee, a car is reiced more than once before arrival in terminal train yard serving final destination, such car will be handled under Standard Refrigeration Service from point of second reicing (see Note). The charges will be as provided under paragraph B from point of origin to point of second reicing in bunkers, plus the Standard Refrigeration Service charge applicable from such point to final destination, but in no case shall the aggregate of these charges, exclusive of any charges under Rules Nos. 215 and 225, exceed the Standard Refrigeration Service charge from point of origin of shipment to final destination. Agent must enter on waybill:

"Placed under Standard Refrigeration at (name of station) by (railroad). Make bills for ice supplied in transit against (railroad)."

When shipments are stopped and held at a point intermediate to final destination on instructions of shipper, owner or consignee, and are placed under Standard Refrigeration Service, the bunkers of cars will be reiced to capacity before forwarding from the stop or hold point, and the expense of the first reicing to capacity by carrier included in the Standard Refrigeration Service charge; all additional ice supplied at such intermediate point will be charged for on basis of charges published in Section No. 4 of this tariff, which charge shall be in addition to all other charges.

**Note.**—The expense covering first reicing to capacity at point where car is placed under Standard Refrigeration will be included in the Standard Refrigeration Service

charge applicable from such point to final destination. All additional ice supplied at such point will be charged against shipment on basis of charges shown in Section No. 4.

**Reicing at Final Destination:**

(F) If, on instructions from shipper, owner or consignee, ice is supplied after arrival in terminal train yard serving final destination, charge as published in Section No. 4 will apply, which will be in addition to the charges provided in this rule and all other charges.

**Detention at Loading Station:**

(G) Shipments will be subject to the provisions and charges of Rule No. 215.

**Salt, Furnishing of, on Frozen Berries:**

(H) Salt will be supplied by carriers in accordance with the provisions and charges of Rule No. 203.

## Rule No. 254:

**DECIDUOUS FRUITS, BERRIES, VEGETABLES AND MELONS PREICED AND REPLENISHED BY CARRIER****(A) Preicing and Replenishing by Carrier:**

Deciduous Fruits originating at points in Arkansas, California Group A (see Item 1005), Colorado, Idaho, Oregon, Utah and Washington;

Berries originating at points in California Group A (see Item 1005), Colorado, Idaho, Oregon, Utah and Washington;

Vegetables originating at points in Arizona, California, Idaho, Oregon and Washington;

Melons originating at points in Arizona, California, Colorado, Idaho, Nevada, New Mexico Groups A and B (see Item 1035), Oregon, Texas Groups H and I (see Item 1052), Utah and Washington;

carriers will, on request of shipper, furnish preiced cars for handling under one of the services covered by paragraph C. After loading is completed, carriers will replenish such cars to capacity at the first regular icing station from the shipping point, and nearest thereto in the direction of movement from the shipping point. If the shipping point be a regular icing station the replenishing will be performed at such shipping point.

For refrigeration charges applicable, see paragraph D.

**Note.**—On shipments originating at Denver and Rio Grande Western Railroad stations Grand Junction, Colo., to Palisade, Colo., inclusive, Grand Junction, Colo., will be regarded as the first regular icing station in transit.

(B) **▲Cooling by shipper.**—If shipper elects to cool shipment at point of origin or at the first regular icing station in transit, the provisions and charges of Rule No. 246 will apply, in addition to charges applicable under paragraph D.

(C) **▲Shipper's Instructions and Waybill Notations.**—Shipper must specify on shipping order and/or bill of lading one of the shipping instructions indicated below and agent must enter on the waybill the notation as given below to cover the service:

- (A)—Service.
- (B)—Shipper's Instructions.
- (C)—Waybill Notation.

1—(A) Cars preiced by carrier; replenish; do not reice.

(B) "Preiced by carrier; replenish; do not reice beyond. Rule 254."

(C) "Preiced car furnished; replenish at..... (Specify first icing station in direction of movement from loading point); do not reice beyond. Rule 254."

(Rule No. 254 concluded on following page)

▲Neither an increase nor reduction in charges.

(E) **Salt, Furnishing of.**—Salt will be supplied by the carriers in accordance with the provisions and charges of Rule No. 202.(F) **Change in Service.** On instructions from shipper, owner or consignee, the following changes in service will be permitted:

From	To
Paragraph C-1.....	Paragraph C-2;
Paragraph ①C-1 or ①C-2.....	Paragraph C-3;
Paragraph C-1, 2 or 3.....	Standard Refrigeration Service.

♦♦Charges applicable to services as provided in paragraphs C-2 or C-3 will be assessed as they respectively apply from point of origin of shipment to final destination. When service is changed to Standard Refrigeration Service or is given additional icing service to that referred to in this paragraph above, prior to arrival in terminal train yard serving final destination, shipment will be considered as moving under Standard

Refrigeration Service and the charge applicable under paragraph D from loading point to the point of change in service, plus the charge for Standard Refrigeration from such point to final destination will be assessed, observing as maximum the charge for Standard Refrigeration Service for a preiced car from the loading point to final destination, exclusive of any charge under Rule No. 215, or any additional charge as provided in Rule No. 246.

(G) **Detention in Transit.**—When shipments are stopped and held at a point intermediate to final destination on instructions of shipper, owner or consignee and are placed under Standard Refrigeration Service, bunkers of cars will be reiced to capacity before forwarding from the stop or hold point and the cost of the first reicing to capacity by carrier will be included in the Standard Refrigeration Service charge; additional reicing performed at such intermediate point will be on basis of charges published in Section No. 4 of this tariff, which will be in addition to all other charges.(H) **Reicing at Final Destination.**—If, on instructions from shipper, owner or consignee, cars are reiced in bunkers after arrival in terminal train yard serving final destination, charge will be as published in Section No. 4 and will be in addition to all other charges.**Ventilation Service:**

- (I) Cars will be handled with plugs in and vents closed to final destination.
- (J) On written request of shipper, owner or consignee, shipments will be placed under Ventilation, as provided for in Rule No. 85, on basis of charge applicable from the point of origin as provided in paragraph D to the final destination of the shipment, but under no circumstances shall the provisions of this paragraph be construed as nullifying the charges provided for in this rule, in the event shipments are subsequently iced or reiced.

♦If, on instructions from shipper, owner or consignee, ventilators are opened at any time after cars have departed from loading point and cars are subsequently reiced they will be handled under Standard Refrigeration Service from the point of the first reicing occurring subsequent to the opening of the ventilators; and the charges applicable shall be those referred to in paragraph D from point of origin to the point of this reicing from which point the stated charges for Standard Refrigeration Service to final destination will apply, observing as a maximum the Standard Refrigeration Service charge from loading station to final destination exclusive of any charge under Rule 215 or any additional charge as provided in Rule No. 246.

## Rule No. 255:

**"HALF-TANK" REFRIGERATION SERVICE**

(Applies only on Virginia intrastate traffic, and only on apples from stations on the Danville and Western Ry. Co., Southern Ry. Co., Washington and Old Dominion R. R.)

Half-tank refrigeration service comprises the use of the upper chambers of the ice tanks or bunkers only in refrigerator cars and the charges for such service are conditioned on such use. This service will be furnished only for the traffic specified herein, and only when requested by the shipper at the time car is ordered and when such types of refrigerator cars are available that will permit the separate use of the upper chambers of the ice tanks (see Rules Nos. 130 and 135).

Not subject to the provisions of Rule No. 87.

Charges per carload will be as follows:

From stations in Virginia on the Danville and Western Ry. Co., Southern Ry. Co., and Washington and Old Dominion R. R. to stations in Virginia, Groups 1 and 2 (see Item 1056).....\$29.50

①Applies only on shipments of Deciduous Fruits originating at stations in California Group A (see Item 1005), Idaho, Oregon or Washington.

♦Neither an increase nor reduction in charges.

♠Reduction.

♦Increase.

## SPECIAL RULES GOVERNING REFRIGERATION SERVICES AND CHARGES

**Rule No. 256:****CITRUS FRUIT FROM TEXAS, INITIALLY ICED, PRECOOLED AND REPLENISHED BY CARRIER****Initially Iced, Precooled and Replenished by Carrier:**

- (A) On carload shipments of citrus fruits, loaded in a dry (uniced) car, originating at stations on the Missouri Pacific Lines—south, east and west of Raymondville, Texas, and on the Texas and New Orleans Railroad Company south of Alsonia, Texas, carriers will, on request of shipper, initially ice, precool and replenish to capacity at:

Missouri Pacific Lines—Harlingen, Raymondville, San Benito or Brownsville, Texas;  
Texas and New Orleans Railroad Company—Edinburg Yard, Brownsville or Harlingen, Texas.

**Shippers Instructions and Waybill Notations:**

- (B) Shipper must specify on bill of lading and Agent must place on waybill one of the following notations:

1. "Initially ice, precool and replenish at.....  
..... Do not reice."  
(Specify Station)
2. "Initially ice, precool and replenish at.....  
..... Reice only once in  
(Specify Station)  
transit at....."  
(Specify regular icing station)

**Charges Applicable:**

- (C) The charges for services outlined in sub-paragraphs 1 and 2 of paragraph B will be as published in Items 10960 to 10984, inclusive.

**Furnishing of Salt:**

- (D) Salt will be supplied by carrier in accordance with the provisions and charges of Rule No. 202.

**Change in Service:**

- (E) On instructions from shipper, owner or consignee, service provided for in sub-paragraph 1 of paragraph B will be changed to that provided for in sub-paragraph 2 of paragraph B and charges referred to in paragraph C will be assessed as they respectively apply, or carriers will change service referred to in sub-paragraphs 1 and 2 of paragraph B to Standard Refrigeration.

If, on instructions from shipper, owner or consignee, service is changed to Standard Refrigeration Service or is given additional icing service to that referred to in this paragraph above, prior to arrival in terminal train yard serving final destination, shipment will be considered as moving under Standard Refrigeration Service and the charge applicable under paragraph C from point of initial icing to point of change in service, plus the charge for Standard Refrigeration from such point to final destination will be assessed, observing as a maximum the Standard Refrigeration charge from point of initial icing to destination, plus a charge of sixteen dollars (\$16.00) per car.

**Detention in Transit:**

- (F) When shipments are stopped and held at a point intermediate to final destination on instructions of shipper, owner or consignee and are placed under Standard Refrigeration Service, bunkers of cars will be reiced to capacity before forwarding from the stop or hold point and the cost of the first reicing to capacity by carrier will be included in the Standard Refrigeration Service charge; additional reicing performed at such intermediate point will be on basis of charges published in Section No. 4 of this tariff, which will be in addition to all other charges.

**Reicing at Final Destination:**

- (G) If, on instructions from shipper, owner or consignee, cars are reiced in bunkers after arrival in terminal train yard serving final destination, charge will be as published in Section No. 4 and will be in addition to all other charges.

**Ventilation Service:**

- (H) Cars will be handled with plugs in and vents closed to final destination.

- (I) On written request of shipper, owner or consignee shipments will be placed under Ventilation, as provided for in Rule No. 85, on basis of charge applicable from the point of initial icing as provided in paragraph C to the final destination of the shipment, but under no circumstances shall the provisions of this paragraph be construed as nullifying the charges provided for in this rule in the event shipments are subsequently iced or reiced. When cars are moved with vents open prior to arrival at point of first reicing in transit, the refrigeration charge applicable shall be as provided in paragraph C of this rule, from point of origin to point of first reicing from which latter point the stated charge for Standard Refrigeration Service to final destination will be assessed, observing as maximum the Standard Refrigeration charge from the point where car was initially iced, plus a charge of sixteen dollars (\$16.00) per car, and cars will be handled under Standard Refrigeration Service from point of first reicing.

**Rule No. 257:****VEGETABLES FROM VIRGINIA (GROUP B)  
REICED ONCE IN TRANSIT**

- (A) On shipments of vegetables originating at stations in Virginia Group B (see Item No. 1056) and consigned to destinations covered by Items Nos. 11900 to 11950, inclusive, carriers will, on request of shippers, furnish preiced cars for loading, and after loading is completed, will, upon instructions from shippers, reice such cars to capacity at only the first regular icing station from the shipping point and nearest thereto in the direction of movement from the shipping point; or will accept instructions from shippers to initially ice cars at the first regular icing station from the shipping point and reice such cars to capacity at only the first regular icing station next beyond the point of initial icing. (See Rules Nos. 130 and 135.)

Bills of lading must contain one of the following instructions:

- (1) "Preiced by carriers; reice only at first reicing station; do not reice beyond. Rule 257."
- (2) "Initially ice at first regular icing station from shipping point; reice only at first regular icing station next beyond initial icing point; do not reice beyond. Rule 257."

Waybills must carry one of the following instructions:

- (1) "Preiced car furnished; reice at.....  
(specify first icing station in direction of movement from loading point); do not reice beyond. Rule 257."
- (2) Initially ice at..... (Specify first regular icing station from shipping point); reice at.....  
(specify first regular icing station next beyond initial icing point); do not reice beyond. Rule 257."

Cars will be handled with plugs in and vents closed to final destination.

- (B) If, on instructions, any car handled under the provisions of paragraph A is reiced at other than the first reicing station, as defined in paragraph A (except final destination, see paragraph D), or more than once at first reicing station, such shipment will be handled under Standard Refrigeration Service from point of second reicing, and charge for Standard Refrigeration Service applying from point of origin of shipment to final destination will be assessed and collected. In such cases, Agent must show on waybill:

"Placed under Standard Refrigeration at.....  
(name of station), by..... (railroad).  
Make bills for ice supplied in transit against.....  
..... (railroad)."

(Rule No. 257 concluded on following page)

## SPECIAL RULES GOVERNING REFRIGERATION SERVICES AND CHARGES

**Rule No. 257—Concluded:****VEGETABLES FROM VIRGINIA (GROUP B)  
REICED ONCE IN TRANSIT—Concluded****(B)—Concluded:**

When a shipment is stopped and held at a point intermediate to final destination on orders of shipper, owner or consignee, and is there placed under Standard Refrigeration, the bunkers of car while being held and before forwarding from the stop or hold point, will be reiced to capacity, and the expense of the first reicing to capacity by carrier at point where car is placed under Standard Refrigeration will be included in the stated refrigeration service charge; additional ice supplied will be on basis of charges published in Section No. 4 of this tariff, which shall be in addition to all other charges.

(C) Salt will be supplied in accordance with provisions and charges of Rule No. 202.

(D) If, on instructions, car is reiced after arrival in terminal train yard serving final destination, the charges for ice will be on basis of charges shown in Section No. 4 of this tariff, which charges shall be in addition to all other charges.

(E) Shipments will be subject to the provisions and charges of Rules Nos. 215 and 220 in addition to all other charges.

(2) Cucumbers originating at stations in Alabama and Tomatoes originating in Tennessee Group A (see Item 1051) may move with not to exceed 5,000 pounds initial icing at loading station or first regular reicing station in transit and will accept instructions from shippers to reice such cars once in transit at a regular icing station between origin (or point of initial icing) and final destination with not to exceed 5,000 pounds of ice on basis of charges published in Items 1200 to 1254, inclusive, and 10400 to 10452, inclusive.

(3) When shipments are initially iced at an intermediate point in transit and reiced at such intermediate point the provisions and charges of this rule to govern.

**Change From "Initially Iced; do not Reice; Rule 240," To One Reicing in Transit (Rule 258):**

(B) When a car initially iced by carrier or shipper has been forwarded under instructions "Initially iced; do not reice," and with vents closed and plugs in, carrier will accept instructions to reice once in transit at a regular icing station between point of origin and final destination.

Charge to be as provided for in paragraph A which will include the additional charge as provided under Items 1 or 2 of paragraph B of Rule No. 240. Charge covering initial icing under Rule No. 240 will be included in the stated charge applicable under paragraph A, only when the initial icing is performed by carrier.

If the change from Rule 240 to Rule 258 service cannot be accomplished at the designated icing station, the change will be made at the first available regular icing station in transit to final destination.

**Two or More Reicings in Transit:**

(C) If, on instructions from shipper, owner or consignee, any car is reiced more than once before arrival in terminal train yards serving final destination, car will be transported under Standard Refrigeration Service from point of second reicing. The charge applicable under paragraph A, from loading point to point of second reicing in bunkers, from which latter point the charge for Standard Refrigeration Service to final destination will be assessed, observing as maximum for aggregate of these charges the charge for Standard Refrigeration from the loading point to final destination, exclusive of any charge under Rules Nos. 215 and 225. †In such cases the Agent must enter on waybill notation as provided in paragraph I-4.

When shipments are stopped and held at a point intermediate to final destination on orders of shipper, owner or consignee, and are placed under Standard Refrigeration Service, bunkers of such cars will be iced to capacity before forwarding from the stop or hold point, and the cost of the first reicing to capacity by carrier included in the Standard Refrigeration Service charge; additional reicing performed at such intermediate point will be on basis of charges published in Section No. 4, which will be in addition to all other charges.

**Reicing at Final Destination:**

(D) If, on instructions from shipper, owner or consignee, ice is supplied after arrival of car in terminal train yard serving final destination (not placed under Standard Refrigeration Service in transit), the charge shall be as published in Section No. 4 of this tariff, which will be in addition to all other charges.

**Salt, furnishing of:**

(E) †Salt will be supplied by the carriers in accordance with the provisions and charges of Rule No. 202.

**Ventilation Service:**

(F) Unless otherwise instructed by shipper, owner or consignee, cars initially iced and billed to "Reice only once in transit at a regular icing station," will be transported with plugs in and hatches closed to destination.

(Rule No. 258 concluded on following page)

†Neither an increase nor reduction in charges.

## SPECIAL RULES GOVERNING REFRIGERATION SERVICES AND CHARGES

## Rule No. 260—Concluded:

**FRUITS AND VEGETABLES, L. C. L., UNDER REFRIGERATION FROM POINTS IN ALABAMA, FLORIDA, ILLINOIS, KENTUCKY, LOUISIANA, MISSISSIPPI AND TENNESSEE—Concluded**

- (B) This rule will apply only on shipments from one point of origin to one consignee at one destination. The requirements of the Consolidated Classification with respect to marking will be waived.
- (C) The less than carload freight charges will apply, plus the refrigeration service charges applicable on carloads, as provided in this Section.
- (D) When actual weight is less than 12,000 pounds, and shippers desire shipments forwarded in iced refrigerator cars, add to the weight of the heaviest loaded articles in the shipment sufficient weight to make total weight of the shipment 12,000 pounds, except that when the shipment consists of two or more articles of equal weight, the weight sufficient to make total weight of the shipment 12,000 pounds shall be added to the weight of the lowest rated article. Will not apply on shipments originating on the New York Central Railroad (Cleveland, Cincinnati, Chicago & St. Louis District, Michigan Central District, or Western District); nor on shipments originating on lines of other carriers when moving in connection with any of the lines named. Will not be applicable on Intrastate traffic in the State of Mississippi.
- (E) Any deficit in weight will be charged for on basis of the highest-rated article contained in the car. Will only apply on shipments originating on the New York Central Railroad (Cleveland, Cincinnati, Chicago & St. Louis District, Michigan Central District, and Western District); also on shipments originating on lines of other carriers when moving in connection with any of the lines named.

## Rule No. 261:

**TOP OR BODY ICING SERVICE ON FISH, SHRIMP AND/OR TURTLES**

- (A) <sup>▲</sup>On shipments of fish, shrimp and/or turtles, in bulk or in packages, when packed in ice (not to exceed 15,000 pounds) in body of car, originating in Republic of Mexico, or at Nogales, Arizona, a refrigeration charge based on the amount of ice placed in the body of car at point of origin or at Nogales, Arizona (not including ice in the package with the freight) will be assessed applicable from Nogales, Arizona, to final destination of shipment, as provided in Items Nos. 1500 to 1554, inclusive.

Ice placed in the body of car at point of origin, or at Nogales, Arizona, in excess of 15,000 pounds, will be charged for on basis of freight rate applicable from Nogales, Arizona, on the lowest rated commodity contained in the car.

- (B) <sup>▲</sup>On shipments of fish, shrimp and/or turtles, in bulk or in packages, when packed in ice (not to exceed 20,000 pounds) in body of car, originating at stations in California intrastate Groups B, D, E and F, and destined to stations in California Groups 2, 4 and 5 (See Item 1006), a refrigeration charge based on the amount of ice placed in the body of car at point of origin (not including ice in the package with the freight) will be assessed, as provided for in Item No. 2528.

Ice placed in the body of car at point of origin in excess of 20,000 pounds will be charged for on basis of freight rate applicable on the lowest rated commodity contained in the car.

- (C) Cars will be handled with plugs in and vents closed to destination.

<sup>▲</sup>Neither an increase nor reduction in charges.

## Rule No. 265:

**LESS THAN CARLOAD SHIPMENTS BETWEEN POINTS IN FLORIDA**

Governed by Florida Classification or by Southern Classification  
When no Rating is Provided in Florida Classification

- (A) Upon reasonable notice (see Rule No. 35) carriers will furnish or will permit shippers to use, or will participate with connecting carriers in handling refrigerator cars to be loaded by shippers at their expense with fruits, vegetables, berries, melons and/or other perishable freight in less than carloads, subject to a minimum weight of 12,000 pounds per car, covered by one bill of lading from one shipper at one point of origin to one consignee at one destination, when originating at points in Florida, destined to points in Florida and moving entirely within the State of Florida, upon the conditions and at the charges provided in this rule, which charges are in addition to the freight charges at the less than carload rates. Any deficit in weight under the 12,000 pounds minimum herein referred to shall be charged for on basis of the highest rated article contained in the car.
- (B) When shipments as referred to in paragraph A are transported in cars with ice in bunkers and instructions are given the carrier to reice such cars at any icing stations in transit or at destination, the Standard Refrigeration Service charge applicable on the highest rated commodity in the car, or in the event there is no specific charge published in Section 2 on the commodity transported, the highest Standard Refrigeration charge published in this Section, applicable on any commodity from point of origin to destination of shipment, shall be assessed.
- (C) Where shipments referred to in paragraph A are made in cars with ice in bunkers and on orders of shipper, owner or consignee move under instructions—"Do not reice" or where no instructions are furnished, a charge of twelve dollars and fifty cents (\$12.50) per car per trip shall be assessed.
- (D) Shippers will be permitted to initially ice cars in bunkers or carriers will, on reasonable advance notice, furnish a car initially iced in bunkers for the handling of shipments as provided in paragraph C.  
Where carriers are called upon to initially ice cars for such shipments a charge per ton as provided in Section No. 4 of this tariff for the ice required for such initial icing shall be assessed and collected in addition to the charge prescribed in paragraph C.
- (E) Where shipments referred to in paragraph A are, upon instructions of shipper, owner or consignee, forwarded in refrigerator cars without ice and no ice is subsequently supplied a charge of five dollars (\$5.00) per car per trip shall be assessed.
- (F) When shipments of vegetables move with ice on top of the load in body of car same will be subject to the provisions and charges published in Rule No. 243, which will be in addition to the charges covered by this rule.
- (G) The provisions of this rule will not be applicable to shipments consisting solely of butter, butterine, oleomargarine, eggs, cheese, dressed poultry and/or game, in straight or mixed lots, nor on shipments handled in refrigerator cars owned other than by carriers or their car lines.

**Note.**—The provisions of this rule will only be applicable for account the Atlantic Coast Line Railroad Company, Fort Myers Southern Railroad Company, Seaboard Air Line Railway Company (L. R. Powell, Jr., and Henry W. Anderson, Receivers), Tampa Southern Railroad Company, and the Tavares and Gulf Railroad Company.

## SPECIAL RULES GOVERNING REFRIGERATION SERVICES AND CHARGES

## Rule No. 270:

**LESS THAN CARLOAD SHIPMENTS BETWEEN STATIONS IN ALABAMA, FLORIDA, GEORGIA, NORTH CAROLINA, SOUTH CAROLINA AND VIRGINIA**

- (A) Upon reasonable notice (see Rule No. 35) carriers will furnish or will permit shippers to use, or will participate with connecting carriers in handling refrigerator cars to be loaded by shippers at their expense with fruits, vegetables, berries, melons and/or other perishable freight when in quantities less than carload minima prescribed in classifications and forwarded under less than carload or any quantity rates, subject to a minimum weight of 12,000 pounds per car, covered by one bill of lading from one shipper at one point of origin to one consignee at one destination, when moving intrastate between points in the States of Georgia, North Carolina, South Carolina and Virginia; or when moving interstate between points in the States of Alabama, Florida, Georgia, North Carolina, South Carolina and Virginia, upon the conditions and at the charges provided in this rule, which charges are in addition to the freight charges at the less than carload or any quantity rates. Any deficit in weight under the 12,000 pounds minimum herein referred to shall be charged for on basis of the highest rated article contained in the car.
- (B) Where shipments referred to in paragraph A are made in cars with ice in bunkers and instructions are given the carrier to reice such cars at any icing stations in transit or at destination, the Standard Refrigeration Service charge applicable on the highest rated commodity in the car, or in the event there is no specific charge published in Section 2 on the commodity transported, the highest Standard Refrigeration charge published in this Section, applicable on any commodity from point of origin to destination of shipment, shall be assessed.
- (C) Where shipments referred to in paragraph A are made in cars with ice in bunkers and on orders of shipper, owner or consignee move under instructions "Do not reice" or where no instructions are furnished, a charge of twelve dollars and fifty cents (\$12.50) per car per trip shall be assessed.
- (D) Shippers will be permitted to initially ice cars in bunkers or carriers will, on reasonable advance notice, furnish a car initially iced in bunkers for the handling of shipments as provided in paragraph C. Where carriers are called upon to initially ice cars for such shipments a charge per ton as provided in Section No. 4 of this tariff, for the ice required for such initial icing shall be assessed and collected in addition to the charge prescribed in paragraph C.
- (E) Where shipments referred to in paragraph A are, upon instructions of shipper, owner or consignee, forwarded in refrigerator cars without ice and no ice is subsequently supplied a charge of five dollars (\$5.00) per car per trip shall be assessed.
- (F) When shipments of vegetables move with ice on the top of the load in body of car same will be subject to the provisions and charges published in Rule No. 243, which will be in addition to the charges covered by this rule.
- (G) If the total aggregate charges, including freight charges, cost of ice and the other charges provided for in paragraphs C and E of this rule, exceed the total aggregate charges, including freight and refrigeration charges applicable on a carload shipment, the lower of the total charges will apply.
- (H) The provisions of this rule will not be applicable to shipments consisting solely of butter, butterine, oleomargarine, eggs, cheese, dressed poultry and/or game, in straight or mixed lots, nor on shipments handled in refrigerator cars owned other than by carriers or their car lines.
- Exception.**—The provisions of this rule will not be applicable on shipments originating on the Illinois Central Railroad Company, Louisville and Nashville Railroad Company, Mobile and Ohio Railroad Company; nor on shipments originating in the State of Alabama on Southern Railway System Lines, viz.: Alabama Great Southern Railroad Company, Southern Railway Company.

Rule No. 300 of Section No. 3 appears on page 370.

**SPECIAL RULES AND CHARGES**

**FOR SERVICE OF**

**REPLENISHING ICE OR ICE AND SALT IN TRANSIT**

**ON**

**PERISHABLE FREIGHT, CARLOADS**

**AS PROVIDED IN RULE No. 300**

## SPECIAL RULES GOVERNING REPLENISHING SERVICE AND CHARGES

**Rule No. 300: APPLICATION**

(A) This Section, in addition to the rules contained therein, is also governed by the rules in Section No. 1, and the following rules in Section No. 2, viz.: Rules Nos. 220, 225, 226 and 230. Replenishing charges published in this Section apply on carload shipments of Perishable Freight (see Item No. 1130), from initial stations specified in the table of charges in this Section.

**Exceptions.**—Replenishing service and charges will not apply:

1. When a refrigeration charge on any commodity is published in Section No. 2 except as otherwise provided in sub-paragraph 2 of paragraph A of Rule No. 200.
  2. On shipments of:
 

Beer,	Confections,
Berries,	Dressed Poultry,
Butter,	Eggs,
Butter Substitutes,	Fruits,
Candy,	Melons,
▲Canned and Cured Meats,	Oleo Oil,
Cereal Beverages,	Salad Dressing,
Cheese,	Sandwich Spread,
Chewing Gum,	Vegetables;
Packing House Products, not exceeding 2,000 pounds, in mixed lots with Candy, Chewing Gum or Confectionery;	
Fresh Meats or Packing House Products when destined to stations in ▲Arizona, Montana or New Mexico.	
  3. As provided in paragraph G-1.
- (B) Replenishing charges initially apply both locally and proportionally from points specified, but do not include any expense for ice or ice and salt furnished at loading or initial points or at other points before cars reach such initial points of application.
- (C) The charge on mixed carloads, when including any commodities not specifically named in paragraph A, will be on basis of the highest refrigeration charge provided in this tariff applicable on any of the commodities comprising the mixture.
- (D) Replenishing charges include expense of labor, also the service of replenishing of ice or ice and salt after departure of car from initial stations to final destination, except as otherwise provided in Rule No. 225 of Section No. 2.
- (E) Replenishing charges are on basis of bunkers or tanks of cars being completely filled with ice when shipment originating within the territory covered by this Section is tendered to carriers, or when shipment originating outside the territory arrives at the first point from which the replenishing charge is applicable. If bunkers or tanks are not completely filled with ice, same will be filled to capacity by carrier at first available regular icing station within the territory from which replenishing charges are applicable, and extra charges for ice or ice and salt so supplied will be assessed against shipment on basis provided in Section No. 4 in addition to the replenishing charge and all other charges applicable. (See Rules Nos. 130 and 135.)
- (F) When shipments are moved without ice from original loading point, and on shippers' instructions are subsequently placed under refrigeration at any point in transit, the charge will be as provided in Section No. 4 for all ice or ice and salt supplied in initially icing the car to capacity, plus the replenishing charge applicable from such point to destination. (See Rules Nos. 130 and 135.)
- (G) 1. Subject to precedence of the rules and charges in Section No. 2, upon shipper's request, shipments under ice will be accepted and transported to destination without reicing (see Rules Nos. 130 and 135), in which case specific notation must be shown on bill of lading and waybill—"DO NOT REICE."
2. In the event car is reiced on instructions from shipper, owner or consignee, the charge as provided in Section No. 4, for all ice or ice and salt used in first reicing of car to capacity, plus the replenishing charge applicable from such point to destination will apply. If no replenishing charge is published from point where car is first reiced, apply the charge published from the first station in the direction of origin of car, from which a replenishing charge is published.

- (H) Carriers will not replenish ice in packages with freight.
- (I) Carriers will not supply or place ice or salt in body of refrigerator cars equipped with ice tanks or bunkers, except in case of emergency, and/or on request of shippers (see Rules 130 and 135), and then only in the case of cars moving under replenishing charges with ice in the bunkers. This service will be performed only at regular icing stations. Ice furnished under such circumstances will be charged for in accordance with Section No. 4 in addition to the charges shown in this Section.
- (J) Wherever in this rule reference is made to "Section No. 4" it will be understood to include charges for ice or ice and salt, as provided for in Items Nos. 22100 to 22157, inclusive.

**Rule No. 310: INITIAL ICING OR SALTING, OR BOTH, BY CARRIERS AT OR FOR LOADING STATION**

If, at request of shipper, initial icing or salting, or both, and any subsequent reicing or resalting, or both, at or for loading station is furnished, the bunkers or tanks of refrigerator cars will be iced to capacity and the percentage of salt specified by shippers will be supplied by carriers. The charges for such services will be as provided in Section No. 4.

**Rule No. 312: SHIPPER'S INSTRUCTIONS**

- (A) Shippers must declare in writing to the initial carrier at loading station if the car is to be initially iced by carrier; also whether or not to be iced or reiced in transit or to be transported without icing or reicing (see paragraph G of Rule 300). If salt is desired, shipper must specify the percentage.
- (B) Shipper must specify on shipping order and/or bill of lading the service desired as authorized by this Section, using one of the shipping instructions as indicated below and Agent must enter on the waybill the notation as given below to cover the service:
- ①—Service.
  - ②—Shipper's Instructions.
  - ③—Waybill Notation.
- 1—① Replenishing service without salt.  
 ② "Replenishing service."  
 ③ "Reice to capacity at all regular icing stations."
- 2—① Replenishing service with salt.  
 ② "Replenishing service. Use.....% salt."  
 ③ "Reice to capacity at all regular icing stations with .....% salt."
- 3—① Under ice. Do not reice.  
 ② "Under ice. Do not reice."  
 ③ "Do not reice."
- (C) In addition to the notations specified in paragraph B shippers must, on shipments originating outside of and destined to stations in the replenishing territory, indicate what reicing service they desire outside of the replenishing territory using one of the notations shown in paragraph B of Rule No. 405.

**Note.**—▲Cancelled. See Item No. 1139.

**Rule No. 340: DISPOSITION OF REVENUE**

- (A) The replenishing charge shall be credited to the road haul carrier which transports shipment in road haul service from the first point from which the replenishing charge is published in this Section.
- (B) On shipments originating outside of the replenishing territory which are not iced to capacity at the first point from which replenishing charges are applicable, the replenishing revenue shall be credited to the first road haul carrier which reices car to capacity at a point in the replenishing territory (see paragraph E of Rule No. 300).
- (C) Bills for reicing or reicing and resalting (except as provided under Rule No. 225) will be rendered against the carrier to which the replenishing revenue is credited.
- (D) In addition to regular reicing notations to be made on waybills, the following notation shall also be made thereon:  
 "Make bills against.....Railroad for reicing or reicing and resalting as per Rule No. 340 of Perishable Protective Tariff No. 11."

**Rule No. 400** of Section No. 4 appears on page 374.

▲Neither an increase nor reduction in charges.

▲Reduction.

## SPECIAL RULES AND CHARGES GOVERNING SERVICES OF ICING AND REICING

## Rule No. 400:

## APPLICATION

- (A) The charges shown in this Section will apply for all ice or salt, or both, supplied (see Item No. 1147), as follows:
- (1) When the service rendered is not included within the charges applicable as provided in Sections Nos. 2, 3 and 6, the rules and charges in this Section will apply for all ice or salt, or both, supplied to shipments of perishable freight including the following commodities:  
Meats (Fresh), in straight or mixed carloads. (See also Rule No. 625.)  
Packing-house Products (as defined in Item No. 1135), in straight or mixed carloads. (See also Rule No. 625.)  
Butter, Eggs, Cheese, Dressed Poultry and Game, in straight or mixed carloads, or when shipped in mixed carloads with Live Poultry transported in combination Live Poultry Refrigerator cars.  
Butterine and Oleomargarine, carloads.  
Fish, including Clams, Crabs, Lobsters, Oysters and Shrimp, carloads.  
Ale, Beer and Beverages, in straight or mixed carloads.  
Bananas and Cocoanuts, in straight or mixed carloads.  
Except when such commodities are loaded in mixed carloads with other commodities on which stated charges are published in Sections Nos. 2, 3 or 6, the charges shown in those Sections will apply.
  - (2) When service is supplied by carrier or car line for account of another carrier or car line in connection with commodities moving under charges as provided in Sections Nos. 2, 3 or 6, respectively.  
**Exception.**—For factors to govern inter-line billing and settlement on traffic transported under refrigeration services covered by Section No. 2, see Rule No. 700 and Item Nos. 24000 to 24057, inclusive, of Section No. 7, pages 414, 415 and 416.
  - (3) For all ice or salt, or both, supplied by carrier or car line not included within the charges provided in Sections Nos. 2, 3 or 6, when specific rules in such Sections make reference to this Section.
  - (4) A charge will be made against the shipment for all ice or salt, or both, supplied at an icing station not specified on bills of lading when service is performed at such station in lieu of an icing station shown on bills of lading.

- (B) Charges for ice or salt, or both, shall be on the following basis:

**Initial Icing:**

- (1) Charges for ice or salt, or both, as applying at loading stations when preiced car is supplied, except as otherwise provided in Exception No. 6 of Rule No. 240.
- (2) Charges for ice or salt, or both, as applying at station where initial icing is supplied when dry cars are furnished.

**Exception.**—Not applicable for account of the Chicago, Rock Island and Pacific Railway Company at Trenton, Mo., when initial icing is supplied for account of another carrier.

**Reicing:**

Charges for ice or salt, or both, as applying at station where reicing is performed.

**Minimum Charges:**

The following minimum charges will apply in connection with each service performed:

- (1) Ice—1,000 pounds at the tariff rate per ton applicable at the station where furnished.
- (2) Salt—100 pounds at the tariff rate applicable at the station where furnished.
- (3) Ice and Salt—1,000 pounds of ice per car for each icing performed will be charged for at the tariff rate applicable at the station where ice is furnished, the charge for salt to be for the actual weight at the tariff rate applicable.

- (C) **Retop Icing.**—Charge for ice placed in the body of car, as provided for in Rule No. 248, will be five dollars (\$5.00) per ton in lieu of the charges published in Items Nos. 22100 to 22156, inclusive, in this Section.

## Rule No. 405:

## SHIPPER'S INSTRUCTIONS

- (A) Shipper must declare in writing to the initial carrier, at loading station, if the car is to be initially iced by carrier, also whether or not to be iced or reiced in transit or to be transported without icing or reicing. If salt is desired, shipper must specify the percentage. The term ".....per cent of salt" refers to ratio of salt to weight of ice supplied covering each icing or reicing.
- (B) Shipper must make one of the following declarations on shipping order and bill of lading (see Rules Nos. 105, 130 and 135), and similar notation must be endorsed by Agent on way-bill:
- (1) "Ice to capacity with (crushed, coarse or chunk) ice at all regular icing stations."
  - (2) "Ice to.....capacity with (crushed, coarse or chunk) ice at all regular icing stations."
  - (3) "Ice to capacity with (crushed, coarse or chunk) ice and.....per cent salt at all regular icing stations."
  - (4) "Ice to.....capacity with (crushed, coarse or chunk) ice at (specify regular icing station)."
  - (5) "Ice to capacity with (crushed, coarse or chunk) ice at (specify icing station) but not at any other point."
  - (6) "Ice to capacity with (crushed, coarse or chunk) ice and.....per cent salt at (specify icing station) but not at any other point."
  - (7) "Ice to capacity with (crushed, coarse or chunk) ice at (specify icing stations) and oftener if delayed."
  - (8) "Ice to capacity with (crushed, coarse or chunk) ice and.....per cent salt at (specify icing stations) and oftener if delayed."
  - (9) "Ice at (specify icing stations) with.....lbs. (crushed, coarse or chunk) ice, but not at any other point."
  - (10) "Ice at (specify icing stations) with.....lbs. (crushed, coarse or chunk) ice and.....per cent salt, but not at any other point."
  - (11) "Not under ice; do not ice, keep ventilators closed and plugs in."  
"Under ice; do not reice, keep ventilators closed and plugs in."  
On shipments billed as above ventilating devices will not be manipulated in transit nor at destination unless instructed to the contrary by shipper, owner or consignee.
  - (12) "Do not reice in transit unless delayed and then use (crushed, coarse or chunk) ice and.....per cent salt."
  - (13) "Ice at.....(specify regular icing station) with sufficient ice.....(crushed, coarse or chunk) to have bunkers or tanks contain .....pounds."
  - (14) "Reice only in 'A' end bunker" or "Reice only in 'B' end bunker." Applies in conjunction with instructions covered by sub-paragraphs 1 to 13, inclusive.
  - (15) "If car is not at destination or will not reach destination on or before.....reice with.....pounds of crushed ice and.....per cent salt at first available icing station on.....(date)."
  - (16) "Car contains ice to protect shipment until.....(date). If car is not at destination on above date, reice with.....(pounds) chunk ice in body of car at each regular icing station enroute." (Applicable only in connection with shipments of Fish.)
  - (17) Use one of the following on Beer or Cereal Beverages:  
"Initially iced by shipper in (body or bunkers); reice in (body or bunkers) with.....pounds (crushed, coarse or chunk) ice at (specify regular icing station)."  
"Initially iced by shipper in (body or bunkers); do not reice in transit unless delayed and then use (crushed, coarse or chunk) ice in (body or bunkers)."
  - (18) "Supply.....lbs. of salt at.....(Specify regular icing station)."

(Rule No. 405 concluded on following page.)

## SPECIAL RULES AND CHARGES GOVERNING SERVICES OF ICING AND REICING

**Rule No. 405—Concluded:****SHIPPER'S INSTRUCTIONS—Concluded****(B)—Concluded:**

- (19) Applicable only in connection with refrigerator cars equipped with inside temperature—indicating device (see Note A below):

"Reice at first regular icing station with..... pounds of ice, .....pounds of salt, after TOP inside temperature reaches.....degrees above zero."

**Note A.**—Not applicable at stations on the New York, New Haven and Hartford Railroad.

**Note B.**—For description of crushed, coarse and chunk ice, see Item No. 1152.

- (C) On shipments destined to points in the replenishing territory and moving under replenishing charges, as provided in Section No. 3 of this tariff, shipper must select one of the notations provided in paragraph B of this rule in addition to the instructions shown in Rule No. 312.

- (D) If shipper fails or neglects to give in shipping order and/or bill of lading one of the notations provided in paragraph B, the carriers will reice at all regular icing stations (if ice has previously been used), using salt if same has previously been used, and charges for such services will be on basis of charges in this Section. See paragraphs E and F, also Rule No. 105.

- (E) When shipments are received from shippers or connecting lines in the states of Illinois, Indiana, Massachusetts, Michigan, New Jersey, New York, Ohio, Pennsylvania, West Virginia, the Provinces of Ontario and Quebec, also at Louisville, Ky., and St. Louis, Mo., without instructions as to the character of service desired or with instructions not authorized in paragraph B, cars will be handled as follows:

Commodities requiring refrigeration will be iced by the carrier in accordance with the established practice prevailing at the time of movement and charge made for such icing as provided in Sections 2, 3 or 4, as they respectively apply. Commodities requiring ventilation will be handled under Standard Ventilation Rules. See Rule No. 105.

**Exception.**—The provisions of this paragraph E will not be applicable for account lines shown below which will be subject to the provisions contained in paragraph D:

Atchison, Topeka and Santa Fe Ry. Co.;  
Chicago, Rock Island and Pacific Ry. Co.;  
Illinois Central R. R. Co.;  
Louisville and Nashville R. R. Co.;  
Missouri-Kansas-Texas R. R. Co.;  
Norfolk and Western Ry. Co.;  
St. Louis-San Francisco Ry. Co.

- (F) Shipments of Fish transported with ice in the body of car not at destination on date specified by shipper, and shipper fails or neglects to furnish reicing instructions (see sub-paragraph 16 of paragraph B) carriers will reice with not to exceed 5,000 pounds chunk ice in body of car, on the destination date specified by shipper. For such service there will be assessed the charges in this Section.

after arrival of the car in the terminal train yard serving the destination and up to the time it is in process of unloading on team tracks or until placed on private track (see Item No. 1116), carrier will examine bunkers or tanks daily and unless written instructions from shipper, owner or consignee are received to the contrary when car requires additional ice or ice and salt during such period it will be reiced. (For cars billed to stop off for partial unloading, see paragraph B.) (See Rule 105.) Before reicing car at destination, carrier will make reasonable effort to secure from consignee instructions as to whether or not reicing is desired. The charge for ice or ice and salt supplied will be in accordance with charges in this Section. Cars billed—"Do not reice" will not be reiced unless shipper, owner or consignee so instructs.

- (B) Carriers will not reice cars at stations to which cars are billed to stop-off for partial unloading, except when stop-off points are also icing stations, and then only when reicing is instructed by shipper, owner or consignee. When waybills carry instructions to reice at stop-off point (same being an icing station), one reicing only will be furnished at such point unless specific instructions are received by the carrier to the contrary.

**Exceptions.**—The provisions of this rule will not apply:

1. On intrastate traffic in the States of South Carolina and Texas.
2. On cars of Meat in terminal train yard serving Delaware Avenue deliveries — Philadelphia, Pa. — Pennsylvania Railroad Company.
3. On cars of Meat that have reached final destination and which are held on tracks of the Reading Company, pending instructions from consignees to place for unloading.
4. On cars of Meat in terminal train yard service, Pratt Street delivery—Baltimore, Md., Baltimore and Ohio Railroad Company.
5. On cars of meat and/or packing house products arriving at Atlantic City, N. J., Pennsylvania-Reading Seashore Lines, pending instructions from consignee to place for unloading.

**Rule No. 420:****ICED CAR ORDERED BUT NOT USED**

- (A) When car which has been iced upon order is not used at station where car was to be loaded, the charge for ice or salt, or both, based on entire quantity supplied car at initial icing, shall be collected from party ordering the car.
- (B) The charge for ice and salt published on pages Nos. 377 and 378 applying at station where car was to be loaded, will govern.
- (C) When an iced car is ordered for loading at a station on a carrier which does not publish a charge for ice or ice and salt, the charge covering the quantity supplied car initially will be as published in this Section applicable at station where such materials were furnished.

**Rule No. 406:****REICING CARS AT HOLD POINTS AND DESTINATION; CHARGE FOR**

- (A) When car, except when billed—"Do not reice," is held at any intermediate point between point of origin and final destination on orders of or awaiting reconsigning or other instructions from shipper, owner or consignee, or

**Rule No. 425:****ADDITIONAL PROTECTIVE SERVICE MADE NECESSARY BY EMERGENCY**

When on account of emergencies, beyond the control of carriers, additional protective service is made necessary, extra charges for such services will be made on basis of the charges shown in this Section, regardless of billing instructions.

## SPECIAL RULES AND CHARGES GOVERNING SERVICES OF ICING AND REICING

**Rule 430:****ICING BY SHIPPERS AT LOADING STATION**

- (A) The carrier, at its option and for its own convenience, may permit the shipper or owner, at his own expense, to perform the icing service at loading station. (See Note.) Shipments so handled will be subject to the rules as published in this Section.

**Exception.**—See paragraph B.

**Note.**—For the purpose applying the provisions of this rule St. Louis, Mo., and East St. Louis, Ill., will be considered as one station.

- (B) Applicable only in the States of Colorado, Illinois, Iowa, Kansas, Missouri, New Mexico, Oklahoma, <sup>1</sup>Oregon (see Note), and Texas.—No initial icing by shipper (other than icing within the switching limits of the loading point) will be permitted at any point other than the loading point, except in cases where the carrier, at its option and for its own convenience, shall specifically request or arrange with such shipper, or shipper car owner, for icing to be done, provided that such icing point shall not be more than 250 miles from such loading point. In such cases, such icing shall be deemed to have been done by such shipper at the loading point.

**Note.**—The Spokane, Portland and Seattle Railway Company and Oregon Trunk Railway or Oregon Electric Railway Company will be considered as one line in the application of this rule.

The regulations prescribed in paragraph B will not apply for account of the following carriers, which carriers will be subject to the regulations contained in paragraph A:

Alton R. R. Co.;  
 Baltimore and Ohio R. R. Co.;  
 Chicago and Eastern Illinois Ry. Co.;  
 Chicago & Illinois Midland Ry. Co.;  
 Chicago and North Western Ry. Co.;  
 Chicago, Burlington & Quincy R. R. Co.;  
 Chicago, Milwaukee, St. Paul and Pacific R. R. Co.;  
 Chicago, Rock Island and Pacific Ry. Co., except on cars iced at stations in Texas on the Chicago, Rock Island and Pacific Ry. Co., which are loaded at stations on the Wichita Falls & Southern R. R. Co.;  
 Colorado and Southern Ry. Co.;  
 Denver and Rio Grande Western R. R. Co.;  
 Great Northern Ry. Co.;  
 Illinois Central R. R. Co.;  
 Indiana Harbor Belt R. R. Co.;

**(B)—Concluded:**

Kansas City Southern Lines;  
 Louisville and Nashville R. R. Co.;  
 Missouri Pacific Lines;  
 Mobile and Ohio R. R. Co.;  
 New York Central R. R. Co., viz.:  
 • Cleveland, Cincinnati, Chicago and St. Louis District; Michigan Central District; Western District;  
 New York, Chicago and St. Louis R. R. Co.;  
 Northern Pacific Ry. Co.;  
 Pennsylvania R. R. Co.;  
 Southern Pacific Co. (Pacific Lines);  
 Southern Railway Co.;  
 Texas and New Orleans R. R. Co.;  
 Union Pacific R. R. Co.;  
 Wabash Ry. Co.

**Rule No. 435:****REICING CARS**

Carriers are not obligated to reice cars during process of loading, nor at any station which is not an established icing station.

**Rule No. 440:****ICE IN BUNKERS OR TANKS AT DESTINATION**

- (A) All ice in the bunkers or tanks of refrigerator cars at destination is the property of the carrier.
- (B) Ice remaining in bunkers or tanks of refrigerator cars from a previous shipment will be considered as abandoned by carrier:
- (1) When cars containing ice are placed for loading by initial carrier on order for other than an iced car.
  - (2) When delivered by initial line or carrier party to this tariff to a switch line.
  - (3) When delivered by carrier party to this tariff to a carrier not a party to this tariff.

**Rule No. 500** of Section No. 5 appears on page 380.

<sup>1</sup>Reduction.

Co.—Richmond, Ind., on the Chesapeake and Ohio Ry., and Pennsylvania R. R.—Lawrenceburg Jct., Ind., on the New York Central R. R. (Cleveland, Cincinnati, Chicago & St. Louis District).

The foregoing optional provisions will also govern on shipments originating at stations in California listed in Item No. 23924, Washington, Oregon, Idaho and Utah covering that portion of the journey within Heater Territory beyond the following described territory: The Illinois-Indiana State Line via the Louisville and Nashville Railroad or Southern Railway; Logansport, Ind., or Indianapolis, Ind., via Pennsylvania Railroad; Indianapolis, Ind., via Baltimore and Ohio Railroad; Muncie, Ind., via Chesapeake and Ohio Railway; Patoka, Ind., via Chicago and Eastern Illinois Railway; Bedford, Ind., via Chicago, Indianapolis and Louisville Railway; Sheff, Ind., Danville, Ill., or Vermillion, Ill., on the New York Central Railroad (Cleveland, Cincinnati, Chicago & St. Louis District).

6. On shipments originating in the Heater Territory during the period November 16th to but not including March 1st, billed to destinations to which optional service is specifically authorized herein, transported under Ventilation Service or Shippers' Protective Service Against Cold through the Heater Territory en route to the billed destination and which are subsequently reconsigned to destinations to which only Carriers' Protective Service Against Cold is available, such shipments will be considered as moving under Carriers' Protective Service Against Cold covering that portion of the journey through the Heater Territory where only Carriers' Protective Service Against Cold is available, and subject to the published charge from point of re-entry into Heater Territory to the final destination in the Heater Territory provided in this Section.
7. On shipments forwarded from storage warehouses in the Chicago Switching District to deliveries in the same switching terminals or district during the period November 16th to but not including March 1st, it shall be optional with shipper or owner to select Shippers' Protective Service Against Cold, as provided in Rule No. 513.

**Description of Heater Territory:**

- (E) The term Heater Territory means points within the territory from and to which charges as per Items Nos. 23005 to 23835, inclusive, published in this Section.

**Character of Protective Services:**

- (F) ▲Provisions cancelled.

**Ventilation—Carriers' Protective Service Against Cold on apples or pears:**

- (G) Shipments of apples or pears, or both, originating in Heater Territory billed under Ventilation Service with instructions to place under Carriers' Protective Service Against Cold, in transit, for regulations and charges to govern, see Rule 76.

**Change in Service:**

- (H) After placement of car for loading no change in character of service will be permitted at any point (including destination) in the Heater Territory, except as may be provided in paragraph D of this rule and in Rules Nos. 75, 76, 90, 505, 513, 514, 515, 516, 517, 519, 521, 522, 523, 524, 526 and 530.

**Terms "Instructions" or "Instructed":**

- (I) Wherever the terms "instructions" or "instructed" are used in items or individual rules in this Section, it shall mean the instructions as authorized herein, given by shipper, owner, consignee, or his duly authorized representative.

**▲Rule No. 505:****SHIPPER'S INSTRUCTIONS****Within Heater Territory:**

- (A) When shipper elects to have cars transported under Shippers' Protective Service Against Cold (see Rule No. 510), shipping orders, bills of lading and waybill must carry notation as follows: "Shippers' Protective Service Against Cold."

Carriers will accept additional instructions for any ventilation service as provided for in Rule No. 85. In the absence of such instructions, carriers will manipulate ventilating devices in accordance with Standard Ventilation Service. (See Exception.)

**Exception.**—Commodities prefixed "b" as shown in Item No. 1130 do not require ventilation. Shipments will be handled with plugs in and ventilators closed unless instructions are received to the contrary.

- (B) When shipper elects to have cars transported under Carriers' Protective Service Against cold (see Rule No. 515), shipping order, bill of lading and waybill must carry one of the following notations:

"Carriers' Protective Service Against Cold."

"Carriers' Protective Service Against Cold; keep vents closed and plugs in regardless of weather."

**Outside Heater Territory:**

- (C) On shipments originating outside the Heater Territory, when shipper, owner or consignee desires that same be placed under Carriers' Protective Service Against Cold (see Rule No. 515) such service will be furnished only from point of entry into the Heater Territory through which the shipment passes. Instructions must be given in writing and endorsed on bills of lading at point of origin, or if car has left point of origin, such instructions must be in the hands of Carriers' Agent at first point within Heater Territory but prior to arrival of car at such point. One of the following instructions must be endorsed on waybill by the Agent holding same:

"Carriers' Protective Service Against Cold from point of entry into Heater Territory."

"Carriers Protective Service Against Cold from point of entry into Heater Territory. Keep plugs in and vents closed regardless of weather."

The points from and to which service is to be applied must not be contrary to the provisions of this tariff.

- (D) On shipments moving under refrigeration, see Rule No. 75.

- (E) When pursuant to instructions heat is furnished to a shipment with ice on lading same will be transported with ventilating devices in a closed position, unless otherwise instructed. Applicable on shipments originating within an outside Heater Territory.

- (F) On shipments originating at or destined to points outside of the Heater Territory (see Rule No. 500), it shall be the duty of shipper to specify the class of Protective Service desired outside Heater Territory, as required in individual rules governing the service selected.

- (G) On shipments to be forwarded under Ventilation Service, as provided in Rule No. 85, on which shipper does not desire heater service furnished, as provided in Rules Nos. 521, 522 or 523, shipping order and waybill should also be endorsed with the notation—"Do not heat."

- (H) On shipments originating within or outside the Heater Territory destined to points in Canada, or moving through Canada to destinations in the United States outside the Heater Territory, transported by the Canadian

SHIPPERS' PROTECTIVE SERVICE AGAINST COLD  
—Concluded

## Rule No. 510—Concluded:

- (C) Shipments of perishable freight (except as provided in paragraph D) moving with portable heater installed in car by shipper, shipper must send a caretaker from the point at which heater is installed to look after fire at all points, including destination. If caretaker abandons car at any point he must remove the heater from car and shipment thereafter will be handled under standard ventilation, as provided for in Rule No. 85, unless otherwise instructed by shipper, owner or caretaker. When caretaker abandons car, conductor or agent must make record of the fact on waybill.
- (D) ▲Liquors, liquids or semi-liquids in wood, glass, earthenware or tin, including ale, beer, grape juice, mineral water, preserves, jams, catsup, cider, vinegar, table sauces, syrup, canned goods, mucilage and ink, in carloads, or in less carloads subject to the provisions of Rule No. 630, in cars (see Item No. 1125) containing portable heater of suitable design as to safety furnished and installed by shipper, will be accepted subject to the provisions of paragraph B. (See Rules Nos. 130 and 135.)
- ▲Lighting, extinguishing or fueling of heaters or manipulation of ventilating devices will be performed in accordance with shippers' instructions on bill of lading and provisions of tariff. In the absence of instructions, heaters will not be serviced and car will be handled through to destination with ventilators closed.

## Pre-Warming Cars:

- (E) ▲Provisions cancelled.

## Housing:

- (F) ▲Provisions cancelled.

## Servicing Heaters:

- (G) ▲Charges for fuel and services as provided in Rule No. 511 will be billed against consignee.
- (H) When cars are received from connecting lines without heaters, such cars will be handled under Standard Ventilation. In the event specific instructions as to ventilation are furnished such instructions will be observed.

## Transporting Caretakers:

- (I) When a shipper elects to send a caretaker in charge of a shipment of perishable freight, caretaker must pay full passenger fare. No free return transportation will be issued to caretakers. (See Rule No. 111.)

## EXCEPTIONS

- The provisions of this rule are not applicable:
  - At points in the Heater Territory to shipments of potatoes, other than sweet potatoes or yams, originating in the Heater Territory, during the period November 16th to but not including March 1st, except as otherwise provided in Rule No. 500.
  - On Malt Liquors (Ale, Beer, Beer Tonic, Porter or Stout) transported via the Bangor and Aroostook Railroad, or via the Canadian Pacific Railway in Maine east of Brownville Junction, Maine, as indicated in the Official List of Open and Prepay Stations, Agent A. P. Leland's I. C. C. No. A-20, C. T. C. No. A-20, supplements thereto or successive issues thereof by the following Canadian Pacific Railway stations numbers, inclusive: 315 (Vanceboro) to 430 (Lake View), 2320 (Houlton), 3010 (Fort Fairfield) to 3100 (Presque Isle).
- Fuel will not be replenished nor heaters lighted or extinguished nor heater service accorded any supervision by carriers in Canada when heaters are installed in body of cars moving under custom seals.

## Rule No. 511:

## CHARGES FOR SERVICING HEATERS, ALSO FOR SUPPLYING OR REPLENISHING FUEL

The following regulations and charges will apply covering fuel supplied or replenished by carriers to shipments transported under Shippers Protective Service Against Cold and to lighting of heaters:

For oil.....	15 cents per gallon.
For other liquid fuel.....	40 cents per gallon.
For charcoal.....	4 cents per pound.
For briquettes, charkets or other solid fuel.....	5 cents per pound.

▲Charge of 50 cents per car will apply for any or all of the following services each time performed:

- Carriers supplying fuel. (Applies only as minimum when charge for fuel on per-pound or per-gallon basis is less than fifty cents.)
- Carriers replenishing fuel supplied by shipper.
- Carriers lighting heaters.
- Carriers removing heaters. (Applicable only as provided in paragraph G of Rule No. 513, paragraph J of Rule No. 514, paragraph G of Rule No. 516, and paragraph I of Rule No. 517.)

Bills for services supplied under a, b and c will be rendered against the consignee for shipments transported under Rule No. 510.

Bills for services supplied under a, c and d will be rendered against the carrier furnishing and installing the heaters to shipments transported under Rules Nos. 513, 514, 516 and 517.

## Rule No. 513:

## FURNISHING HEATERS AND FUEL AT DESTINATION ON POTATOES, CARLOAD, OTHER THAN SWEET

- (A) ▲On potatoes, carload, other than sweet, forwarded from storage warehouses in the Chicago Switching District for deliveries in the same switching terminal, carriers, upon instructions, will furnish heaters and fuel for same at points in the Heater Territory, where heaters and fuel are available, at a charge of one dollar and fifty cents (\$1.50) per heater per twenty-four hours or fraction thereof, time to be computed from date and hour heater is installed to date and hour car is unloaded or heater is removed from car on instructions.

▲The charge includes fuel supplied, also installation, lighting, fueling, extinguishing and removal of heater or heaters.

- Shipper, owner or consignee must specify the number of heaters required and the temperature at which heater or heaters are to be lighted and extinguished.
- ▲Where movement of shipment is over more than one line, carrier supplying heater or heaters is not obligated to permit same to move beyond its own rails. But when owning carrier does, the above charge will apply.
- Heater or heaters must be removed from car at place of unloading by carriers and returned to owning carrier in accordance with Rule No. 550.
- Heaters will not be placed in body of cars equipped with ice bunkers.
- Carriers installing heaters must make special heater waybill and/or place the following notation on revenue waybill:  
"Shippers' Protective Service. Heater installed by ..... Railroad at ..... (Name of Station) at ..... Light heater (or heaters) at ..... (Time and Date) degrees. Extinguish heater (or heaters) at ..... degrees."  
Carrier removing heater must show on waybill:  
"Heater removed by ..... Railroad at ..... (Name of Station) at ..... (Time and Date)"
- ▲Charge for fuel supplied or replenished, lighting of heaters, also removal of heater, will be rendered against carrier installing heater, on basis of the charges published in Rule No. 511.

▲Neither an increase nor reduction in charges.

## SPECIAL RULES GOVERNING PROTECTIVE SERVICE AGAINST COLD

## Rule No. 514:

**FURNISHING HEATERS AND FUEL ON PERISHABLE  
COMMODITIES, CARLOADS, AND LESS THAN  
CARLOAD IN INDIVIDUAL CARS  
(SEE RULE No. 630)**

## SECTION 1

(A) <sup>▲</sup>On perishable commodities, carloads, or less than carload in individual cars (see Rule No. 630), carriers upon instructions will furnish heaters and fuel for same at points where such heaters and fuel are available for pre-heating cars or use in transit or while cars are stopped or held at intermediate points or at final destination, at a charge of one dollar and fifty cents (\$1.50) per heater per twenty-four hours or fraction thereof, time to be computed from date and hour heater is installed to date and hour car is unloaded or heater is removed from car on instructions. See paragraph K for territorial application.

▲1. The charge includes fuel supplied, also installation, lighting, fueling, extinguishing and removal of heater or heaters.

2. Where the movement of shipment is over more than one carrier party to this rule, the carrier supplying such heater or heaters is not obligated to permit its heater or heaters to move beyond its own rails. But when carrier owning the heater or heaters does permit the use thereof beyond its own rails the above charge will apply.

3. Charges will accrue to the carrier supplying the heater or heaters.

When shipments are transported via two or more carriers and the carrier initially supplying heater or heaters permits same to remain in car for use on connecting carriers the entire revenue will accrue to the carrier supplying the heater or heaters.

When the carrier supplying the heater removes same before delivery to connecting carrier and the receiving carrier installs its heater the revenue will be prorated between interested carriers upon an hourly basis.

4. <sup>♣</sup>Service will be available during the period October 15, 1940, to May 31, 1941, inclusive, and thereafter during the period September 1st to the following May 31st, inclusive.

(B) <sup>♣</sup>The service covered by this rule may be substituted for refrigeration and carriers will remove ice from bunkers or tanks at an additional charge of four dollars (\$4.00) per car which will accrue to the carrier performing the service. Not applicable in Canada; see Rule No. 75, paragraph (B)-(6) thereof.

Regulations and charges will also be applicable to top or body iced shipments transported without ice in bunkers of car.

Carriers will not remove ice from top of load in body of car.

(C) Heaters removed in transit will be returned to point of installation and waybilled in accordance with Rule No. 550.

Heaters must be removed from car at destination by carriers and returned to points of installation waybilled in accordance with Rule No. 550.

(D) Shipper, owner or consignee must specify at time ordering heater or heaters number of heaters required and temperature at which heater or heaters are to be lighted and extinguished.

Heater or heaters, when available, will be installed and lighted at the first regular inspection point after temperature reaches degree specified for lighting heaters, and will thereafter be lighted or extinguished by carrier at regular inspection points at temperatures specified by shipper.

1. After shipment has arrived at final destination, shipper, owner or consignee will be permitted to give instructions as shown in paragraph 4 of paragraph I, subject to assessment of charges computed in accordance with paragraph A.

(E) Carriers are not obligated to install, light, refuel, or extinguish heater or heaters while cars are held on private track (see Item No. 1116).

(F) Heaters will not be placed in body of cars equipped with ice bunkers.

(G) When shipper, owner or consignee desires shipments accorded ventilation he must select one of the classes of ventilation service covered by Rule No. 85. In the absence of ventilation instructions cars will be handled to destination under Standard Ventilation.

(H) <sup>▲</sup>Shipments will be transported solely at owner's risk of loss or damage by heat or cold not the result of negligence of carrier.

(I) Shipper, owner or consignee must specify one of the following instructions, and carriers installing heaters must make special heater waybill and/or place one of the following notations on revenue waybill in accordance with the service selected:

▲1. (A) "Shippers' Protective Service Against Cold—Rule 514. Light heater at.....degrees above zero, outside temperature. Extinguish heater at.....degrees above zero, outside temperature. Ventilation.....(Specify class of ventilation)....."

(B) "Shippers' Protective Service Against Cold—Rule 514. Heater installed by.....R. R. at (Name of Station) at (Time and Date). Light heater at.....degrees above zero, outside temperature. Extinguish heater at.....degrees above zero, outside temperature. Ventilation.....(Specify class of ventilation)....."

▲2. (A) "Shippers' Protective Service Against Cold—Rule 514. Light one heater at.....degrees above zero, outside temperature. Light second heater at.....degrees above zero, outside temperature. Extinguish one heater at.....degrees above zero, outside temperature. Extinguish second heater at.....degrees above zero, outside temperature. Ventilation.....(Specify class of ventilation)....."

(B) "Shippers' Protective Service Against Cold—Rule 514. Heaters installed by.....R. R. at (Name of Station) at (Time and Date). Light one heater at.....degrees above zero, outside temperature. Light second heater at.....degrees above zero, outside temperature. Extinguish one heater at.....degrees above zero, outside temperature. Extinguish second heater at.....degrees above zero, outside temperature. Ventilation.....(Specify class of ventilation)....."

▲3. (A) "Shippers' Protective Service Against Cold—Rule 514. Light heater (or heaters) at.....degrees above zero, outside temperature. Keep heaters burning to final destination regardless of temperature and thereafter until further instructed."

(B) "Shippers' Protective Service Against Cold—Rule 514. Heater installed by.....R. R. at (Name of Station) at (Time and Date). Light heater (or heaters) at.....degrees above zero. Keep heaters burning to final destination regardless of temperature and thereafter until further instructed."

4. To apply only as provided in sub-paragraph 1 of paragraph D:

(A) "Shippers' Protective Service Against Cold—Rule 514. Install and light heater (or heaters) in car, and keep same burning until further instructed."

(B) "Shippers' Protective Service Against Cold—Rule 514. Heater installed at (Time and Date). Keep heaters burning until further instructed."

5. Carriers removing heater must show on waybill: "Heater removed by.....R. R. at (Name of Station) at (Time and Date)."

(J) Charge for fuel supplied or replenished, lighting of heaters, also removal of heaters, will be rendered against carrier installing heater on basis of charges published in Rule No. 511.

(Rule No. 514 continued on following page.)

## SPECIAL RULES GOVERNING PROTECTIVE SERVICE AGAINST COLD

## Rule No. 514—Concluded:

**FURNISHING HEATERS AND FUEL ON PERISHABLE  
COMMODITIES, CARLOADS, AND LESS THAN  
CARLOAD IN INDIVIDUAL CARS  
(SEE RULE No. 630)—Concluded**

**SECTION 2**

Carriers, upon instructions, will accept cars protected by thermostatically controlled heaters and the provisions and charges in Section 1 of this rule, except as hereinafter provided, will govern, charges to be computed from date and hour cars leave eastern boundary of heater service territory until car is unloaded or heaters removed.

Revenue will accrue to carriers handling the car.

Shippers must specify the following instruction:

"Shippers' Protective Service Against Cold—Rule 514—Automatic Heater."

Expires with April 15th, 1941, unless sooner cancelled, changed or extended.

**SECTION 3**

(A) Subject to the provisions of Section 1 of this rule, except as hereinafter provided, carriers, upon instructions, will accept cars equipped with underslung heaters using either gas (see Note) or charcoal on basis of charge of three dollars (\$3.00) per car per twenty-four (24) hours or fraction thereof, time to be computed on the following bases:

- (1) On shipments originating in Canada, destined to points in the United States, from date and hour shipment departs from the International Boundary to date and hour car is unloaded at final destination, or to date and hour car passes beyond the Border of Rule 514 territory.
- (2) On shipments originating in the United States, destined to points in Canada, from date and hour car is placed for loading or from date and hour car enters Rule 514 territory, to date and hour car arrives at the International Boundary.
- (3) On shipments originating in the United States, destined to points in the United States via routes through Canada, from date and hour car is placed for loading, or from date and hour car enters Rule 514 territory, to date and hour car is unloaded or to date and hour car passes beyond the border of Rule 514 territory.

(B) Shipper must specify the following instruction:

"Shippers' Protective Service Against Cold—Rule 514—Underslung Heater."

(D) Revenue will accrue to the carrier first handling the shipment in Rule 514 territory.

**Note.**—When in connection with the Boston and Maine Railroad or Maine Central Railroad, the provisions of this section of rule will apply only on shipments transported in cars equipped with underslung heaters using charcoal.

## Rule No. 515:

**APPLICATION OF CARRIERS' PROTECTIVE SERVICE  
AGAINST COLD**

(A) \*Carriers will furnish Carriers' Protective Service Against Cold (see Item No. 1165) to carload shipments of perishable freight loaded in refrigerator cars within the Heater Territory. Shipments in box or lined cars will be accepted and transported subject to the provisions of Rule No. 510.

The provisions will not be applicable to traffic originating outside of the Heater Territory, except as to carload shipments on which shipper, owner or consignee requests such privileges, and then only from the first point of entry within the Heater Territory. (See Rules Nos. 75,

500, 521, 522 and 523.) In the latter event the provisions of this rule will become available from the first point within the Heater Territory by proper endorsement on bill of lading or written notice to the carrier as provided herein.

(B) Carriers' Protective Service Against Cold from and between points within the Heater Territory will be furnished under the following conditions (see Rule No. 150):

- (1) From loading stations within the Heater Territory only on written request from shipper at time of ordering the car as provided in Rule No. 505.
- (2) On shipments having origin at loading stations outside of the Heater Territory, upon receipt of reasonable advance notice in writing, which must specify "Carriers' Protective Service Against Cold from the first point of entry within the Heater Territory," and prior to arrival of car at first point within the Heater Territory through which shipment is transported.

On shipments transported under refrigeration service prior to arrival at point of entry into Heater Territory, see Rule 75, paragraph C.

- (3) When shipments are forwarded from point of loading outside the Heater Territory in box or lined cars, Carriers' Protective Service Against Cold will be furnished when requested, but only after shipment has been transferred into a refrigerator or insulated car. (See Rule No. 90.) Request for such service must also carry a request from shipper to transfer to refrigerator car (see Rules Nos. 130 and 135). An inspection as to condition of shipment must be made at time of such transfer and proper record made.

(C) Charges initially apply only from stations within the Heater Territory on the rails of issuing carriers parties to this tariff, on carload shipments under Carriers' Protective Service Against Cold.

(D) Charges will apply as follows:

- (1) On shipments moving locally from and to points within the Heater Territory whether shipment moves wholly or in part through the Heater Territory.
- (2) On shipments originating at points outside of the Heater Territory and destined to points outside of the Heater Territory moving through the Heater Territory such charges will apply from the first point within Heater Territory on the route via which shipment is moving to the most distant point in Heater Territory on the route via which shipment is moving to final destination.
- (3) On shipments originating at points outside of the Heater Territory destined to points in the Heater Territory charges will apply from the first point within the Heater Territory on the route via which shipment is moving to the final destination in the Heater Territory.
- (4) On shipments originating at points within the Heater Territory and destined to points outside the Heater Territory charges will apply from point of origin within Heater Territory to the most distant point in Heater Territory on the route via which shipment is moving to final destination.
- (5) Charges do not include any charges accruing on the rails of the carriers not parties to this tariff within the Heater Territory.

(E) Carriers' Protective Service Against Cold charges cover the service prescribed in paragraph A and as specified in paragraph C of this rule, except as otherwise provided in Rules Nos. 75, 76, 520 and 530.

(F) \*Cancelled. See Rule No. 45.

(G) \*Cancelled. See Rule No. 500, paragraph B.

(H) Carriers reserve the right to refuse shipments of perishable freight in carloads when the outside temperature at loading station is five (5) degrees below zero or colder.

\*Neither an increase nor reduction in charges.

\*Reduction.

## SPECIAL RULES GOVERNING PROTECTIVE SERVICE AGAINST COLD

## Rule No. 516:

**FURNISHING HEATERS AND FUEL, ON BANANAS  
IN STRAIGHT CARLOADS OR IN MIXED  
CARLOADS WITH COCOANUTS**

The following optional provisions will apply on bananas in straight carloads or in mixed carloads with cocoanuts:

- (A) <sup>▲</sup>Shipments will be handled under Shippers' Protective Service Against Cold, subject to the rules shown in this Section (see paragraph D).
- (B) <sup>▲</sup>Carriers upon instructions will furnish heater or heaters, where available, for use in transit or while cars are stopped or held at intermediate point or at final destination at a charge of one dollar and fifty cents (\$1.50) per heater per twenty-four hours or fraction thereof. Time will be computed from date and hour heater is installed to date and hour car is unloaded or heater is removed from car on instructions.

1. <sup>▲</sup>The charge includes fuel supplied, also installation, lighting, fueling, extinguishing and removal of heater or heaters.

2. <sup>▲</sup>Carriers will install, light, refuel, extinguish and remove heater or heaters only upon specific instructions.

**Exception.**—Carriers are not obligated to install, light, refuel or extinguish heater or heaters while cars are held on private track (see Item No. 1116).

3. Where movement of shipment is over more than one line, carrier supplying heater or heaters is not obligated to permit same to move beyond its own rails. But when owning carrier does, the above charge will apply.

4. Charges will accrue to the carrier supplying the heater or heaters.

When shipments are transported via two or more carriers and the carrier initially supplying heater or heaters permits same to remain in car for use on connecting carriers the entire revenue will accrue to the carrier supplying the heater or heaters.

When the carrier supplying the heater removes same before delivery to connecting carrier and the receiving carrier installs its heater the revenue will be prorated between interested carriers upon an hourly basis.

- (C) Heaters will be returned in accordance with Rule No. 550.

- (D) Service will also be available between April 16th and October 14th, inclusive.

- (E) Shipments will be transported solely at owner's risk of loss or damage by heat or cold, not the result of negligence of carrier (see Rule No. 105).

- (F) Carriers installing heaters must make special heater waybill and/or place the following notation on revenue waybill:

"Shippers' Protective Service. Heater installed by  
..... R. R. at .....  
(Name of Station)

at .....  
(Time and Date)

Carrier removing heater must show on waybill:

"Heater removed by ..... R. R.  
at ..... at .....  
(Name of Station) (Time and Date)

- (G) <sup>▲</sup>Charge for fuel supplied or replenished, lighting of heaters, also removal of heaters, will be rendered against carrier installing heater on basis of the charges published in Rule No. 511.

## SPECIAL RULES GOVERNING PROTECTIVE SERVICE AGAINST COLD

## Rule No. 517:

**FURNISHING HEATERS AND FUEL, ON SWEET POTATOES OR YAMS, CARLOADS**

The following provisions will apply on sweet potatoes or yams, carloads, originating at stations in New Mexico and destined to stations in California:

- (A) <sup>▲</sup>Carriers, upon instructions, will furnish heaters and fuel at points where available for use in transit or while cars are stopped or held at intermediate points or at final destination, at a charge of \$1.50 per heater per twenty-four hours or fraction thereof, time to be computed from date and hour heater is installed to date and hour car is unloaded or heater is removed from car on instructions.
1. Where the movement is over more than one carrier, the carrier supplying heater or heaters is not obligated to permit its heater or heaters to move beyond its own rails. But when owning carrier does, the above charge will apply.
  2. The charges under this paragraph will accrue to the carrier supplying the heater or heaters.
- (B) Shipper, owner or consignee must specify at time ordering heater or heaters, number of heaters required, temperature at which heater or heaters are to be lighted and extinguished. Heater or heaters will be lighted or extinguished by carriers at the first regular inspection point after temperature reaches the degree specified.
- (C) If ventilation service is desired, shipper, owner or consignee must specify class of service, but not contrary to the provisions of Rule 85.
- (D) <sup>▲</sup>If shipments are not handled under the provisions of paragraph A, carriers will, upon written instructions, furnish artificial heat by means of portable heaters placed in refrigerator cars, when such cars are held on track at intermediate stop, hold or reconsigning points or at final destination, for which service a charge of two dollars (\$2.00) per car per twenty-four (24) hours or fraction thereof (without allowance for free time), will be made to cover each period of twenty-four (24) hours or fraction thereof for the entire subsequent period of time (after such artificial heat is first furnished) car is so held or is on hand awaiting disposition or until unloading has been completed or written orders given by owner or consignee to discontinue heat. Charges to accrue to the carrier performing the service.
- (E) <sup>▲</sup>Charges provided in this rule include fuel supplied, also installation, lighting, fueling, extinguishing and removal of heater or heaters.
- (F) Heaters removed in transit or at destination will be returned to point of installation and waybilled in accordance with Rule No. 550.
- (G) Shipments will be transported solely at owner's risk of loss or damage by heat or cold, not the result of negligence of the carrier.
- (H) Carriers installing heater must make following notation on waybill:
- "Shippers' Protective Service. Heater installed by.....R. R. at.....  
at....." (Name of Station)  
(Time of Date)
- Carrier removing heater must enter on waybill:
- "Heater removed by.....R. R. at.....  
....." (Name of Station) (Time and Date)

- (I) <sup>▲</sup>Charge for fuel supplied or replenished, lighting of heaters, also removal of heaters, will be rendered against carrier installing heater, on basis of the charges published in Rule No. 511.

## Rule No. 518:

**SHIPMENTS TRANSPORTED UNDER CARRIERS PROTECTIVE SERVICE AGAINST COLD OR HEATER SERVICE RECONSIGNED OR DIVERTED INVOLVING BACK OR OUT-OF-LINE HAUL, CHARGES ON**

- (A) <sup>▲</sup>On shipments transported under Carriers' Protective Service Against Cold or Heater Service which are reconsigned or diverted in transit involving back or out-of-line haul, the through charge for Carriers' Protective Service Against Cold or Heater Service applicable from point of origin to final destination will apply when the through published freight rate is protected.
- (B) <sup>▲</sup>When the through freight rate plus an additional charge for out-of-line or back haul service applies, the charge for Carriers' Protective Service Against Cold or Heater Service applicable from point of origin to final destination will apply, plus a charge of one cent per 100 pounds for the out-of-line or back haul movement.
- (C) <sup>▲</sup>When the charge for Carriers' Protective Service Against Cold or Heater Service to the point at which the shipment is reconsigned or diverted is greater than the charge applicable to the final destination the higher charge will govern, plus the additional charge provided in paragraph B.
- (D) The charges provided in this rule will not be applicable to shipments reconsigned or diverted to points within the same switching limits.

## Rule No. 519:

**FURNISHING ARTIFICIAL HEAT AT HOLD POINTS AND DESTINATION, ON PINEAPPLES, CARLOADS**

<sup>◆</sup>The following optional provisions will apply on carloads of pineapples at points in the Heater Territory, when heaters are available:

- (A) Carriers, upon instructions, will furnish artificial heat by means of portable heaters placed in bunkers of refrigerator cars, to shipments of pineapples while held on track at intermediate stop, hold or reconsigning point, or at final destination, at a charge of two dollars (\$2.00) per car per twenty-four (24) hours or fraction thereof. Time will be computed from date and hour artificial heat is first furnished to date and hour service is discontinued upon instructions, or car is unloaded.

The charge includes fuel supplied, also installation, lighting, fueling, extinguishing and removal of heater or heaters.

- (B) The provisions of this rule will also apply on shipments handled between April 16th and October 14th, inclusive.
- (C) Service will be furnished solely at owner's risk of loss or damage by heat or cold not the result of negligence of carrier. (See Rule No. 105.)
- (D) Charges accrue to the carrier performing the service. Carrier supplying heat must place the following notation on revenue waybill:
- "Shippers' Protective Service—Rule No. 519.  
Heater installed by.....(Railroad) at.....  
(Station) at.....(Time and Date).  
Heater removed at.....(Time and Date)"

<sup>◆</sup>Increase.

<sup>▲</sup>Neither an increase nor reduction in charges.

## SPECIAL RULES GOVERNING PROTECTIVE SERVICE AGAINST COLD

## Rule No. 520:

**CARS DELAYED AT LOADING STATION—CARRIERS' PROTECTIVE SERVICE AGAINST COLD**

- (A) Charges shown in this Section are conditioned on the understanding that cars will be loaded within thirty-six (36) hours after they have been placed for loading. When shipper delays car more than thirty-six (36) hours after such placement, an additional charge of two dollars (\$2.00) per car per twenty-four (24) hours or fraction thereof will be made, covering the period of time car is detained subsequent to the thirty-six (36) hours after placement. See Exception 1, also paragraph D.
- (B) The period of detention shall be computed from the expiration of the first thirty-six (36) hours after placement of car for loading to the time loading is completed and written shipping instructions are delivered to the carrier's Agent or representative in charge. See Exception 2.
- (C) If, under carriers' tariffs lawfully on file with the Interstate Commerce Commission and/or State Railroad Commissions, a car is permitted to be loaded at two or more stations, the thirty-six (36) hours allowed for the loading of such car and delivery of written shipping instructions shall be computed from time the car is placed at initial loading station; except that when the distance between the original loading station and final loading station is in excess of 100 miles, and the second and succeeding loading stations are in direct line of movement to destination, no detention charge shall be assessed from the time car is released at the original loading station to time of arrival at the second loading station, nor from time of departure from second loading station until arrival at third and final loading station.
- (D) Applicable only at points in the States of Colorado, Idaho Groups B and C (see Item No. 1013), and Utah, except will not apply in connection with the Western Pacific Railroad Company. At any loading station through which a carrier operates tri-weekly service, when the service in both directions is on the same day, the free time allowed shipper for loading shall be forty-eight (48) hours instead of thirty-six (36) hours.
- (E) The detention charge assessed under this rule will be in addition to all other charges and will accrue to the carrier on whose rails the car is loaded.

**EXCEPTIONS**

- (1) When for any reason carriers refuse to allow shippers to load cars, no charge will be made for such period.
- (2) When a car is placed for loading before seven (7) A. M. of the date for which it is ordered for loading, the thirty-six (36) hour period allowed before the charge for detention commences shall be computed from seven (7) A. M. of the date for which car is ordered for loading.

## Rule No. 521:

**HEATER SERVICE AT HOLD POINTS AND DESTINATION ON PERISHABLE FREIGHT**

- (A) <sup>▲</sup>On a shipment originating in or outside of the Heater Territory, transported under ventilation service, which is held on instructions at intermediate stop or hold points or at final destination, also shipments on which disposition orders have been received and which are awaiting commencement of unloading by consignee, or while cars are in process of unloading, carrier, when it has heaters available, will, when in its judgment it is necessary, unless otherwise instructed, supply heater service at points in the Heater Territory, also at points outside the Heater Territory west of the Mississippi River, on a basis of charge of two dollars (\$2.00) per car for each twenty-four (24) hours or fraction thereof that heaters are used.

- (B) <sup>▲</sup>Cancelled. See Rule No. 500, paragraph B.

- (C) When, in lieu of portable heaters, cars are placed in carrier's warming houses or other enclosed structures when available, and the use thereof has been authorized by the carrier on whose rails such facilities may be located, the provisions of paragraph A will apply.

- (D) <sup>▲</sup>The provisions and charges of this rule will not apply:
1. On Bananas and Cocoanuts in straight or mixed carloads, nor on Pineapples in straight carloads. See Rule 105.
  2. On shipments transported under the provisions of Rules Nos. 514 and 517.

- (E) The provisions of this rule will not apply on shipments of potatoes (other than sweet potatoes or yams), carloads, which are subject to the service specified in subparagraph 1 of paragraph D of Rule No. 500, nor apply in Heater Territory on shipments of potatoes (other than sweet potatoes or yams) originating outside Heater Territory.

- (F) The provisions and charge of this rule will not govern during period heaters are furnished in accordance with Rule 524, otherwise the provisions of this rule will apply.

## Rule No. 522:

**HEATER SERVICE IN TRANSIT ON SHIPMENTS ORIGINATING OUTSIDE THE HEATER TERRITORY**

- (A) <sup>▲</sup>On shipments originating outside of the Heater Territory carriers will, unless otherwise instructed, supply in transit (except while cars are held at hold points, reconsigning points and final destination, see Rule No. 521), without charge, such heater service as in their judgment may be necessary at points in the Heater Territory, also at points outside the Heater Territory west of the Mississippi River.

**Note A.**—This rule will also apply on shipments originating in the Orient and non-contiguous possessions of the United States moving via Victoria and Vancouver, B. C., also via California, Oregon or Washington ports of entry.

- (B) <sup>▲</sup>Cancelled. See Rule No. 500, paragraph B.

- (C) <sup>▲</sup>Not applicable, as follows:

1. On shipments transported with ice in bunkers and/or in body of car.
2. In territory as described in Rule No. 514, except stations in Illinois.
3. On Bananas and Cocoanuts in straight or mixed carloads, nor on Pineapples in straight carloads. See Rule 105.
4. On Sweet Potatoes as covered by Rule No. 517.
5. On Potatoes, other than Sweet Potatoes or Yams, in Heater Territory. For regulations and charges to apply, see Rules Nos. 85, 500 and 510.
6. For account of the Louisville and Nashville R. R. Co.; Southern Pacific Co.—Pacific Lines; Texas and New Orleans R. R. Co.; Texas and Pacific Ry. Co.; Union Pacific R. R. Co.; Western Pacific R. R. Co.

- (D) <sup>▲</sup>Cancelled. See paragraph C.

- (E) <sup>▲</sup>Cancelled.

- (F) <sup>▲</sup>Cancelled. See paragraph C.

**Note.**—See Rule No. 523 for rule to govern for account of the Southern Pacific Co. (Pacific Lines), Texas and New Orleans R. R. Co., Texas and Pacific Ry. Co., Union Pacific R. R. Co., and Western Pacific R. R. Co.

<sup>▲</sup>Neither an increase nor reduction in charges.

<sup>♠</sup>Reduction.

## SPECIAL RULES GOVERNING PROTECTIVE SERVICE AGAINST COLD

## Rule No. 523:

**HEATER SERVICE IN TRANSIT ON SHIPMENTS ORIGINATING OUTSIDE THE HEATER TERRITORY****Applicable only for account of the following carriers:**

Southern Pacific Company (Pacific Lines);  
Texas and New Orleans Railroad Company;  
Texas and Pacific Railway Company;  
Union Pacific Railroad Company;  
Western Pacific Railroad Company.

- (A) <sup>▲</sup>On shipments originating outside of the Heater Territory carriers will, unless otherwise instructed, supply in transit (except while cars are held at hold points, reconsigning points and final destination, see Rule No. 521), without charge, such heater service as in their judgment may be necessary.

**Note.**—This rule will also apply on shipments originating in the Orient and non-contiguous possessions of the United States moving via Victoria and Vancouver, B. C., also via California, Oregon or Washington ports of entry.

- (B) <sup>▲</sup>Cancelled. See Rule No. 500, paragraph B.

- (C) <sup>▲</sup>Not applicable, as follows:

1. On shipments transported with ice in body of car.
2. On Bananas and Cocoanuts in straight or mixed carloads, nor on Pineapples in straight carloads. See Rule No. 105.
3. On Sweet Potatoes as covered by Rule No. 517.
4. On Potatoes, other than Sweet Potatoes or Yams, in Heater Territory. For regulations and charges, to apply, see Rules Nos. 85, 500 and 510.

- (D) <sup>▲</sup>Cancelled. See paragraph C.

## Rule No. 524:

**FURNISHING HEATERS FOR TOMATO SHIPMENTS**

- (A) <sup>▲</sup>On shipments of tomatoes, carriers will, on instructions, furnish heater or heaters, when available, at intermediate stop, hold, reconsigning points or at final destination within the Heater Territory, also outside of the Heater Territory west of the Mississippi River, at a charge of two dollars (\$2.00) per car per twenty-four (24) hours or fraction thereof, including fuel, fueling, installation, lighting, extinguishing and removal of heaters. Lighting and extinguishing will be in accordance with instructions. Charge will be applicable from time of installation of heater until removal from car.

- (B) <sup>▲</sup>Cancelled. See Rule No. 500, paragraph B.

- (C) Regulations and charges will also operate during the period April 16th to the following October 14th, inclusive.

**Exception.**—Not applicable at Chicago, Ill., and stations in the Chicago Switching District <sup>▲</sup> for account of the following carriers (see Rule 514):

Baltimore and Ohio R. R. Co.;  
Chicago South Shore and South Bend R. R.;  
Erie Railroad Co.;  
Grand Trunk Western R. R. Co.;  
Indiana Harbor Belt R. R. Co.;  
New York Central R. R. Co. (Cleveland, Cincinnati, Chicago & St. Louis District—Michigan Central District—Western District);  
New York, Chicago and St. Louis R. R. Co.;  
Pennsylvania R. R. Co.;  
Pere Marquette Ry. Co.

## Rule No. 525:

**CARS ORDERED BUT NOT USED**

- <sup>▲</sup>When a car prepared and equipped for transporting shipments under Carriers' Protective Service Against Cold has been ordered and placed for loading and order has not been cancelled prior to placement, and car is not used by shipper for transportation under Carriers' Protective Service Against Cold, a charge of five dollars (\$5.00) per car per twenty-four (24) hours or fraction thereof from time car is placed for loading until car is released by shipper shall be collected from party first ordering the car. Such charge will accrue to the initial carrier furnishing the car.

## Rule No. 526:

**FURNISHING HEATERS TO TOP ICED SHIPMENTS OF VEGETABLES**

- <sup>▲</sup>On shipments of vegetables moving with ice on top of the load in the body of the car and without ice in the bunkers, carriers on instructions will furnish heaters (where available) and fuel for same at intermediate stop, hold or reconsigning point and at destination, in Heater Territory, on basis of a charge of one dollar and fifty cents (\$1.50) per heater per twenty-four (24) hours or fraction thereof, the time to be computed from the date and hour heater is installed to date and hour car is unloaded or heater removed from car upon instructions.

- <sup>▲</sup>The charge includes fuel supplied, also installation, lighting, fueling, extinguishing and removal of heater or heaters.

## Rule No. 530:

**CARS HELD AT INTERMEDIATE STOP, HOLD OR RECONSIGNING POINTS AND AT FINAL DESTINATION WHEN CARS ARE MOVING UNDER CARRIERS' PROTECTIVE SERVICE AGAINST COLD OR HEATER SERVICE****Charge at Intermediate Stop, Hold or Reconsigning Point:**

- (A) No charge will be made for the first twenty-four (24) hours after arrival in terminal train yards, after which a charge of two dollars (\$2.00) will be made for each twenty-four (24) hours or fraction thereof car is held until diversion order is in the hands of the carrier's agent at point where car is held. When a car is reconsigned to a point within the switching limits of the same terminal only one twenty-four (24) hour period without charge will be allowed.

Twenty-four (24) hours free time will be allowed at intermediate points on shipments stopped for the purpose of partial unloading. Detention period will be computed from time of notification of consignee of arrival of shipment until car is released by consignee.

Charges will be assessed only when temperatures are such as to require application of heat during all or a portion of any twenty-four (24) hour period after expiration of free time.

**Charge at Final Destination:**

- (B) No charge will be made for the first twenty-four (24) hours following notification of consignee of arrival of car in terminal train yard, after which a charge of two dollars (\$2.00) will be made for each twenty-four (24) hours or fraction thereof until unloading is completed. If car is moved from one location to another within the switching limits of the same terminal, only one twenty-four (24) hour period without charge will be allowed. After unloading has commenced, carriers will accept written instructions from consignee to discontinue Heater Service.

Charges will be assessed only when temperatures are such as to require application of heat during all or a portion of any twenty-four (24) hour period after expiration of free time.

(Rule No. 530 concluded on following page)

<sup>▲</sup>Neither an increase nor reduction in charges.

<sup>▲</sup>For territorial description of and list of stations, in the Chicago Switching District, see Chicago Switching Committee Tariff No. 20-W, R. A. Sperry's I. C. C. No. 442, supplements thereto and successive reissues thereof.

## SPECIAL RULES GOVERNING PROTECTIVE SERVICE AGAINST COLD

## Rule No. 530—Concluded:

**CARS HELD AT INTERMEDIATE STOP, HOLD OR RECONSIGNING POINTS AND AT FINAL DESTINATION WHEN CARS ARE MOVING UNDER CARRIERS' PROTECTIVE SERVICE AGAINST COLD OR HEATER SERVICE****Placing Cars in Warming Houses:**

(C) When, in lieu of portable heaters, cars are placed in carriers' warming houses or other enclosed structures when available, and the use thereof has been authorized by the carrier on whose rails such facilities may be located, the provisions and charge of paragraphs A and B will apply.

**Cars Destined Beyond Heater Zone:**

(D) For the purpose of applying the provisions of this rule, shipments destined or reconsigned to points beyond the heater zone, or on lines not parties to the heater rates, will be considered as having arrived at final destination when they shall have reached the terminus of the territory or lines where heater rates are applicable.

**Definition of Final Destination:**

(E) The term "final destination" as referred to in this rule will include all points of delivery within the established switching limits of any station.

**Detention:**

(F) Detention period will be computed from the expiration of free periods as referred to in paragraphs A and B, or from time heater (or heaters) is subsequently lighted.

**Disposition of Charges:**

(G) The charges under this rule will accrue to the carrier on whose rails such cars are held.

**Exception.**—<sup>△</sup>Provisions cancelled.

## Rule No. 535:

**DOUBLE LOADS UNDER CARRIERS' PROTECTIVE SERVICE AGAINST COLD; CHARGE FOR**

<sup>△</sup>Provisions cancelled.

## Rule No. 540:

**DISPOSITION OF REVENUE**

<sup>△</sup>The charges for Carriers' Protective Service Against Cold or Heater Service (exclusive of extra charges under Rules Nos. 520 and 530) will be divided in accordance with basis outlined in National Perishable Freight Committee Division Sheet No. 16 (or reissues thereof).

## Rule No. 545:

**TRANSPORTATION OF STOVES, FUEL, FALSE FLOORS, LININGS, ETC., WITH FREIGHT**

No charge will be made for transporting stoves or heaters, fittings therefor, fuel, false floors and linings in the car with freight requiring such protection.

When such articles are furnished by the shipper they must be enumerated on bill of lading. (See Rule No. 50.)

Agent at shipping point must also note on billing whether such articles are furnished by carrier or shipper and must designate each separately.....

(Name article or articles)

furnished by.....  
(Shipper or carrier as case may be)

## Rule No. 550:

**RETURN OF STOVES, HEATERS, PORTABLE FALSE FLOORS, WOODEN LININGS, ETC.**

The return movement of stoves or heaters, fittings therefor, portable false floors and wooden linings, which have been used for the protection of freight, will be subject to the following provisions:

(A) When shipper requires the return to point of origin of the above articles owned and furnished by him, they must be removed from car by consignee and tendered in suitable shipping condition, properly marked, with shipping order, at freight depot at destination of the delivering line of the original shipment (not a switching line). A bill of lading will be issued for the return movement which will be by freight train service only. Unless the above requirements are complied with carriers will not assume any responsibility for such articles belonging to shipper.

(B) In cases where such articles are removed from car at an intermediate point between origin and final destination (see Rules Nos. 110 and 510), the terms of paragraph A will apply at such intermediate point.

(C) When such articles are property of shipper, one-half of fourth class freight rate, subject to the tariff regulations as to minimum rates and classification governing, will be charged for the return movement, such return movement to be via the same lines as participated in the handling of the loaded car.

(D) When such articles are furnished by or for account of common carrier, no charge will be made for the return movement, return movement to be via the same system lines as participated in the handling of the shipment with which such articles were used.

(E) In all cases, heaters must be waybilled for return movement and waybill must give reference to car number, waybill and date of the shipment with which such articles were used.

(F) When cars have been permanently equipped with false floors, linings and other fittings, and are used for a special character of traffic, the false floors, linings and other fittings remaining intact in the car of which they form a part, no charge will be made for the return transportation of such false floors, linings or other fittings. No bill of lading will be issued for the return movement of such cars or for any of the false floors, linings or other fittings remaining therein.

After arrival of cars with linings, etc., at destination to which returned, they will be subject to car demurrage rules and regulations until reloaded or until linings, etc., are removed. Carriers reserve the right to remove such linings at any time during detention of such car or cars at the point to which returned.

## Rule No. 555:

**TRANSPORTING TWO CARS IN LIEU OF ONE ORDERED UNDER CARRIERS' PROTECTIVE SERVICE AGAINST COLD, CHARGE FOR**

(A) When a shipment of perishable freight is tendered for transportation under Carriers' Protective Service Against Cold, the weight of which may be loaded into a refrigerator car of 90,000 pounds capacity, or less, and the carrier for its convenience furnishes two refrigerator cars, in lieu of one car ordered, charges will be assessed on the actual weight (except as otherwise provided) of the shipment in the two cars, subject to a minimum charge as published in Item No. 23875, provided the weight of the shipment is not greater than could have been loaded into a refrigerator car of the capacity ordered by the shipper, and provided the tariffs governing the freight rate permit of the application of the carload freight rate on that part of the shipment which is in excess of the quantity that can be loaded into one refrigerator car.

(B) When a carload shipment of perishable freight, in excess of the quantity that may be loaded into a refrigerator car of 90,000 pounds capacity, is offered for transportation under Carriers' Protective Service Against Cold, the published charge as herein provided will be assessed on the actual weight (except as otherwise provided) on that part of the weight of the shipment in each of cars used, subject to the minimum charge on each of the cars as published in Item No. 23875.

<sup>△</sup>Neither an increase nor reduction in charges.

## SPECIAL RULES GOVERNING PROTECTIVE SERVICE AGAINST COLD

**Rule No. 560:****CHARGES ON MIXED CARLOADS TRANSPORTED UNDER CARRIERS' PROTECTIVE SERVICE AGAINST COLD**

On shipments of potatoes mixed with other perishable commodities, transported under Carriers' Protective Service Against Cold, as provided in Rule No. 500, the heater charge applicable to the weight of each of the commodities contained in car will be assessed, subject to the minimum charge (see Item No. 23875) applicable to the charge on potatoes.

**Exception.**—When the tonnage of perishable commodities other than potatoes in the car does not exceed 50% of the total weight of the shipment, the entire shipment will be transported at the heater charge applicable to potatoes.

**Rule No. 561:****CHARGES ON MIXED CARLOADS OF PERISHABLE AND NON-PERISHABLE COMMODITIES TRANSPORTED UNDER CARRIERS' PROTECTIVE SERVICE AGAINST COLD**

On shipments of perishable freight in mixed carloads with non-perishable commodities transported under Carriers'

Protective Service Against Cold the carload heater charge applicable to the lowest rated perishable commodity in the car will be assessed on the total weight of the perishable portion of shipment subject to the minimum charge (see Item No. 23875) applicable to the charge on the lowest rated perishable commodity contained in the shipment.

**Rule No. 565:****ALLOWANCE TO SHIPPERS FOR PREWARMING CARS ON SHIPMENTS OF POTATOES TRANSPORTED UNDER CARRIERS' PROTECTIVE SERVICE AGAINST COLD**

On shipments of Potatoes originating in the States of Michigan (Upper Peninsula) and Wisconsin, when shippers, at the request and for the convenience of carriers, prewarm cars prior to and/or during the process of loading carriers will allow shippers one dollar (\$1.00) per car. Certificates from shippers that the prewarming service was actually performed by them will be required as a prerequisite to the allowance.

**Exception.**—The provisions of this rule are not applicable at stations located on the Great Northern Railway Company nor the Northern Pacific Railway Company.

**Rule No. 600** of Section No. 6 appears on page 408.

Charges in Cents per 100 Pounds (See Item No. 23875)

**CARRIERS' PROTECTIVE SERVICE AGAINST COLD OR HEATER SERVICE**

(See Rule 500)

**Note A.**—Rates apply on all perishable freight, carloads, except as otherwise provided in Note B.**Note B.**—Rates apply only on Potatoes (other than Sweet Potatoes or Yams), carloads, originating in the Heater Territory. Potatoes originating outside of the Heater Territory apply the rates shown opposite Note A.

**Item No. 23860:**

Where reference is made to this item, charges will be applicable to and from (as the case may be), Indiana points in the Chicago Switching District per Chicago Switching Committee Tariff No. 20-W, Agent R. A. Sperry's I. C. C. No. 442, supplements thereto and successive reissues thereof.

**Item No. 23875:****MINIMUM AND MAXIMUM CHARGES**

(A) Charges published in this Section will be based on the actual weight of the shipment (except as otherwise provided) subject to minimum weights in tariffs applicable (see paragraph C), but not less than the following charges per car:

\$6.00 per car when the heating rate is 2 cents per 100 pounds.

\$9.00 per car when the heating rate is 3 cents per 100 pounds.

\$12.00 per car when the heating rate is 4 cents per 100 pounds; except on potatoes, other than sweet potatoes or yams, transported between stations in California (see Item 23005), minimum charge per car will be \$14.40.

\$15.00 per car when the heating rate is 5 cents per 100 pounds.

\$18.00 per car when the heating rate is 6 cents per 100 pounds.

\$21.00 per car when the heating rate is 7 cents per 100 pounds.

\$24.00 per car when the heating rate is 8 cents per 100 pounds.

\$27.00 per car when the heating rate is 9 cents per 100 pounds.

(B) On shipments of canned goods charges shown in this Section will be subject to a maximum weight of 36,000 pounds per car.

(C) Where the freight rate is constructed on combination of locals, and the factors entering into the construction of such rate provide for different minimum weights, the through heater charge will be based on the actual weight of the shipment (except as otherwise provided), subject to the highest minimum weight, but not less than the minimum charge per car provided in paragraph A.

(D) The minima charges provided herein do not include any charges which may accrue at loading station, intermediate stop or hold point, or at final destination, as provided in separate rules published in this Section.

## SECTION No. 6

---

# SPECIAL RULES AND CHARGES

ON

# PERISHABLE FREIGHT IN LESS THAN CARLOADS

TO APPLY

## AS PROVIDED IN RULE No. 600

---

Governed by General Rules and Regulations in Section No. 1, except as otherwise specifically provided in this Section.

---

The provisions of this Section will not apply for account of carriers within the Dominion of Canada, except as to traffic passing through the Dominion of Canada, but which has both point of origin and destination within the United States.

**EXCEPTION:**—Precedence over the provisions of this Section, in connection with protective service against cold or “warm car service,” will be taken by the following tariffs, supplements thereto and successive reissues thereof as they may respectively apply:

Bangor and Aroostook Railroad Company, Tariff I. C. C. No. 1582.

Boston and Maine Railroad Company, See New England Freight Association Tariff No. 30-G, Agent I. N. Doe's I. C. C. No. 403.

Canadian National Railways { Lines Port Arthur, Armstrong, Ont., and west thereof, Tariff I. C. C. No. W-406.  
Lines West Fort William, Armstrong, Ont., and east thereof, Tariff I. C. C. No. E-363.

Canadian Pacific Railway Company { Lines Port Arthur, Ont., and west thereof, Tariff No. W-150-E, I. C. C. No. W-932.  
Lines West Fort William, Fort William, Ont., and east thereof, Tariff No. E-3050, I. C. C. No. E-2295.

New York, New Haven and Hartford Railroad Company, See New England Freight Association Tariff No. 30-G, Agent I. N. Doe's I. C. C. No. 403.

## SPECIAL RULES GOVERNING LESS THAN CARLOAD SHIPMENTS

## Rule No. 600:

## APPLICATION ON LESS THAN CARLOAD SHIPMENTS

- (A) This Section, except as otherwise specifically provided herein, is governed by the General Rules and Regulations contained in Section No. 1, and applies on "Less than Carload" shipments of perishable freight. (See Item No. 1130.)
- (B) The term "Less than Carload," as referred to in this Section, means shipments which are offered for transportation on basis of less than carload or any quantity freight rates and at weights less than the minimum weight prescribed for carload shipments under the classification, exceptions thereto, or tariffs governing. (Will not apply on intrastate traffic in the States of California and Oregon, see paragraph below.)

**Applicable only on intrastate traffic in the States of California and Oregon.**—The term "Less than Carload" as referred to in this Section means shipments which are transported on basis of less than carload or any quantity freight rates, except as otherwise provided in Rules Nos. 625 and 630.

- (C) Unless otherwise specifically provided herein or in tariffs of carriers parties to this tariff, no charge will be made for service of icing, reicing, salting, resalting, refrigeration or Protective Service Against Cold, when furnished on shipments moving under Rules Nos. 610 and 630. (See Note below.)

**Note.**—When shipments offered for transportation, on basis of less than carload freight rates are charged for on basis of carload freight rate under provisions of Rule 15 of the Consolidated Classification, the charge for service of icing, reicing, salting, resalting, refrigeration or protective service against cold on such shipments will be that applicable to carload traffic as provided in several Sections of this tariff, as they may respectively apply.

## Rule No. 605:

## SHIPPER'S INSTRUCTIONS

When Scheduled Refrigerator Car Service is available under the provisions of Rule 610, the shipper must specify on shipping order and bill of lading one of the following notations. (See also Rules 130, 135 and 615.)

"Box Car Service," (see also Rule No. 620).

"Scheduled Refrigerator Car Service," (see Rule No. 610).

In case shipper neglects or refuses to specify on shipping order and bill of lading the character of service desired the shipment will be given "Scheduled Refrigerator Car Service" when available, subject to the provisions shown in Rule No. 610.

**Exceptions.**—See Rules Nos. 615, 625 and 630.

## Rule No. 610:

## SCHEDULED REFRIGERATOR CAR SERVICE

- (A) The term "Scheduled Refrigerator Car Service" means insulated car service established or operated by and at the convenience of carriers for the handling of less than carload shipments of perishable freight. If for carriers convenience, carriers portable insulated containers are used in box cars in lieu of refrigerator cars over any authorized route or routes rules in this section pertaining to Scheduled Refrigerator Car Service, will be applicable.
- (B) In the absence of "Scheduled Refrigerator Car Service," as defined in paragraph A, shipments will be subject to "Box Car Service" as provided in Rules Nos. 605 and 620.
- (C) After shipments are unloaded at destination from scheduled refrigerator cars or meat peddler cars carriers do not obligate themselves to furnish refrigeration to such shipments.

## Rule No. 615:

## REFUSAL OF FREIGHT AND RESTRICTED ARTICLES IN SCHEDULED REFRIGERATOR CARS

- (A) Carriers will not accept for transportation under "Scheduled Refrigerator Car Service" any commodity the odor or nature of which may contaminate butter or other freight in the same car.
- (B) Carriers reserve the right to refuse to accept perishable freight in "Less than Carloads" for points to which, or on days when, no "Scheduled Refrigerator Car Service" is available unless the shipper specifies on shipping order, or bill of lading the notation: "Box Car Service," except, however, as otherwise provided by paragraph C.
- (C) Carriers reserve the right to refuse to accept shipments of perishable freight in "Less than Carloads" when the outside temperature at loading station is five degrees below zero or lower, or when the outside temperature in the territory through which shipments will pass, or at destination, is five degrees below zero or lower, or the indications are that it will be such. In such cases the carriers also reserve the right to suspend or annul "Scheduled Refrigerator Car Service," if any.
- (D) Carriers do not obligate themselves to maintain frozen commodities in a frozen condition as scheduled refrigerator cars do not ordinarily maintain sufficiently low temperatures to properly protect such shipments.

## Rule No. 620:

## BOX CAR SERVICE

In connection with the acceptance and handling of less than carload shipments of perishable freight in the absence of through "Scheduled Refrigerator Car Service," the following provisions will apply:

If perishable freight (in quantities less than the minimum weights as shown in this Section or under carriers' tariffs applicable lawfully on file with the Interstate Commerce Commission and/or State Railroad Commissions), is tendered for shipment between points from and to which there is no through "Scheduled Refrigerator Car Service" carriers reserve the right to accept and when accepted will forward same under one of the following conditions:

- (A) Ordinary box car service or its equivalent will be given between points from and to which there is no "Scheduled Refrigerator Car Service" available over any portion of the route. In such cases bills of lading and waybills should carry notation as follows: "Box Car Service."
- (B) Where there is "Scheduled Refrigerator Car Service" over a portion of the route, perishable freight may be given the benefit of it, but will be subject to ordinary box car service or its equivalent for that portion of the route over which "Scheduled Refrigerator Car Service" is not operated. In such cases the bills of lading and waybills should carry the following notation:

"Subject to box car service or its equivalent for that portion of the route over which 'Scheduled Refrigeration Car Service' is not operated."

## Rule No. 625:

## MEAT PEDDLER CARS

- (A) The term "Meat Peddler Cars" means cars handled by carriers under special arrangements made with shippers for less carload shipments of Meats and/or Packing House Products, etc. (as defined and provided in freight tariffs governing), which are loaded by and at the expense of consignor and are transported over a specified route (authorized by carrier).
- (B) When under carriers tariffs applicable, lawfully on file with the Interstate Commerce Commission and/or State Railroad Commissions, "Meat Peddler Cars" are operated, shipments handled in such cars will be subject to the charges for ice and/or salt used in the services of icing or reicing published in Section No. 4.
- (C) After shipments are unloaded at destination from scheduled refrigerator cars or meat peddler cars carriers do not obligate themselves to furnish refrigeration to such shipments.

## SPECIAL RULES GOVERNING LESS THAN CARLOAD SHIPMENTS

## Rule No. 627:

**HANDLING INDIVIDUAL CARS IN  
ILLINOIS CLASSIFICATION TERRITORY**

(Expires with December 31, 1940, unless sooner cancelled, changed or extended.)

- (A) On shipments of fruits, vegetables, berries and/or melons, less than carload, from Paducah, Ky., and points in Illinois south of the line of the Toledo, Peoria and Western Ry., Warsaw, Illinois, to Effner, Illinois, both inclusive, to stations in Illinois Freight Association Territory (as described in Agent B. T. Jones' Territorial Directory No. 3-G, I. C. C. No. 3319, supplements thereto and reissues thereof), carriers, upon reasonable notice (see Rule No. 35), will furnish, or will participate with connecting carriers in handling, refrigerator cars to be loaded by shippers and unloaded by consignees, at their expense, with fruits, vegetables, berries and/or melons in less than carloads, subject to a minimum weight of 10,000 pounds per car from one consignor at one point of origin to one consignee at one destination.
- (B) Freight charges will be determined at actual weight of shipment on basis of less than carload rate applicable to commodity shipped. Any deficit in weight will be charged for at Fourth Class Rate applicable from loading station to destination of car.
- (C) Initial icing desired by shipper shall be performed by him or at his expense. If shipper desires carrier to supply initially iced refrigerator car, shipper shall give specific instructions accordingly, in writing (see Rule 35), and shall specify quantity of ice which he wishes to be placed in bunkers of such cars.
- (D) If shipper desires reicing performed by carrier in transit, shipper will be required to make request accordingly, in writing, to carrier's agent at loading station, in advance of shipment (see Rule No. 35), and at the same time specify clearly quantity of ice which he wishes used in such reicing.
- (E) Carriers are not obligated to perform any icing or reicing at points other than their regular icing stations where they have facilities available. (See Rules Nos. 130 and 135.)
- (F) All ice furnished by carriers in connection with initial icing or reicing will be charged for on basis of charges per ton of ice as provided in Section No. 4.

## Rule No. 630:

**TRANSPORTING LESS THAN CARLOAD  
TRAFFIC IN INDIVIDUAL CARS**

- (A) Unless otherwise specifically provided in separate tariffs of carriers parties to this tariff, carriers, upon reasonable notice, will furnish or will allow shippers to use or will participate with connecting carriers in handling refrigerator cars, with or without ice in bunkers, to be loaded by shippers at their own expense with less than carload freight (see Rule 600, paragraph B), as specified below and covered by tariffs governed by Official, Southern or Western Classifications, as they may respectively apply, or by classifications of the various State Railroad Commissions, applicable on intrastate traffic within the territory governed by Official or Southern Classifications, as described in Agent B. T. Jones' Territorial Directory No. 3-G, I. C. C. No. 3319, supplements thereto and reissues thereof, also Western Classification, when the aggregate weight is not less than 15,000 pounds per car or when freight charges are assessed on basis of 15,000 pounds per car. (See paragraph C and Exceptions Nos. 6, 9 and 13.) This rule will apply only as follows:

**BETWEEN POINTS COVERED BY OFFICIAL  
CLASSIFICATION**

- (1) From one consignor at one point of origin to one consignee at one destination. (See Exceptions Nos. 2, 3 and 13.)
- (2) On shipments of butter, butterine, oleomargarine, eggs, cheese, dressed poultry and/or game, in straight or mixed lots, and on fish, fresh or frozen, in straight lots no charge will be made for icing, reicing, salting, resalting, refrigeration. (See paragraph 3 below, also Exception No. 4.)
- (3) On shipments of cured, pickled, smoked, or salt fish with fresh and/or frozen fish, originating at Boston, Mass., New York, and Oswego, N. Y., destined to Louisville, Ky., and stations in Ohio, no charge will be made for icing, reicing, salting, resalting, refrigeration. (Published in conformity with order of the Interstate Commerce Commission in Docket No. 23914, of April 18, 1932, and as amended February 14, 1938.)

Applies only on Ohio intrastate traffic.—On shipments of cured, pickled, smoked or salt fish with fresh and/or frozen fish, originating at Ashtabula, Cleveland, Huron, Lorain, Painesville, Port Clinton, Sandusky, Toledo and Vermillion, Ohio, destined to stations in Ohio, no charge will be made for icing, reicing, salting, resalting, refrigeration.

(Published in conformity with order of the Public Utilities Commission of Ohio Docket No. 6584, of May 13, 1932.)

- (4) On shipments of fruits, berries, vegetables and melons, or other perishable commodities, except as provided in sub-paragraphs 2 and 3, in straight or mixed lots (see Items Nos. 1130 and 1132); for all ice or salt, or both, supplied by carriers, charges will be assessed on basis named in Section No. 4 (see Rule No. 400, and Items Nos. 22100 to 22157, inclusive), and shipper must indicate in shipping instructions one of the notations as provided in Rule No. 405, covering the service of icing, reicing, salting, and resalting, in transit and at destination. (See Exceptions Nos. 1, 5 and 13.)
- (5) Any deficit in weight will be charged for on basis of freight rate applicable to the highest rated commodity contained in the car.

**BETWEEN POINTS GOVERNED BY SOUTHERN  
CLASSIFICATION**

- (6) On shipments of butter, butterine, oleomargarine, eggs, cheese, dressed poultry and/or game, in straight or mixed lots, when shipped from one consignor at one point of origin to one or more consignees at one or more destinations, no charge will be made for ice or salt, or both, furnished.

Cars to contain not less than 2,500 pounds to final destination.

- (7) If car contains consignments for points on branch or connecting lines not directly intermediate to final destination shipment will be given such service as is available over such branch or connecting lines but initial, intermediate or terminal carrier will not guarantee refrigeration over such branch or connecting lines.
- (8) Any deficit in the minimum weight of 15,000 pounds, will be charged for on basis of the lowest rated article in the car up to the first break bulk point, and any deficit in the minimum weight of 2,500 pounds to final destination will be charged for on basis of the lowest rated article in the car to such final destination.

(Rule No. 630 continued on following page)

## SPECIAL RULES GOVERNING LESS THAN CARLOAD SHIPMENTS

## Rule No. 630—Continued:

TRANSPORTING LESS THAN CARLOAD  
TRAFFIC IN INDIVIDUAL CARS—Continued

## (A)—Concluded:

BETWEEN POINTS GOVERNED BY WESTERN  
CLASSIFICATION

## Including Illinois Classification (see Exceptions)

- (9) On perishable freight in straight or mixed lots (see Item No. 1130), when shipped from one consignor at one point of origin to one or more consignees at one destination. (See Rule No. 600, paragraph C; also Exceptions Nos. 6, 11 and 12 of this rule.)
- (10) Freight charges will be assessed on actual weight at rate applicable to the commodity shipped. Any deficit in weight will be charged for and prepaid by shipper at the Fourth Class rate applicable from loading station to final destination. Minimum earnings per car shall not be less than 15,000 pounds at the Fourth Class rate applicable from point of origin to final destination. (See Exceptions Nos. 6, 9 and 14.)
- (B) On shipments moving from one consignor at one point of origin to one consignee at one destination, the requirements of the Consolidated Classification with respect to marking less than carload shipments will be waived.
- (C) When shipments move under combination of local freight rates governed by two or more Classifications, the rules and charges published for service of refrigeration, icing or refrigerator car service applicable under such different Classifications shall govern as they may respectively apply.
- (D) When iced cars are ordered and not used by party ordering the car, the charge for ice or ice and salt, based on entire quantity supplied car at initial icing, will be assessed on basis of prices shown in Section No. 4 (see Rule No. 400, paragraph B, and Items Nos. 22100 to 22157, inclusive), applicable at point where car was to be loaded, and shall be collected from party ordering the car.
- (E) When iced cars are furnished and not loaded and receipted for within twenty-four (24) hours from time of placement, a charge of \$3.75 per car for each succeeding twelve (12) hours or fraction thereof will be made. If an uniced (dry) car is placed and is iced by carrier before loading is completed and is not loaded and receipted for within twenty-four (24) hours of the time of the first icing, an additional charge of \$3.75 per car for each succeeding twelve (12) hours or fraction thereof will be assessed. Not applicable to shipments moving under the provisions of sub-paragraph 4 of paragraph A of this rule.
- (F) When shippers, or their representatives, open one or two ventilators at loading station or instruct that cars under refrigeration shall move from loading station to first reicing station with one or two ventilators open, a charge of five dollars (\$5.00) per car will be made.

If shippers instruct that one or two ventilators be left open beyond the first reicing station, an additional charge of five dollars (\$5.00) per car will be made between each succeeding reicing stations, also between last reicing station and destination as car may be handled with ventilators open.

Where the service outlined above is to be utilized shipper must place on bill of lading and agent must place on waybill the following notation:

"Leave..... (Number of) ventilators open. Close same at.....  
Shippers' instructions."

**Note.**—Not applicable on traffic covered by sub-paragraph 4 of paragraph A of this rule.

(G) The carrier at its option and for its own convenience may permit the shipper or owner to perform the icing at loading station, and carriers will make allowance therefor ONLY as to shipments where icing service is furnished by carrier without expense to the shippers (see subparagraphs 1, 6 and 9 of paragraph A), on basis of actual cost of ice or ice and salt supplied, but not exceeding prices published in Section No. 4 (Items Nos. 22100 to 22157, inclusive). The quantity and cost of ice or ice and salt furnished shall in all cases be certified to by shipper or owner.

(H) If, on instructions of shipper, owner or consignee, cars are stopped at an intermediate point between point of origin and final destination or while held at original or diverted destination, and later forwarded, charge for ice or salt, or both, supplied at such intermediate point shall be as published in Section No. 4. (See Exceptions Nos. 7 and 8.)

(I) After arrival of car at final destination and tender to consignee for delivery, and up to the time car is in process of unloading on team tracks, or until car has been placed on private or assigned siding, carriers will examine bunkers or tanks daily and, unless written instructions from shipper, owner or consignee are received to the contrary, when such cars require additional ice or ice and salt during such period they will be reiced to capacity. (See Rule No. 105.) The charges for ice or ice and salt will be as published in Section No. 4 (See Rule No. 400, paragraph B, and Items Nos. 22100 to 22157, inclusive). Before reicing cars at destination carriers will make reasonable effort to secure instructions from consignee. (For California Intrastate application, see Exception No. 7.)

After unloading on team tracks has commenced, additional ice or salt, or both, will be supplied only on written instructions from shipper, owner or consignee on basis of charges as shown in Section No. 4 (see Rule No. 400, paragraph B, and Items 22100 to 22157, inclusive).

(J) Less than carload shipments of vegetables transported with ice on top of the load will be subject to the provisions and additional charges published in Rules Nos. 242 or 243.

(K) Carriers, upon request of shipper, owner or consignee, will furnish heater service as covered by Rule No. 514 in territories where applicable, subject to the regulations and charges provided in that rule.

(L) Liquors, liquids or semi-liquids in wood, glass, earthenware or tin, including ale, beer, grape, juice, mineral water, preserves, jams, catsup, cider, vinegar, table sauces, syrup, canned goods, mucilage and ink, equipped by shipper with portable heaters of suitable design as to safety, will be accepted subject to the provisions of Rule No. 510.

(M) Shipments originating in the states of Arizona, Arkansas, California, Colorado, Idaho, Louisiana west of the Mississippi River, Missouri, Montana, Nevada, New Mexico, Oklahoma, Oregon, Texas, Utah, Washington and Wyoming, which shipper elects to cool in car at point of origin, will also be subject to the provisions and charges as provided in Rule No. 246.

## EXCEPTIONS

1. Except as provided in Rule No. 260, the Chicago and Eastern Illinois Railway Company, Louisville and Nashville Railroad Company or the Mobile and Ohio Railroad Company will not supply iced refrigerator cars for loading by shippers with fruits and vegetables, less than carload, originating at stations on the roads named.

**Applicable only on Illinois Intrastate traffic.**—Between points governed by Illinois Classification, carriers parties to this tariff, will not furnish iced refrigerator cars for loading by the shippers with fruits and/or vegetables, less than carloads, except as provided in Rule No. 260.

(Rule No. 630 concluded on following page.)

## SPECIAL RULES GOVERNING LESS THAN CARLOAD SHIPMENTS

## Rule No. 630—Concluded:

TRANSPORTING LESS THAN CARLOAD  
TRAFFIC IN INDIVIDUAL CARS—Concluded

## EXCEPTIONS—Concluded

2. Applies via Chicago, Indianapolis and Louisville Railway only:

Refrigerator cars furnished for transportation of butter, cheese, eggs, dressed poultry and/or game, may contain shipments from one consignor at one or more points of origin on the direct route, to one or more consignees, at one destination east of the Indiana-Illinois State Line in territories Central Freight Association, Canadian Freight Association and Trunk Line Association. For description of territories, see Agent B. T. Jones' Territorial Directory No. 3-G, I. C. C. No. 3319, supplements thereto and successive reissues thereof.

3. Applies via Illinois Central Railroad only:

The Illinois Central Railroad Company will, upon reasonable request, furnish a refrigerator car, to be iced by shipper or carrier at point of origin or in transit, for loading by one shipper to one destination, with butter, cheese, eggs, dressed poultry and game, in straight or properly mixed lots, originating at stations on Illinois Central Railroad Company in Illinois and Indiana south of Kankakee and Amboy, Ill. (except stations east of Effingham, Ill., on line Effingham to Indianapolis, but not including Newton, Ill., via Mattoon District), for shipment to points east of Indiana-Illinois State Line, via Baltimore and Ohio Railroad Company; Chicago and Erie Railroad Company; Erie Railroad Company; Grand Trunk Railway; New York Central Railroad Company (Cleveland, Cincinnati, Chicago & St. Louis District; Michigan Central District, or Western District); New York, Chicago and St. Louis Railroad Company (L. E. & W. Dist.); or via New York Central Railroad Company—Western District (Illinois Division), in connection with any of the previously mentioned carriers. Not more than two stops in transit on the Illinois Central Railroad Company to complete loading will be permitted.

4. Applies only via Louisville and Nashville Railroad Company:

On shipments of butter, butterine, oleomargarine, eggs, cheese, dressed poultry and/or game in straight or mixed lots originating at Louisville, Lexington or Winchester, Ky., moving via the Louisville and Nashville Railroad Company and connections to destinations in the District of Columbia and the States of Connecticut, Delaware, Maine, Maryland, Massachusetts, New Hampshire, New Jersey, New York, Pennsylvania, Rhode Island and Vermont, the Louisville and Nashville Railroad Company will not absorb the cost of any ice or salt supplied.

5. Applies only via Central Railroad Company of New Jersey:

On shipments of fresh berries originating on the Central Railroad Company of New Jersey charges covering icing service will be as provided in Central Railroad Company of New Jersey Tariff I. C. C. G. No. 5331, supplements thereto and reissues thereof.

6. Applicable only on Kansas Intrastate traffic:

Where shippers cannot avail themselves of a regularly scheduled refrigerator car service, refrigerator cars shall be furnished for less than carload freight at less than carload rates. The minimum charge will be based on 10,000 pounds at Second Class rate from point of origin to final destination but not less than thirty dollars (\$30.00) per

car when an uniced refrigerator car is ordered by the shipper, and not less than forty-five dollars (\$45.00) per car when an iced refrigerator car is ordered by the shipper and furnished by the carrier. No charge will be made for initial icing or for reicing. (Issued by order of the Public Utilities Commission for the State of Kansas in Docket No. 5302.)

7. Applicable only on California Intrastate traffic:

Cars placed on hold, inspection or delivery tracks at intermediate points or at final destination, with bunkers less than three quarters full, will be reiced to capacity and the cost absorbed by the carrier supplying same.

8. The provisions of paragraph H will not be applicable on Mississippi intrastate traffic.

9. Applicable only on Interstate traffic:

Between points governed by the Western Classification, the minimum weight will be 10,000 pounds per car, except dressed poultry, in straight or mixed lots. Minimum earnings per car shall be the charge applicable on 10,000 pounds at the fourth class rate from point of origin to final destination, subject to a minimum charge of thirty dollars (\$30.00) per car.

10. On Virginia intrastate traffic, the rules, regulations and charges of Rule No. 270 take precedence over this rule.

11. Applicable only on California Intrastate traffic:

Shipments of fresh fruits and vegetables originating at stations on the Sacramento Northern Railway or Tidewater Southern Railway Company, and moving to destinations on connecting lines other than The Western Pacific Railroad Company, transported on the basis of less than carload or any quantity freight rates, charges for refrigeration service when furnished by the Sacramento Northern Railway or Tidewater Southern Railway Company will be in addition to the freight rates, such charges being on the basis of those provided in Section No. 4. (Issued under authority of the Railroad Commission of the State of California in Decision No. 27119 of June 4, 1934.)

12. Applicable only on California Intrastate traffic:

Shipments of fresh fruits and vegetables originating at stations on the San Diego and Arizona Eastern Railway Company and moving to destinations on connecting lines other than Southern Pacific Company, transported on the basis of less than carload or any quantity freight rates, charges for refrigeration service when furnished by the San Diego and Arizona Eastern Railway Company will be in addition to the freight rates, such charges being on the basis of those provided in Section No. 4. (Issued under authority of the Railroad Commission of the State of California, No. 63-10215 of October 29, 1934.)

13. Applicable on Wisconsin Intrastate traffic:

Between points in the State of Wisconsin, the minimum weight will be 10,000 pounds per car, except dressed poultry, in straight or mixed lots. Minimum earnings will be based on 10,000 pounds at the fourth class rate from point of origin to final destination, subject to a minimum charge of thirty dollars (\$30.00) per car. No charge will be made for ice or ice and salt furnished.

14. Applicable only on California Intrastate traffic:

Between points in California, the minimum earnings will be based on 15,000 pounds at the fourth class rate from point of origin to final destination, subject to a minimum charge of thirty dollars (\$30.00) per car. (Issued under authority of the Railroad Commission of the State of California in Decision No. 28431 of December 9, 1935.)

## Rule No. 700:

## APPLICATION

(A) (1) After disposition of allowances for ice haulage, hazard and accounting, as provided in paragraph C, the remainder of revenue accruing for refrigeration services covered by Section No. 2 will be credited to the carrier handling the shipment from the point from which charge for any such service is first applicable, unless otherwise provided in paragraphs 2, 3, 4, 5, 6 and 7 and exceptions.

(2) Top or body icing service, Rules Nos. 241, 242, 243 and 261—after disposition of allowances for ice haulage, hazard and accounting, as provided in paragraph C, the remainder of revenue will be credited to the initial carrier except on shipments covered by paragraph A of Rule No. 261 will accrue to the Southern Pacific Company (Pacific Lines).

(3) Charge for ice and salt supplied when chargeable against shipment will be credited to the carrier furnishing the ice and salt.

(4) Charges covered by paragraph A of Rule No. 245, and Rule No. 246 will be credited to the carrier on whose rails the cooling occurs.

(5) Rule No. 205 charges will be credited to the carrier on whose rails diversion or reconsignment occurs.

(6) Retop icing charge published in Rule No. 248 will be credited to the carrier on whose rails the service is performed.

On cars which are retop iced, as provided for in paragraph F of Rule 248, and diverted to another location in the same switching district, the additional charge will accrue to the carrier first handling the car from point at which retop icing was performed. When more than one carrier is involved in transporting the shipment in the same switching district, the charge will be prorated equally among all carriers involved.

(7) Charges covered by Rule 237, paragraph E of both Rules 265 and 270, will accrue to the initial carrier.

(B) Revenue accruing on ice loaded in car on top of load in excess of the amounts authorized in Rules Nos. 241, 242, 243, 248 and 261 will be divided among interested carriers, from the point from which first applicable, on the basis governing division of freight rates.

(C) The following amounts will be divided among interested carriers on basis of divisions governing the freight rates applying locally from the station at which refrigeration service was inaugurated:

Ice haulage, as provided in Items Nos. 24100 to 25050, inclusive.

Station and auditors accounting.....35 cents per car per trip.

Hazard (See Note):

Fresh Fruits and Vegetables, viz.:

Apples.....	21 cents per car per trip;
Berries.....	26 cents per car per trip;
Citrus Fruits.....	21 cents per car per trip;
Deciduous Fruits (except	
Apples).....	26 cents per car per trip;
Melons.....	26 cents per car per trip;
Vegetables.....	36 cents per car per trip;
Crushed, evaporated, dried, frozen, cold pack, canned	
and/or fruit juices.....	36 cents per car per trip;
Other commodities.....	36 cents per car per trip.

**Note.**—On mixed carload shipments the hazard allowance will be that applicable to the commodity on which refrigeration charges are assessed.

The allowances for ice haulage, hazard and accounting are not applicable to shipments transported subject to the following Rules:

237, and which are not iced or reiced in transit;  
245, paragraph A thereof;  
265, paragraph E thereof;  
270, paragraph E thereof.

(1) On shipments originally transported under the modified services covered by Rules Nos. 233, 239, 240, 245, 247, 249, 250, 251, 254, 256, 257 or 258, and subsequently placed under standard refrigeration service in transit, the ice haulage allowance provided for in Items Nos. 24100 to 25050, inclusive, applicable to Standard Refrigeration Service, will govern from point of origin to final destination.

(2) (a) The allowance provided for in Column 2, Items Nos. 24100 to 25050, inclusive, covering shipments transported under top icing, Rules 242 and 243, apply to shipments top iced with 10,000 pounds or less.

(b)\*When shipments are initially top iced with over 10,000 pounds but not exceeding 15,000 pounds the allowance should be increased 50%; except on shipments originating at stations in Florida Group A, also stations in Alabama on the rails of the Atlanta, Birmingham and Coast R. R., Atlantic Coast Line R. R., Central of Georgia Ry., Seaboard Air Line Ry., and Western Ry. of Alabama the allowance should be increased 100%.

(c) When shipments are top iced with over 15,000 pounds but not exceeding 20,000 pounds the allowance should be increased 100%.

(3) On shipments transported with ice in bunkers and with ice in body of car the allowance for hazard, ice haulage, also station and auditor's accounting, will apply to each service.

(D) Bills for ice and salt supplied, also switching and supervision, except as covered by sub-paragraph 3 of paragraph A, will be rendered against the carrier to which refrigeration revenue is credited on basis of the factors as shown in Columns 1, 2, 3 and 4 of Items Nos. 24000 to 24057, inclusive, and subject to minima for ice and salt supplied per car per service applicable at the station where supplied as follows:

1. Ice—1,000 pounds;
2. Salt—100 pounds;
3. Ice and Salt—ice 1,000 pounds, and salt actual weight.

## EXCEPTIONS

1-(a) On shipments originating on the Central California Traction Company, the Los Angeles Junction Railway Company, the Modesto and Empire Traction Company, the Sierra Railway Company of California, the Stockton Terminal and Eastern Railroad, the Sunset Railway Company, and the Yosemite Valley Railroad Company, where delivery is made by those carriers to, and routed via the Atchison, Topeka and Santa Fe Railway Company, the entire refrigeration service revenue will be credited to the last System Line of the Atchison, Topeka and Santa Fe Railway Company handling the shipment.

(b) On shipments originating on the Atchison, Topeka and Santa Fe Railway Company connections other than those referred to in paragraph (a) and moving via Santa Fe System Lines, which are placed under refrigeration on a Santa Fe System Line, or if instructions are changed to refrigeration on a Santa Fe System Line, the refrigeration service revenue will accrue to the last System Line of the Atchison, Topeka and Santa Fe Railway Company handling the shipment.

(c) When shipments originate on the Atchison, Topeka and Santa Fe Railway Company-Coast Lines and are placed under refrigeration on another Santa Fe System Line, the refrigeration revenue will accrue to the Atchison, Topeka and Santa Fe Railway Company-Coast Lines.

(Rule No. 700 concluded on following page.)

\*Neither an increase nor reduction in charges.

## DISPOSITION OF REFRIGERATION REVENUE

## Rule No. 700—Concluded:

## EXCEPTIONS—Concluded

2. Shipments originating on the Los Angeles Junction Railway Company or Yosemite Valley Railroad Company, transported under refrigeration, the entire refrigeration service revenue will be credited to the carrier shown below which first participates in the handling of the shipment:

Pacific Electric Railway Company.  
Southern Pacific Company (Pacific Lines),  
Union Pacific Railroad Company.

3. When shipments are placed under refrigeration on the rails of the Terminal Railroad Association of St. Louis at East St. Louis, Ill., the initial icing will be considered as being performed for account of the inbound road haul carrier and the refrigeration revenue will accrue to such carrier. When shipments are reiced on the rails of the Terminal Railroad Association of St. Louis at East St. Louis, Ill., such reicing will be considered as being performed for account of the outbound road haul carrier. Bill for the reicing will be rendered against the line to which the refrigeration revenue is credited by the outbound carrier.

4. On shipments originating on the Prescott and Northwestern Railroad Company and routed via the Missouri Pacific Railroad Company, the entire refrigeration service revenue will be credited to the Missouri Pacific Railroad Company.
5. On shipments originating on the San Luis Valley Southern Railway Company, the entire refrigeration service revenue, except as to allowances provided in paragraph C, will be credited to the Denver and Rio Grande Western Railroad Company.
6. On shipments originating on the Lewiston and Youngstown Frontier Railway Company and routed via Lewiston, N. Y., the entire refrigeration service revenue will be credited to the New York Central Railroad Company.
7. When retop icing on through shipments is performed at East St. Louis by the Terminal Railroad Association of St. Louis for account of connections, the charge as published in Rule No. 248 must be waybilled as advances by outbound carrier for collection by destination carrier. The Terminal Railroad Association of St. Louis will bill against outbound carrier for service performed.

Rule No. 800 of Section No. 8 appears on page 428.
